The words and expressions used but not defined in this Draft Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, 2013, the Securities and Exchange Board of India Act, 1992 (the “SEBI Act”), the SCRA, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 the Depositories Act and the rules and regulations made thereunder.

CERTAIN CONVENTIONS, PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Draft Red Herring Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to the “U.S.”, “USA” or the “United States” are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year

In this Draft Red Herring Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crores”. In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off.

Use of Financial Data

Unless the context requires otherwise, the financial information in this Draft Red Herring Prospectus is derived from our Restated Financial Statements. Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year, so all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year. Unless the context requires otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the year ended on March 31, of that calendar year.

The degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, Indian GAAP, the Companies Act and SEBI ICDR Regulations. Any reliance by persons not familiar with the aforementioned policies and laws on the financial disclosures presented in this Draft Red Herring Prospectus should be limited. There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide a reconciliation of its financial statements with Indian GAAP, IFRS or U.S. GAAP requirements. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. For further details in connection with risks involving differences between Indian GAAP and other accounting principles, see ***“Risk Factors - Significant differences exist between Indian GAAP and other accounting principles, such as Ind AS, IFRS and U.S. GAAP, which may be material to investors’ assessments of our financial condition, result of operations and cash flows.”*** on page 21 of this Draft Red Herring Prospectus.

Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

For additional definitions used in this Draft Red Herring Prospectus, see the section ***“Definitions and Abbreviations”*** on page 1 of this Draft Red Herring Prospectus. In the section titled ***“Main Provisions of the Articles of Association of our Company”***, on page 333 of the Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Certain Non-GAAP Measures and certain other statistical information relating to our operations and financial performance like EBITDA, EBITDA Margin, PAT Margin, and others, have been included in this Draft Red Herring Prospectus. We compute and disclose such Non-GAAP measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance. These Non- GAAP measures and other statistical and other information relating to our operations and financial performance may not be computed on the basis of any methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by the accounting standards and may not be comparable to similarly titled measures presented by other companies.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled ***“Basis for Issue Price”*** on page 100 of the Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

Currency of Financial Presentation

All references to “Rupees” or “INR” or “Rs.” or “₹” are to Indian Rupees, the official currency of the Republic of India. All references to “US\$” or “USD” are to United States Dollars, the official currency of the United States of America. Except where specified, including in the section titled ***“Industry Overview”*** throughout the Draft Red Herring Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in ***“Risk Factors”***, ***“Our Business”***, ***“Management's Discussion and Analysis of Financial Conditions and Results of Operations”*** on page 21, 122 and 243 respectively of this Draft Red Herring Prospectus, unless otherwise indicated, have been calculated based on our restated financial statements prepared in accordance with Indian GAAP.

The Draft Red Herring Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus includes certain “forward-looking statements”. We have included statements in the Draft Red Herring Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. However, these are not the exhaustive means of identifying forward looking statements. All forward-looking statements are based on our Company’s current plans, estimates, presumptions and expectations and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although, we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to the following:

1. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
2. Changes in focus or change in Government Policies towards Auto Components Industry;
3. Any change in government policies resulting in increase in taxes payable by us;
4. Our ability to retain our key managements persons and other employees;
5. Our ability to protect our intellectual property rights and not infringing intellectual property rights of other parties;
6. Our inability to accurately forecast demand for our products and manage our inventory;
7. Changes in laws and regulations that apply to the Auto Components Industry in which we operate;
8. Our failure to keep pace with rapid changes in technology;
9. Our ability to grow our business;
10. Our ability to make interest and principal payments on our existing debt obligations and satisfy the other covenants contained in our existing debt agreements;
11. General economic, political and other risks that are out of our control;
12. Company’s ability to successfully implement its growth strategy and expansion plans;
13. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
14. Inability to successfully obtain registrations in a timely manner or at all;
15. Occurrence of environmental problems & uninsured losses;
16. Conflicts of interest with affiliated companies, the promoter group and other related parties;
17. Any adverse legal proceedings initiated against our company or its promoters, directors and KMP’s;
18. Concentration of ownership among our Promoters; and
19. The performance of the financial markets in India and globally.

Certain information in “**Industry Overview**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on pages 110, 122 and 243, respectively, of this Draft Red Herring Prospectus have been obtained from the internal Company reports, publicly available data, websites, Industry publications report as well as Government Publications.

For further discussion of factors that could cause the actual results to differ from the expectations, see “**Risk Factors**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on page 21, 122 and 243 respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses in the future could materially differ from those that have been estimated and are not a guarantee of future performance.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward-looking statements reflect the current views of our Company as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although, we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Accordingly, we cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct and given the uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. None of our Company, our Promoters, our Promoter Group, our Directors, our KMPs, Senior Management, the Syndicate or any of their respective affiliates has any obligation to update or otherwise revise any statements reflecting circumstances arising

after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI ICDR Regulations, our Company will ensure that investors are informed of material developments from the date of this Draft Red Herring Prospectus until the date of Allotment.

SECTION II: RISK FACTORS

An investment in our Equity Shares involves a high degree of financial risk. Prospective investors should carefully consider all the information in the Draft Red Herring Prospectus, particularly the “Financial Information of the Company” and the related notes, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on page 179, 122 and 243 respectively of this Draft Red Herring Prospectus and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be found material collectively.*
- 2. Some events may have material impact qualitatively instead of quantitatively.*
- 3. Some events may not be material at present but may be having material impact in future.*

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Draft Red Herring Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” on page 21 and “Management Discussion and Analysis of Financial Condition and Results of Operations” on page 243 of this Draft Red Herring Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Restated Financial Statements”.

INTERNAL RISK FACTORS

- 1. We rely on a limited number of key customers and Original Equipment Manufacturer (OEMs), and loss or reduction in orders from any of these customers could materially affect our revenue and business operations.**

We derive more than 70 % of our revenue from operations from the sale of products to our top Five customers during the last 3 fiscal years and for the stub period ending September 30, 2025. The table below sets forth the revenue derived from our top Five customers and top Ten customers for the stub period and the Fiscals stated:

Particular	September 30, 2025		March 31, 2025		March 31, 2024		March 31, 2023	
	Amount	%	Amount	%	Amount	%	Amount	%
Top Five customer	9,161.71	73.36%	17,406.31	78.41%	14,665.90	84.42%	14,343.84	87.79%
Top Ten Customer	11,004.75	88.12%	20,118.98	90.63%	16,677.27	96.00%	16,176.40	99.01%

(Amt. in Rs. Lakhs)

We depend and expect to continue to depend on our top five and top ten customers for a substantial portion of our revenue. The loss of any of these customers for any reason (including due to loss of, or failure to renew existing arrangements; limitation to meet any change in quality specification, change in technology; disputes with a customer; adverse changes in the financial condition of our customers, such as possible bankruptcy or liquidation or other financial hardship) could have a material adverse effect on our business, results of operations and financial condition. Further, we generally do not enter into any long-term purchase agreements with these customers or if entered, these agreements set out the general terms and conditions of purchase and do not stipulate firm volume or sales commitments with our customers. We rely on purchase orders and delivery schedules issued by our customers from time to time that set out the price per unit, volume and other terms of sales for our products. However, such purchase orders/delivery schedules may be cancelled unilaterally with or without cause or there may be delays in lifting goods as per production schedule or no production schedule for an uncertain period of time, it may have an adverse impact on our revenue and results of operations. Also, there can be no assurance that our large customers will not cancel orders in the future which may have an impact on our results of operations and business in the future. Furthermore, there is no assurance that these customers will continue to source products from us at volumes or rates consistent with, and commensurate to, the amount of business received from them historically, or at all. Any decrease in the demand for our products from our top customers, or a termination of our arrangements altogether, would adversely impact our results of operations, financial condition and cash flow.

2. Our business and profitability is substantially dependent on the availability and cost of our raw materials, including Aluminium, and any disruption to the timely and adequate supply of raw materials, or volatility in the prices of raw materials may adversely impact our business, results of operations and financial condition.

Our cost of material consumed which primarily consists of Aluminium, other alloys, dies and consumables forms a significant portion of our total expenses. The majority of the raw material that we consume comprises Aluminium which is subject to fluctuation in commodity prices. The table below sets forth details on our cost of material consumed, including as a percentage of our revenue from operations, during the Fiscals stated:

(Amt. in Rs. Lakhs)

Particular	September 30, 2025		March 31, 2025		March 31, 2024		March 31, 2023	
	Amount	%	Amount	%	Amount	%	Amount	%
Cost of material consumed	5,742.79	45.98%	10,078.26	45.40%	7,622.53	43.88%	7,484.47	45.81%

We procure our raw materials from third parties based on purchase orders and generally do not have firm commitments from our suppliers. The absence of long-term contracts at fixed prices and the need to maintain a continued supply of raw materials may make it difficult to resist price increases imposed by our suppliers or loss of suppliers may have an adverse effect on our business, results of operations and financial condition. We are therefore exposed to volatility in the prices of raw materials. While we seek to pass on the increase in cost of metals, especially Aluminium to our customers, our cash flows may be adversely affected in case of a gap in time between the date of procurement of our raw materials and the date on which we can reset the component prices for our customers, to account for the increase in the prices of such raw materials which may have an adverse effect on our business, results of operations and financial condition.

3. We depend on third parties for the supply of raw materials and do not have firm commitments for supply or exclusive arrangements with any of our suppliers. Loss of suppliers may have an adverse effect on our business, results of operations and financial condition.

We do not generally have firm commitments for the supply of raw materials and rely on purchase orders and delivery schedules for the procurement of raw materials. We procure our raw materials by way of entering into general purchase arrangements, which set out the general terms and are supplemented by purchase orders wherein the pricing, scheduling and delivery details are set out. We depend on third-party suppliers for our raw materials that we procure from them which are typically valid until terminated by either party by giving prior notice. We may be unable to source such commodities from alternative suppliers on similar commercial terms and within a reasonable timeframe. Furthermore, as we are subject to applicable laws in relation to our operations including strict quality requirements specified by customers, our supplier base is limited, which increases the risk of being unable to make alternative arrangements. While our suppliers have not terminated their arrangements with us at short notice in the last three Fiscals or stub period ending September 30, 2025, we may be unable to find suitable alternatives in the event our suppliers terminate their engagements with us in the future. Furthermore, as we typically do not have exclusive arrangements with our suppliers, our suppliers could engage with our competitors and prioritize supplies of their other customers, which could adversely impact our ability to procure a sufficient quantity of raw materials at competitive rates. The table below sets forth the contribution of our Top 5 and Top 10 suppliers to our purchases for the Fiscals stated:

(Amt. in Rs. Lakhs)

Particular	September 30, 2025		March 31, 2025		March 31, 2024		March 31, 2023	
	Amount	%	Amount	%	Amount	%	Amount	%
Top Five Supplier	3,441.50	52.23%	4,980.89	46.30%	3,926.11	52.60%	4,121.37	54.14%
Top ten Supplier	4,195.56	63.68%	6,376.34	59.28%	4,901.06	65.66%	5,442.02	71.49%

Ultimately, our success depends on the uninterrupted supply of raw materials to our manufacturing facilities which is subject to various uncertainties and risks. Failure to maintain a continuous supply of raw materials may result in our inability to manufacture and supply products to our customers in accordance with the respective contract and on a timely basis which could have a material and adverse effect on our business, results of operations and financial condition.

4. A significant portion of our revenue from operations in each of the last three Fiscals and stub period is attributable to the automotive sector. Any adverse changes in the automotive sector could adversely impact our business, results of operations and financial condition.

Our business has been and continues to be concentrated on providing automotive components to customers and original equipment manufacturers (“OEMs”) engaged in the automobile sector, and is therefore heavily dependent on the performance of the automotive sector in India. The table below sets forth the contribution from the automotive sector to our total revenue from operations for the Fiscals stated:

(Amt. in Rs. Lakhs)

Particular	September 30, 2025		March 31, 2025		March 31, 2024		March 31, 2023	
	Amount	%	Amount	%	Amount	%	Amount	%
Automobile Sector	8745.02	70.02	15994.75	72.05	13875.40	79.87	13,707.20	83.90
EV Sector	1113.34	8.91	1941.44	8.75	1064.79	6.13	574.10	3.51
Non-automobile Sector	2630.44	21.06	4263.73	19.21	2432.03	14.00	2,056.62	12.59
Total	12488.80	100.00	22199.93	100.00	17372.22	100.00	16337.92	100.00

The performance of the Indian automotive sector is dependent on numerous social and economic factors, including demographic trends and preferences, employment and income levels, affordability of vehicle, changes in government policies, economic conditions, availability of finance and interest rates. While revenue from the automotive sector has since increased year-on-year over the last three fiscals, there can be no assurance that we will not be affected by any significant events impacting the automotive sector in India in the future. As the automotive sector is subject to changes in regulatory or industry requirements, or in competitive technologies, our ability to continue to generate consistent volume of business from the automotive sector depends on our ability to develop and introduce new products in a timely manner. However, there can be no assurance that we will be able to secure the necessary technological knowledge or capabilities which will allow us to expand our product portfolio in a timely manner or at all. Further, we may not be able to successfully develop, engineer, and bring to market new and innovative and/or improved products, or respond to evolving business models (including electric vehicle). Any failure to successfully develop, launch and market new products and a deterioration of the automotive sector as a whole could adversely affect our business and results of operations. Further, the demand for vehicles in the automotive industry is cyclical in nature and subject to changes in government policies affecting the automotive and electric vehicle sectors, any demand fluctuations or change in the government policies affecting the automotive sector may adversely affect our revenues and business operations.

5. Our operations are subject to environmental, health and safety laws, which could result in material liabilities in the future.

We are subject to various environmental, health and safety laws, regulations, and customer specifications in the jurisdictions in which we operate. Our manufacturing processes and products are required to comply with stringent quality, safety, and environmental standards, and additional or more stringent laws and regulations may be introduced from time to time. There can be no assurance that such requirements will not become more onerous, which could increase our compliance costs or restrict our operations. The nature of our manufacturing activities involves inherent occupational and operational risks, including explosions, fires, mechanical failures, releases or discharges of hazardous substances, chemicals or gases, and other environmental and safety hazards. Our operations may also result in work-related injuries, including burn, cut, or crush injuries. While we conduct internal investigations and have implemented policies and procedures aimed at minimizing the risk of accidents, there can be no assurance that fatalities, accidents, or other incidents will not occur at our facilities in the future. Any such occurrence could result in claims, liabilities, or reputational harm. Although we maintain insurance coverage for personal injury and related claims, such coverage may not be sufficient to cover all losses, and any claims exceeding our insurance limits could adversely affect our business, financial condition, results of operations, and cash flows. Further, we are subject to numerous environmental laws and regulations governing, among other things, air emissions, waste-water discharges, and the handling, storage, transportation, and disposal of hazardous substances and waste. Under applicable environmental laws, we may be held liable, regardless of fault, for the remediation of contamination at our facilities, as well as for damages arising from human exposure to hazardous substances or harm to natural resources, which could result in substantial costs. Failure to comply with applicable environmental, health and safety laws, regulations, or permits could subject us to penalties, fines, operational restrictions, suspension or interruption of operations, or other regulatory sanctions. Any of the foregoing events, individually or in the aggregate, could have a material adverse effect on our business, financial condition, results of operations, and cash flows.

6. Our proposed expansion plans relating to the manufacturing facilities in Pune, Maharashtra are subject to the risk of unanticipated delays in implementation and cost overruns.

We intend to scale up our annual production capacity by establishing a new manufacturing facility at Gat Nos. 382, 383, 386, 387 and 312, Village – Khed, Taluka – Khed, District – Pune – 410501, Maharashtra, India, utilizing the net proceeds from the IPO. For further details, see “**Our Business**” and “**Objects of the Issue**” on page 122 and 86. The said premises have been taken on lease with effect from April 23, 2025 for a period of five years commencing from September 1, 2025 to August 30, 2030. The lease and licence arrangement is subject to renewal upon expiry based on mutual agreement between our Company and the licensor. There can be no assurance that the lease will be renewed on commercially acceptable terms or at all. If we are required to vacate the premises, we may need to secure alternate premises and infrastructure, which may not be available on favourable terms and could disrupt our operations and adversely affect our business, results of operations, financial condition and cash flows.

We also propose to establish a magnesium casting facility at Gat No. 201/1, Village – Mahalunge, Taluka – Khed, District – Pune – 410501, Maharashtra, India, marking our entry into a new segment distinct from our existing aluminium casting operations. As we have limited prior experience in magnesium casting, we may face risks relating to technology stabilisation, process optimisation, quality control, raw material sourcing, skilled manpower availability and customer acceptance. There can be no assurance that we will be able to successfully commercialise magnesium products or achieve expected capacity utilisation and profitability.

Further, the implementation and operationalisation of the proposed facilities are subject to various risks and uncertainties, including delays in obtaining or failure to obtain requisite governmental, statutory, environmental, approvals from our customers / OEMs and other approvals, delays in securing utilities such as electricity connections, occurrence of force majeure events, site-related accidents or third-party claims, and constraints in the availability or timely deployment of funds. Any delay, disruption or cost overrun may increase pre-operative expenses, project costs, interest and finance charges, working capital requirements and compliance costs, potentially resulting in the projects exceeding estimated timelines and budgets. If our assumptions regarding demand, capacity utilisation or financial projections do not materialise, we may be unable to realise the anticipated benefits or recover the investments made. Although we have not experienced material delays or cost overruns in the last three Fiscals and stub period, there can be no assurance that similar issues will not arise in relation to the proposed facilities, which could have a material adverse effect on our business, prospects, results of operations and financial condition.

7. *We have substantial capital expenditure and working capital requirements and may require additional financing to meet those requirements, which could have an adverse effect on our results of operations and financial condition.*

Our business is capital intensive as we seek to add and upgrade our existing manufacturing facilities, increase our product portfolio and invest in researching and developing new technologies and products, among others. For Fiscals 2023, 2024, 2025 and for the stub period ending September 30, 2025, our additions to property, plant and equipment were ₹ 967.55 lakhs, ₹ 1,244.36 lakhs, ₹ 1,997.53 lakhs and ₹ 1,235.80 lakhs respectively. The actual amount of our future capital requirements may differ from estimates as a result of, among other factors, unforeseen events beyond our control, such as unforeseen delays or cost overruns, unanticipated expenses, regulatory changes, economic conditions, engineering design changes, weather related delays, technological changes, additional market developments and new opportunities in the precision components industry. Our sources of additional financing where required to meet our capital expenditure plans may include the incurrence of debt, the issuance of equity or debt securities or a combination of both. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, which may have a significant adverse effect on our profitability and cash flows. We may also become subject to additional covenants, which could limit our ability to access cash flows from operations and undertake certain types of transactions. Any issuance of equity, on the other hand, could result in a dilution of the shareholding of existing shareholders. In many cases, a significant amount of our working capital is required to finance the purchase of raw materials and the designing and manufacturing of products before payments are received from customers. Our working capital requirements may increase if the payment terms in our agreements or purchase orders include reduced advance payments or longer payment schedules. These factors may result, and have in the past resulted in, increases in the amount of our receivables and current borrowings. Continued increases in our working capital requirements may have an adverse effect on our results of operations and financial condition.

8. *Pricing pressure from our customers or our inability to fully pass on costs to our customer, may impact our revenue from operations and profitability and may result in a materially adverse effect on our business, results of operations and financial condition.*

We typically supply products to our customers pursuant to purchase orders issued by them. Since such purchase orders are generally finalised prior to commencement of production, we are exposed to the risk of increase in raw material and other input costs, particularly aluminium and other metals, between the date of receipt of the purchase order and the date of manufacture and supply. Some of our customers allow us to make adjustments which are typically effected through exchange of debit and credit notes between the parties based on the agreed price revision mechanism. However, there can be no assurance that we will always be able to fully pass on increases in raw material or other input costs to our customers in a timely manner or at all. Our ability to pass on such increases depends on the terms of our arrangements with customers and the nature of our commercial relationships. To the extent pricing is determined or substantially influenced by our customers, our ability to independently negotiate or firm up revised prices may be limited. Even where contractual mechanisms exist for price revisions, there is usually a time lag between procurement of raw materials and the implementation of revised pricing, which may adversely impact our margins, cash flows and working capital requirements. Further, in order to remain competitive, we may be required to absorb discounts, price reductions or other commercial

concessions sought by customers from time to time. Although we have remained profitable in the last three Fiscals and the stub period, if we are unable to adequately negotiate, revise or recover increased costs, or if there are delays in price finalisation and settlement through debit or credit notes, our profitability, margins, return ratios and financial condition could be materially adversely affected.

9. *The restated financial statements have been provided by peer reviewed chartered accountants who is not statutory auditor of our Company.*

The restated financial statements of our Company for the period ended September 30, 2025 and financial year ended March 31, 2025, 2024 and 2023 have been provided by a peer reviewed chartered accountants who is not statutory auditor of our Company because of certain preoccupation of our statutory auditor. Our statutory auditor also holds a valid peer review certificate but we have appointed another peer reviewed firm for preparation of the restated financial of our company.

10. *Our incremental business pipeline may not be indicative of our future growth rate or new business orders we will receive in the future. Further, we may not realize all of the revenue expected from our incremental business pipeline which may adversely affect our business operations & result of operation.*

The amount of our sales to the customers, including the realization of future sales from awarded business or obtaining new business or customers, is inherently subject to a number of risks and uncertainties, including the accuracy of customer estimates relating to the volumes to be produced and sold and the timing of such production. Typically, we participate in a lengthy and rigorous vendor selection process with our customers, which can take substantial time from the date of the issue of a request for information or request for quote for securing new business. For more details on our customer acquisition process, see **“Our Business - Sales and Marketing”** on page 122. Upon winning a business, we expect to receive all or a sizable portion of revenue from it. However, there is no assurance in relation to the sales volumes and revenue that the awarded business will eventually generate for us. Further, our customers may, due to various reasons, delay or cancel the launch of a new vehicle/product for which we have been awarded a contract to manufacture one or more parts for or divert from the suppliers domestically to global players pursuant to changes in geopolitical scenarios. Since we do not have firm commitment long-term supply agreements with our customers, we may not have any recourse in the event of an unexpected delay or cancellation of a new vehicle/product for which we have been awarded a contract to manufacture one or more parts for. We base our growth projections, in part, on volume projections given to us by our customers. Under the letter of intent or purchase orders, our customers provide us only with forecast volume for the program and there is no commitment on the part of the customer to purchase the quantities specified in the volume projections. Such volume projections are based on a number of economic and business factors, variables and assumption, some or all of which may change or may not be accurate. Accordingly, our business pipeline and growth projections are not necessarily an accurate indication of what our actual sales and revenues from such orders will be, nor does it purport to project our results of operations, financial position or cash flows for any future period or date. Accordingly, we may not be able to realize all of the future sales represented by our business pipeline and this could have a material adverse effect on our business, cash flows, financial condition and results of operations.

11. *We are subject to strict performance requirements, including, but not limited to, quality, delivery and development activities, and any failure by us to comply with these performance requirements may lead to the cancellation of existing and future orders, recalls or warranty and liability claims.*

As a precision engineered component manufacturer, we are engaged in the production and supply of critical and complex components with close tolerances, for which we warrant conformity to specifications and/or drawings provided by our customers and continued usage of the product for a specified time or cycles. Given the nature of our products and the sectors we cater to, product defect issues or our products failure to comply with quality or regulatory standards may lead to the cancellation of existing and future orders, product recalls and warranty and liability claims, any of which could have a material adverse effect on our business, financial condition, results of operations and cash flows. Further, we are required to undertake or provide guarantees for such quality and delivery related obligations, which may or may not be capped. Depending on the terms under which we supply products, if we supply defective products, our customers may hold us responsible for repair or replacement costs of defective products and the costs of product recalls, product liability or warranty claims, which could adversely affect our reputation and business and, to the extent not covered by insurance, our results of operations, financial condition and cash flows. In addition, if our supply of defective products causes our customers to fail to comply with applicable regulations, it may also cause adverse consequences to be imposed on us, including warning letters, fines, injunctions, civil penalties, the refusal of regulatory authorities to grant approvals, delays, suspensions or withdrawal of approvals, license revocation, seizures or recalls of products, operating restrictions and criminal prosecutions, any of which could materially harm our reputation, business, results of operations, financial condition and cash flows.

Furthermore, we may be subject to liability claims by third parties in the event that the use of any of our products results in personal injury or property damage, which could adversely affect our reputation and business and, to the extent not covered by insurance, our results of operations, financial condition and cash flows. Defect issues or our products’ failure to comply with quality standards could be caused by defects or quality issues in the products we buy from third parties and incorporate into the products we manufacture. There can be no assurance we would be able to recover from such third parties any losses we incurred as a result of any defects or failure of our products to comply with quality standards caused by products supplied to us by such third parties. We have had warranty

claims made against our products in the ordinary course of our business. We cannot guarantee that we can continue to comply with all regulatory requirements or the quality standards required by our customers. Further, due to the long useful life of some of our products, latent defects may only become apparent after several years, which could result in future claims or liability.

Also, our products are manufactured as bespoke items based on the specific technical requirements of individual customers and are generally not standardized for sale in the open market. Accordingly, such products are typically suitable only for the respective customer for whom they are manufactured. In the event a customer cancels, delays or modifies an order after production has commenced, we may face difficulties in selling such products to other customers, which may result in inventory accumulation, write-offs or loss of revenue.

12. The name of one of our Promoters and Non-Executive Director, Vaishali Dakshendra Agrawal and one of our Senior Management Personnel, Shekhar Sharadchandra Dravid have appeared in the list of disqualified directors in the past.

One of our Promoters and Non-Executive Director, Vaishali Dakshendra Agrawal, was previously included in the list of disqualified directors for the period from November 01, 2016 to October 31, 2021, arising from their association with a company that was compulsorily struck off by the Registrar of Companies (ROC). The disqualification resulted from statutory action taken against the said company and was not attributable to any personal misconduct or violation by Vaishali Dakshendra Agrawal. The company with which Vaishali Dakshendra Agrawal was earlier associated has since been compulsorily struck off by the ROC, and following such strike-off, Vaishali Dakshendra Agrawal has no association or connection with the said entity in any capacity. The matter is limited to the struck-off company and does not have any impact on the operations, governance, or compliance of our company. Vaishali Dakshendra Agrawal continues to contribute positively to the strategic direction of our company, and we remain committed to upholding the highest standards of corporate governance, compliance, and integrity.

Further, one of our Senior Management Personnel, Shekhar Sharadchandra Dravid, was previously included in the list of disqualified directors for the period from November 01, 2016 to October 31, 2021, arising from their association with a company that had failed to file financial statements or annual returns for continuous period of 3 financial years.

13. Any failure to compete effectively in the highly competitive precision components industry could have a material adverse effect on our business, financial condition, results of operations and cash flows.

We face competition in India and overseas in our business, which is based on many factors, including product quality and reliability, breadth of product range, product design and innovation, technology, manufacturing capabilities, scope and quality of service, price and brand recognition. We compete with domestic and global competitors to retain our existing business as well as to acquire new business. Some of our competitors may have certain advantages, including greater financial, technical and/ or marketing resources, which could enhance their ability to finance acquisitions, fund international growth, respond more quickly to technological changes and/ or operate in more diversified geographies and product portfolios. In addition, some of our competitors may be able to produce similar or equivalent products at lower costs than we can produce them. Additionally, we may face competitive price pressures from lower-cost manufacturers and we expect such price pressures to increase as our customers continue to expand their manufacturing footprints in emerging markets, thereby providing opportunities for local manufacturers to compete. Accordingly, we may not be able to compete effectively with our competitors, which may have an adverse effect on our business, financial condition, results of operations and cash flows. Further, manufacturers that do not currently compete with us could expand their product portfolios to include products that would compete directly with ours. Changes in the product focus of larger manufacturers could also result in such manufacturers establishing relationships with our customers that may reduce or entirely replace our business with those customers. Any of these factors could have a material adverse effect on our business, financial condition, results of operations and cash flows.

14. The availability of counterfeit products, our failure to keep our technical knowledge confidential, or our inability to obtain and protect our intellectual properties may have adverse effects on our business and results of operations.

Entities could pass off their own products as ours, including producing counterfeit or pirated products. As a result, our market share could be reduced due to replacement of demand for our products and any deficiency in the quality of the counterfeit products will adversely affect our reputation and goodwill with customers. The proliferation of counterfeit and pirated products, and the time and attention lost to defending claims and complaints about counterfeit products could have an adverse effect on our goodwill and our business prospects, while our results of operations and financial condition could suffer. As on the date of this Draft Red Herring Prospectus, we have applied for the registration of one trademark for which the current status is Formalities Chk Pass. But, if our Company is unable to register the trademark, we may still continue to use the logo but remain vulnerable to infringement and passing off by third parties and will not be able to enforce any rights against them. We may also need to change our logo which may adversely affect our reputation and business and could require us to incur additional costs. As a result, our rights in such marks are limited to common law rights, if any, and may be difficult to enforce against third parties. There can be no assurances that our Company will be able to successfully register such trademarks in the future. Any failure to obtain registration, or any delay therein, may expose us to the risk of infringement claims by third parties, require us to rebrand our products, or prevent us from using our current trade name or logos, which could adversely affect our brand recognition, reputation, customer confidence, and business operations. Furthermore,

we possess technical knowledge and know-how about our products, including, in particular, engineering drawings, data and manufacturing processes and materials expertise, machine building and automation capabilities that have been built up through our own research and development capabilities and grant us access to new technologies. We cannot be certain that our technical knowledge will remain confidential. For details of our registered trademarks, see **“Government and Other Approvals – Intellectual Property Rights”** on page 273. Certain proprietary knowledge may be leaked, either inadvertently or wilfully, at various stages of the production process. A significant number of our employees have access to confidential design and product information and there can be no assurance that this information will remain confidential. Moreover, certain of our employees may leave us and join our various competitors. Although we may seek to enforce non-disclosure agreements to protect our technical knowledge and other confidential information, we cannot guarantee that we will be able to successfully enforce such agreements. We also enter into non-disclosure agreements with a number of our customers and suppliers, but we cannot assure you that such agreements will be successful in protecting our technical knowledge and know-how. The potential damage from such disclosure is increased as our designs and products are not patented and thus, we may have no recourse against copies of our products and designs that enter the market subsequent to such leakage. In the event that the confidential technical information in respect of our products or business becomes available to third parties or to the general public, any competitive advantage we may have over other companies in the precision components industry could be compromised. If a competitor is able to reproduce or otherwise capitalise on our technology, it may be difficult, expensive or impossible for us to obtain necessary legal protection. Moreover, we may not be able to detect any unauthorised use or to take appropriate and timely steps to protect our confidential technical information. Consequently, any leakage of confidential technical information may have a material adverse effect on our business, financial condition, results of operations and cash flows.

15. We are dependent on contract labour and if we are unable to obtain the services of skilled and unskilled workmen at reasonable rates it will have an adverse effect on our business and results of operations. In addition, we may also be held responsible for paying the wages or statutory obligations of such workers if the independent contractors default on their obligations to them, and such obligations could have an adverse effect on our cash flows, our results of operations and financial condition.

Our workforce comprises both employees and contract workmen. As at December 31, 2025, we engage over 700 contract workmen across various levels of our manufacturing operations. For Fiscal 2023, Fiscal 2024, Fiscal 2025, and the stub period ended September 30, 2025, our contract labour charges were ₹ 1,149.59 lakhs, ₹ 1,293.79 lakhs, ₹ 1721.51 lakhs, and ₹ 1,124.28 lakhs, respectively, while our employee benefit expenses were ₹ 1468.64 lakhs, ₹ 1657.87 lakhs, ₹ 2011.88 lakhs, and ₹ 1193.68 lakhs, respectively. To maintain operational flexibility and control costs, we engage independent contractors who, in turn, deploy on-site labour to perform certain of our manufacturing and support operations. Our ability to operate efficiently depends on the continued availability of skilled and unskilled contract workmen at commercially reasonable rates. Any inability to obtain or retain such workmen could adversely affect our production schedules, business operations, and results of operations. Our manufacturing processes are increasingly reliant on technology-driven systems, and any inability of contract workmen to effectively adapt to or operate such systems could negatively impact productivity, quality, and operational efficiency. Further, although these labourers are engaged by independent contractors and not directly by us, applicable labour laws may require us to make wage payments to such labourers in the event of a default by the contractor. While amounts paid in such circumstances may be recoverable from the relevant contractor, there can be no assurance that such recovery will be timely or successful. Any obligation to fund wage payments could adversely affect our cash flows pending recovery, and any failure to recover such amounts could have an adverse effect on our results of operations and financial condition. In addition, any adverse order or direction from a regulatory authority or court relating to contract labour arrangements could increase our operating costs, reduce our flexibility to scale our workforce in response to changes in demand, and have a material adverse effect on our business and results of operations.

16. We require certain licenses, permits and approvals in the ordinary course of business, and failure to obtain or retain them in a timely manner may have a material adverse effect on our business and results of operations.

We are required to obtain and maintain a number of licenses, registrations, approvals and permits from various governmental and regulatory authorities for carrying out our business and for each of our manufacturing facilities and corporate office. While we believe that we have acquired the necessary approvals, permits and licenses essential for our business operations, we cannot guarantee that we have identified every statutory or regulatory requirement that may apply to our operations. Additionally, some of these approvals have finite durations and mandate periodic renewals. We are obligated to ensure the renewal of these permits, licenses, and approvals. Failure by us to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations. Some of our approvals continue to reflect the previous name of our Company, for which applications have been filed with the relevant authorities to update such approvals to reflect our current name. However, in certain cases, the requisite applications are yet to be filed. We cannot assure you that the necessary updates will be effected in a timely manner or without conditions. Further, we are not able to trace the original PF Registration Certificate and Professional Tax Registration Certificate, we have submitted applications to the concerned authorities for issuance of duplicate certificates. Further, we are yet to apply for change in the registered office address of the Company in Professional Tax Enrolment Certificate which continue to reflect the old address.

Further, the licenses, permits and approvals required by us are subject to several conditions and we cannot assure you that we will be able to continuously meet such conditions, which may lead to cancellation, revocation or suspension of the relevant licenses, permits and approvals. If there is any failure by us to comply with the applicable regulations or if the regulations governing our business are amended, we may incur increased compliance costs, be subject to penalties, have our licenses, approvals and permits revoked or suffer a disruption in our operations, any of which may have a material adverse effect on our business and results of operations. For further details regarding the material approvals, licenses, registrations and permits, which have not been obtained by our Company or are, pending renewal, see **“Government and Other Approvals”** on page 265 of this Draft Red Herring Prospectus.

17. Some of our manufacturing facilities including certain portion of Unit II, proposed manufacturing Unit III and Proposed manufacturing Unit IV are located on leasehold premises. If we are unable to renew existing leases or relocate our operations on commercially reasonable terms, there may be an adverse effect on our business, financial condition and operations.

We have taken on lease our Manufacturing facility II located at Gat No. 251/1, Plot No. 9, 10, 11, 13 (old GAT No. 2787/1), Talegaon Chakan Road, Kharabwadi, Chakan Industrial Area, Pune, Maharashtra, 410501, proposed manufacturing facility III and IV located at Gat No. 382, 383, 386, 387, 312 Village, Tal. - Khed, Dist. - Pune – 410501, India and Gat No. 201/1, Village - Mahalunge, Tal. - Khed, Dist. - Pune – 410501, India respectively for a period of 5 years and are subject to risks arising out of non-ownership of such property. For further details, see **“Our Business”** on pages 122. The lease periods and rental amounts for these properties vary on the basis of their locations. The lease and license arrangement is subject to renewal upon expiry and is contingent upon mutual agreement between our Company and the licensor. We cannot assure you that we will be able to renew our leases on acceptable terms or at all. In the event that we are required to vacate our current premises, we would be required to make alternative arrangements for new premises and other infrastructure and we cannot assure that the new arrangements will be on acceptable terms. If we are required to relocate our business operations or shut down our manufacturing units during this period, we may suffer a disruption in our operations or have to pay increased charges, which could have an adverse effect on our business, prospects, results of operations and financial condition. We have not faced any such instances where our leases were not renewed in the past three Financial Years and the six months ended September 30, 2025. Any such non-compliance may limit the enforceability of the concerned agreements and expose the Company to potential legal or operational challenges in the event of disputes over occupancy or use of such properties. Further, if such deficiencies are not rectified in a timely manner, the Company may be exposed to litigation risk, operational interruptions or regulatory queries, which could have an adverse effect on our business, financial condition and results of operations.

18. We rely on financing from banks or financial institutions to carry on our business operations, and inability to obtain additional financing on terms favourable to us or at all could have an adverse impact on our financial condition. If we are unable to raise additional capital, our business and future financial performance could be adversely affected.

As of September 30, 2025, we had total outstanding financial indebtedness of ₹ 3,759.02 Lakhs from banks or financial institutions. Our existing operations and execution of our business strategy may require substantial capital resources and we may incur additional debt to finance these requirements in the future. However, we may be unable to obtain sufficient financing on terms satisfactory to us, or at all. If interest rates increase it will be more difficult to obtain credit. We strive to maintain sound financial practices, including timely repayment of obligations, any instances of delays may impact investor confidence and our ability to meet future financial commitments. Despite our proactive measures to address challenges and improve our financial position, there remains a risk of defaults or continued delayed repayments, which could adversely affect our reputation and creditworthiness.

Additionally, we are party to certain shareholders' agreements for issuance of equity shares and financing documents relating to our short-term and long-term borrowings (secured and unsecured) which contain restrictive covenants. Such covenants may, inter alia, limit our ability to modify our capital structure, issue additional securities, declare dividends, incur further indebtedness, create encumbrances, undertake mergers, demergers or other restructuring transactions, or dispose of material assets. Further, any additional capital raised through the issuance of Equity Shares may result in dilution of the shareholding and voting rights of our existing shareholders.

We will continue to incur significant expenditure in maintaining and growing our existing infrastructure. We cannot assure you that we will have sufficient capital for our current operations, any future expansion plans that we may have and our ability to complete such expansion plans. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, timely repayments of dues, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner. Any unfavourable change to terms of borrowings may adversely affect our cash flows, results of operations and financial conditions. If we decide to meet our capital requirements through debt financing, we may be subject to certain restrictive covenants. If we are unable to raise adequate capital in a timely manner and on acceptable terms, or at all, our business, results of operations, financial condition and cash flows could be adversely affected. For further details in this regard, please refer to chapter titled **“Statement of Financial Indebtedness”** beginning on page 237 of this Draft Red Herring Prospectus.

There can be no assurance that we will be able to comply with our current financing agreements or continue to access funds, including by way of short-term borrowings, on acceptable terms or at all. While we seek to mitigate against such risks by exploring favourable funding options from banks/financial institutions, there is no assurance that we will be successful in doing so. Any failure to obtain

the requisite funds to meet our requirements or expand or modernize existing capabilities could result in our inability to effectively compete with other players in the industry, which could have a material adverse effect on our profitability, cash flows and results of operations.

19. *Our Company was incorporated in 1992 and we are unable to trace some of our historical records and certain of our corporate records relating to forms filed with the Registrar of Companies in respect of Allotment of Equity Shares, increase in authorized share capital, appointment of Statutory Auditor, change in registered office, appointment of directors (if any), filing of financial statements etc. We cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in the future in relation to the missing filings and corporate records, which may impact our financial condition and reputation.*

We do not possess some of the prescribed forms filed with the Registrar of Companies, Pune, Maharashtra, particularly relating to forms filed, inter alia, in respect of allotments of equity shares, increase in authorized share capital, appointment of statutory auditor, change in registered office, appointment of directors, filing of financial statements etc. Although we have obtained a search report dated March 13, 2026 from a Practicing Company Secretary, I. U. Thakur, in relation to records maintained by ROC in the physical form, but still, information relating to above mentioned forms filed by the Company could not be traced. In addition, certain historical records of the Company are not available and are believed to have been misplaced over time during the shifting of the registered office of the Company in the past. Thus, the history of our company with regards to allotments of equity shares, appointment of statutory auditor, change in registered office, appointment of directors, filing of financial statements etc. presented in this Draft Red Herring Prospectus is based on the limited information available with the Company. While our Company believes that these ROC forms were duly filed on a timely basis, we cannot assure you that all the aforementioned forms filed with ROC will be available in the future. Further, due to the non-availability of the requisite statutory records, we may not be able to present the requisite documentary evidence to validate our point which may lead to any penal actions being taken against the Company and its operations may get adversely affected.

20. *We are required to obtain and maintain quality and product certifications for our manufacturing operations.*

Our manufacturing operations and the market acceptance of our products are dependent on our ability to obtain and maintain various quality and product certifications in accordance with applicable laws, regulations, specifications and customer requirements. In certain jurisdictions and for certain customers, such certifications are mandatory or are commercially necessary for the sale of products or components manufactured by us. Further, certain customers require us to comply with specified quality standards and to undergo periodic audits, assessments and inspections to demonstrate continued compliance with such standards. While we currently hold the requisite certifications and are compliant with the applicable requirements in the relevant jurisdictions, and none of our material certifications have been revoked to date, there can be no assurance that we will be able to obtain, renew or maintain such certifications on a timely basis or at all in the future. Any failure to comply with, obtain, renew or maintain these certifications, including as a result of changes in applicable regulations, standards or customer requirements, adverse audit findings or non-compliances, could restrict our ability to manufacture or supply products to certain customers or markets and may have a material adverse effect on our business, results of operations, financial condition and cash flows.

21. *Our Promoters and Directors, Anil Shivajirao Kulkarni and Rahul Sohanlal Ranka and Independent Director, Viren Ajit Joshi, were previously associated with companies that were voluntarily struck off from the register of companies. Any such past or future association may be perceived unfavourably by investors, regulators, or other stakeholders.*

Anil Shivajirao Kulkarni and Rahul Sohanlal Ranka, our Promoters and Directors, were previously associated as directors in Jayshree Die Castings Private Limited, which was voluntarily struck off from the records of the Registrar of Companies. Also, one of our Independent Directors, Viren Ajit Joshi, was previously associated as director in Vivaa Consultants Private Limited and Vivaa Insurance Broking Private Limited, which were voluntarily struck off from the records of the Registrar of Companies. While such strike-off was carried out voluntarily and not due to any regulatory action, penal proceedings, or defaults, the past association of our directors with the company that has been struck off may be perceived unfavorably by investors, regulators, or other stakeholders. This strike-off, however, do not have any adverse impact on our Company or its business operations.

22. *Some of our employees are members of unions and we may be subject to industrial unrest, slowdowns and increased wage costs, which may adversely affect our business and results of operations.*

We operate manufacturing facilities in Pune and are subject to stringent labour legislation in place that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal, and legislation that imposes certain financial obligations on employers upon retrenchment. As of January 31, 2026, six of our employees were members of labour unions. Accordingly, it may be difficult for us to maintain flexible labour policies and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention. Labour unrest or work stoppages or other slowdown at one or more of our manufacturing facilities may cause us to experience a significant disruption of our operations and to pay penalties for the late delivery of our products. Labour unrest or strikes associated with our operations could also damage our reputation with customers or in the market generally. We may be required to enter into wage

settlement agreements, including revised wage structures, exgratia payments, attendance bonuses and the provision or enhancement of insurance policies with unions or work councils under which we incur certain obligations or agree to certain limitations or conditions for a period of time with respect to certain personnel, workplaces, departments or product lines. If a greater percentage of our work force became unionised, our labour costs may increase. Any increase in labour costs in India may make us less competitive unless we are able to increase our efficiency and productivity proportionately and we can pass on such costs in the prices that we charge our customers. Any significant increase in our labour costs may have an adverse effect on our business, results of operations and financial condition. In addition, our collective bargaining agreements are subject to renegotiation with the unions from time to time and it is possible that employees could demand for arrangements that could cause us to incur higher employment costs. Such agreements or arrangements could limit our ability to adjust workforce headcounts or salaries or to restructure our business in response to difficult economic conditions. This reduced flexibility could have an adverse effect on our business, results of operations and financial condition.

23. Initial investment requirements and operational inefficiencies relating to new products and OEM approval processes could have a material adverse effect on our results of operations and financial condition.

New products that our customers commission us to develop and manufacture often involve significant initial investments and pre-production expenditures, including costs relating to product design and development, material sourcing, testing and validation in accordance with customer specifications and approval processes, as well as the establishment of additional production lines or new manufacturing facilities, where required. If we are unable to recover these initial investments, manage our labour and equipment resources efficiently, or accurately estimate the time and resources required for the development and commercialisation of new products, our results of operations may be adversely affected. Further, if any such new products are discontinued or if our OEM customers reduce volumes or transition to alternate suppliers, our results of operations may be adversely affected, particularly in the short term. Accordingly, we may not be able to adequately recover these initial investments or replace the anticipated revenues from such new products, which could have a material adverse effect on our results of operations and financial condition.

24. There are certain discrepancies/ errors noticed in some of our corporate records relating to forms filed with the Registrar of Companies and other provisions of Companies Act, 1956/2013. Any penalty or action taken by any regulatory authorities in future, for non-compliance with provisions of corporate and other law could impact the reputation and financial position of the Company to that extent

Our company has made certain non-compliances with certain statutory provisions in the past including but not limited to the details as mentioned in this risk factor. Our Company has failed to comply with provisions of section 123(4) of the Companies Act, 2013 which require the amount of dividend declared to be deposited in a scheduled bank in a separate account within five days from the date of declaration, for the financial years 2021-22, 2022-23, 2023-24 and 2024-25. As a corrective measure, the Company has voluntarily filed an application for adjudication of offence with the Registrar of Companies. Further, the Company had not complied with the provisions of Section 203 of the Companies Act, 2013 (corresponding to Section 383A of the Companies Act, 1956) due to non-appointment of a Company Secretary. The Company has subsequently appointed a Company Secretary on September 24, 2018. At the time of incorporation, the subscribers to the Memorandum of Association i.e. Jayshree Anil Kulkarni and Shivajirao Apparao Kulkarni had agreed to subscribe to 10 equity shares each. However, at the time of the first Board meeting, they applied for and paid consideration towards one equity share each. Consequently, the subscriber sheets of the Memorandum of Association and the Articles of Association were revised to reflect the subscription of one equity share each by the subscribers, without intimating the Registrar of Companies. Further, our Company has inadvertently not filed Form CHG-1 for creation of charge in accordance with the provisions of Section 77 of the Companies Act, 2013 (corresponding to Section 125 of the Companies Act, 1956) on certain loans including vehicle loan availed from Mercedes-Benz Financial Services India Pvt. Ltd. However, as on the date of this Draft Red Herring Prospectus, there are no outstanding loans in respect of which the Company has failed to create charges. In addition, our Company has also delayed in filing of some Forms with the ROC which have been later filed with the requisite additional fees. Also, our Company has encountered certain clerical errors and omissions in various forms submitted to the Registrar of Companies (ROC) over the years, which may result in potential legal or regulatory non-compliance, or delay in obtaining approvals. These errors may have an impact on the accuracy of the financial and statutory records of the Company, raising risks related to corporate governance, investor confidence, and the overall regulatory process. In case of any action being taken by the regulatory authorities against the Company and/or its officers, the same may have an adverse effect on our business, financial conditions and result of operations.

Although, no show cause notice in respect of the above has been received by the Company till date, any penalty or action taken by any regulatory authorities in future for non-compliance with provisions of corporate and other law could impact the financial position of the Company to that extent.

Additionally, our auditor has included a remark in its audit report specifying that the company has used an accounting software for maintaining its books of account, which does not have a feature of recording audit trail (edit log) facility. It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position.

25. *We are dependent on third parties for the transportation and timely delivery of our products to customers.*

We rely on third-party transportation and logistics providers to deliver our products from our manufacturing facilities to our customers. We generally engage such service providers on a need-based basis and have not entered into long-term or definitive agreements with any third-party transporters. As a result, we may face challenges relating to availability, reliability, cost, and service quality of transportation services. The value of goods transported by third-party logistics providers is typically significantly higher than the transportation charges payable by us, which may limit our ability to recover adequate compensation in the event of damage, delay, loss, or theft of goods during transit. Our operations and profitability depend on the timely and cost-effective availability of transportation and logistics services. Any disruption, delay, or increase in transportation costs could adversely affect our supply chain efficiency, delivery timelines, and margins. Transportation and logistics services may be disrupted or adversely impacted by various factors, including increases in fuel costs, transportation strikes, accidents, adverse weather conditions, lockouts, infrastructure constraints, or other unforeseen events. Such disruptions may result in delays in contract execution, increased costs, damage or loss of goods, or failure to meet customer delivery schedules. Prolonged or significant disruptions could lead to contract termination, penalties imposed on our customers, or legal claims being brought against us, which could adversely affect our business and reputation. We may also be exposed to liability for damage to goods belonging to our customers while in transit. We do not maintain in-transit insurance for the transportation of such goods. Consequently, in the event of damage, loss, theft, or accidents during transportation, the resulting losses may be borne by our customers or by us. Any such liabilities could increase our costs, reduce our revenues or margins, and adversely affect our profitability, financial condition, and reputation.

26. *Our insurance coverage may not be adequate to protect us against all potential losses, which may have an adverse effect on our results of operations, cash flows and financial condition.*

We have obtained insurance coverage in respect of various risks under policies including Commercial Package Insurance Policy, Comprehensive General Liability Insurance Policy, Group Health Insurance Policy, Liberty Group Personal Accident Policy, Employee Insurance Compensation Policy, auto secure standalone own damage private car policy. However, the Company has not obtained insurance policies for the property situated at Gat No. 382, 383, 386, 387, 312 Village, Tal. Khed, Dist. – Pune – 410501 and Gat No. 201/1, Village – Mahalunge, Tal. – Khed, Dist. – Pune – 410501 and the Company will obtain the requisite insurance upon installation of machinery and commencement of production. Further, the Company has not obtained any Keyman Insurance policy and machinery breakdown insurance policy. There can be no assurance that our insurance policies will be adequate to cover the losses/ damages suffered or that such insurance coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. If we suffer a significant uninsured loss or if insurance claim in respect of the subject matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected.

27. *Failure or disruption of our information technology (“IT”) systems may adversely affect our business, financial condition, results of operations and cash flows.*

Our ability to keep our business operating depends on the proper and efficient operations and functioning of various IT systems, which are susceptible to malfunctions and interruptions. Our design and engineering facilities comprise IT enabled processes and design software. We may be subject to disruptions of our IT systems arising from events that are wholly or partially beyond our control or the control of our third-party vendors (including, for example, damage or incapacitation by human error, natural disasters, electrical or telecommunication outages, sabotage, computer viruses, hacking, cyber-attacks or similar events, or loss of support services from other third parties, such as internet service providers). Any failure or disruption in the operation of these systems or the loss of data due to such failure or disruption may affect our ability to plan, track, record and analyse work in progress and sales, process financial information, manage product lifecycle, manage our creditors and debtors, manage payables and inventory or otherwise conduct our normal business operations, which may increase our costs and have a material adverse effect on our business and results of operations.

28. *We have power and water requirements and any disruption to our power or water sources could increase our production costs.*

We require power and water for our manufacturing facilities, and energy costs represent a significant portion of the production costs for our operations. For Fiscals 2023, 2024, 2025 and for the stub period ending September 30, 2025, our power and fuel charges were ₹ 1052.30 lakhs, ₹ 1116.81 lakhs, ₹ 1384.99 lakhs, and ₹ 946.70 lakhs, constituting 6.41%, 6.40%, 6.22%, and 7.55% respectively, of our total income. If energy or water costs were to rise, our production costs could increase if we are unable to increase the prices for our products enough to offset these increased costs. If electricity or water supplies or supply arrangements were disrupted, we may need to rely on alternative sources, which may not be able to consistently meet our requirements. Interruptions of electricity supply can also result in production shutdowns, increased costs associated with restarting production and the loss of production in progress.

29. Our business is concentrated in the states of Maharashtra, Karnataka, Punjab, Haryana and Gujarat. Any adverse impact in this region may adversely affect our business, results of operations and financial condition.

While we have a diversified geographical presence, we have been awarded major projects in the state of Maharashtra, Karnataka, Punjab, Haryana and Gujarat. Our state-wise revenue during the period ending on September 30, 2025, fiscal year ended on March 31, 2025, 2024 and 2023 is mentioned in the table below:

(Amount in Lakhs)

Particular	September 30, 2025		March 31, 2025		March 31, 2024		March 31, 2023

*other states include Madhya Pradesh, Uttar Pradesh, Rajasthan and Tamil Nadu.

Due to the geographic concentration of our operations in certain states in India, our operations are susceptible to local and regional factors, such as economic and weather conditions, natural disasters, demographic changes, and other unforeseen events and circumstances. Consequently, any significant social, political or economic disruption, or natural calamities or civil disruptions in this region, or changes in policies of the state or local governments or the government of India or adverse developments related to competition in this region, may adversely affect our business, results of operations, financial condition and cash flows. While we have not experienced any of the above adverse situations that had an adverse impact on our business operations and financial conditions in the past, we cannot assure you that these adverse situations will not arise in the future.

30. We have not entered into definitive arrangements in relation to certain objects, and may not be able to enter into definitive agreements on favourable terms, or at all, in the future. Further, any delays in deploying the funds being raised in the Offer, may have an adverse effect on our business, financial condition and results of operations.

Our Company proposes to acquire machinery and equipment aggregating to ₹10589.85 lakhs for the setting up of its manufacturing facility. While we have identified the required machinery and obtained quotations from suppliers, final purchase orders have not yet been placed for all such machinery and equipment. As on date, we have placed orders aggregating to ₹3150.19 lakhs, against which an advance payment of ₹365.81 lakhs has been made, representing approximately 29.75% of the proposed capital expenditure. The balance machinery and equipment are yet to be ordered. Our Company is further subject to risks on account of inflation in the price of the machineries and equipment for setting up of its manufacturing facility. Since the funding for the machineries and equipment for setting up of its manufacturing facility is from the IPO proceeds, any delay in access to IPO proceeds would eventually delay the process of placing the orders. The purchase of machineries and equipment's would require us to consider factors including but not limited to pricing, delivery schedule and after-sales maintenance. There may be a possibility of delay at the supplier's end in providing timely delivery of these machineries and equipment, which in turn may delay the implementation of our expansion plan. Further, the quotations relied upon by us in arriving at the total cost of setting up of machineries and equipment are valid for a specific period of time and may lapse after the expiry of the specific period. Consequent upon which, there could be a possible escalation in the cost of machineries and equipment's proposed to be acquired by us at the actual time of purchase, resulting in increase in the project cost, which may result in cost overruns, and may affect our profitability. For further details read section "**Objects of the Issue**" beginning on page 86 of the Draft Red Herring Prospectus.

31. If we fail to maintain an effective system of internal controls, we may not be able to successfully manage or accurately report our financial risks.

An effective system of internal controls is critical to ensure the orderly and efficient conduct of our business, including the safeguarding of assets, the prevention and detection of fraud and errors, the accuracy and completeness of our accounting records, and the timely preparation of reliable financial statements in accordance with applicable accounting standards and regulatory requirements. Our internal control framework is designed to address financial reporting risks; however, no system of internal controls can provide absolute assurance that all material misstatements, deficiencies or instances of fraud will be prevented or detected on a timely basis. Further, as our business continues to evolve, including due to changes in the scale and complexity of our operations, geographic expansion, implementation of new systems or processes, or changes in regulatory and reporting requirements, our existing internal controls may become inadequate or may not operate as intended. In addition, internal controls may be adversely impacted

by human error, circumvention of controls, management override, or deficiencies in the design or implementation of control processes. There can be no assurance that additional material weaknesses or significant deficiencies in our internal controls will not be identified in the future. Any failure to maintain effective internal controls, or to timely remediate identified deficiencies, could result in errors or misstatements in our financial statements, delays in financial reporting, increased audit costs, regulatory scrutiny, loss of investor confidence, and could impair our ability to effectively manage financial and operational risks. Such events may have a material adverse effect on our business, results of operations, financial condition and cash flows.

32. Any shutdown or disruption at our manufacturing facilities may have an adverse effect on our business, results of operations and financial condition.

Our manufacturing operations are subject to various operational risks that could disrupt or adversely affect production at our manufacturing facilities. These risks include breakdowns or failures of plant and machinery, power supply interruptions, process failures, industrial or workplace accidents, labour unrest or disputes, natural disasters, epidemics or pandemics and the need to comply with directives, restrictions or guidelines issued by relevant governmental or regulatory authorities. Any of these events could result in partial or complete shutdowns, production delays or operational inefficiencies at our manufacturing facilities. The manufacturing activities of our customers are dependent on the timely and continuous supply of components manufactured by us. Accordingly, our ability to ensure uninterrupted operations and on-time delivery of products is critical to maintaining customer relationships and contractual commitments. Certain customers may also impose penalties, liquidated damages or other contractual consequences for any stoppage or disruption in their manufacturing operations caused by delayed delivery, quality issues or defects in the components supplied. Any failure on our part to meet such delivery schedules or quality requirements could adversely affect our customer relationships and may result in financial liabilities. Further, any disruption, shutdown or operational failure at our manufacturing facilities could lead to lower production volumes and reduced capacity utilisation, resulting in higher per-unit costs, loss of operational efficiencies and adverse impacts on our margins. Prolonged or recurring disruptions may also affect our ability to fulfil existing orders, secure new orders or retain customers. Any such events could have a material adverse effect on our business, results of operations, financial condition and cash flows.

33. Our directors have no prior experience in managing a listed company, which may pose challenges in complying with regulatory requirements. Also, being a listed company may strain our existing resources.

Our directors do not have any prior experience in serving as directors of any listed entity except Arvind Sadashiv Mokashi and Viren Ajit Joshi, our Independent Directors. Consequently, they may face challenges in complying with regulatory requirements, corporate governance norms, and stakeholder expectations applicable to listed companies. However, our directors possess experience in the precision components manufacturing, regarding procurement of raw materials, production processes, quality control, and supply chain management. They have been instrumental in driving operational efficiency, expanding market reach, and ensuring product quality to meet industry standards. Their leadership, combined with the support of our employees have positioned the company to navigate the responsibilities of a listed entity while continuing to leverage their domain knowledge for business growth. However, there is still a possibility of delays or mistakes in compliance, which could impact our business, reputation, or share price. Further, we are not a publicly listed company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we may be required to incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. As a result, our management's attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition.

34. Under-utilization of our manufacturing capacities and an inability to effectively utilize our expanded manufacturing capacities could have an adverse effect on our business, future prospects and future financial performance.

We operate from our two manufacturing facilities in India. The table below sets forth the capacity utilization across our manufacturing facilities as of September 30, 2025. March 31, 2025, 2024 and 2023, respectively:

Particular		UOM	September 30, 2025	2024-25	2023-24	2022-23
Melting	Installed Capacity	MT	6900	9300	7800	6600
	Actual Production	MT	4300	6704	6036	5286
	Utilization	%	62%	72%	77%	80%
Casting & Finishing	Installed Capacity	MT	3000	4800	3900	3300
	Actual Production	MT	2107	3352	3018	2643
	Utilization	%	70%	70%	77%	80%

For further details on our manufacturing facilities and capacities, see **“Our Business”** on page 122. Our ability to maintain our profitability depends on our ability to maintain high levels of capacity utilization. Capacity utilization is affected by our product mix, our ability to accurately forecast customer demand, to carry out uninterrupted operations, the availability of raw materials, and industry/ market conditions. In the event there is a decline in the demand for our products, or if we face prolonged disruptions at our facilities including due to interruptions in the supply of water, electricity or as a result of labor unrest, or are unable to procure

sufficient raw materials, we would not be able to achieve full capacity utilization of our current manufacturing facilities, resulting in operational inefficiencies which could have a material adverse effect on our business and financial condition. Further, the success of any capacity addition and expected return on investment on capital expenditure is subject to, among other factors, the ability to generate adequate customer demand to ensure maximum utilization of the capacity addition. In case of oversupply in the industry or lack of demand, we may not be able to utilize our expanded capacity efficiently and our capacity additions may be under-utilized thereby adversely impacting our revenue and profitability. Under-utilization of our manufacturing capacities over extended periods, or significant under-utilization in the short term, or an inability to fully realize the benefits of our recently implemented capacity expansion, could materially and adversely impact our business, growth prospects and future financial performance.

35. Any failure to adapt to industry trends and evolving technologies to meet our customers' demands may materially adversely affect our business and results of operations.

Changes in consumer preferences, evolving regulatory and industry standards, and advancements in competing technologies may reduce demand for, or render obsolete, certain of our existing products. Our ability to anticipate market trends and to successfully develop and introduce new or enhanced products in a timely and cost-effective manner is critical to our competitiveness. Consumer preferences are increasingly shifting towards fuel-efficient and environmentally friendly vehicles. In addition, heightened regulatory requirements relating to emissions, along with volatile fuel prices, have placed significant pressure on the automotive industry to reduce carbon dioxide emissions. We may not be able to adequately or timely respond to market developments, including the increasing penetration of battery electric vehicles and other alternative technologies in India and international markets. There can be no assurance that we will be able to acquire or develop the requisite technological capabilities or know-how necessary to execute our product development strategy. Any failure to adopt new technologies in a timely or cost-effective manner could increase our costs and adversely impact our competitive position. Further, we may face intensified competition for future revenue opportunities if competitors are able to commercialize new technologies or innovations ahead of us. In certain cases, we may be required to obtain licenses for third-party technologies, which may not be available on commercially reasonable terms or at all, and could result in increased operating costs or impose limitations on our business operations. Alternatively, we may be required to develop substitute technologies, which could involve significant time, effort, and expense. If we are unable to generate sufficient revenue streams supported by robust intellectual property protection, we may lose market share and revenues to competitors. Any of the foregoing factors, individually or in the aggregate, could have a material adverse effect on our business, results of operations, cash flows, and financial condition.

36. We depend on the services of our Directors, Promoters, Key Managerial Personnel, Senior Management team and other personnel with technical expertise, and if we are unable to recruit and retain qualified and skilled personnel, our business and our ability to operate or grow our business may be adversely affected.

Our success depends to a large extent on the continued services of our Directors, Individual Promoters, Key Managerial Personnel, Senior Management team and other personnel with technical expertise. In an event they no longer work for us, there is no assurance that we will be able to find suitable replacements for such personnel in a timely manner or at all and implement a smooth transition of responsibilities to any newly appointed management personnel. The market for qualified professionals is competitive and we may not continue to be successful in our efforts to attract and retain qualified people. We may therefore need to increase compensation and other benefits in order to attract and retain personnel in the future, which may adversely affect our results of operations. Our future success, amongst other factors, will depend upon our ability to continue to attract and retain qualified personnel, particularly engineers and other associates with critical expertise, know-how and skills that are capable of helping us develop technologically advanced systems and components and support key customers and products. The specialised skills we require in our industry are difficult and time-consuming to acquire and, as a result, are in short supply. We require a long period of time to hire and train replacement personnel when we lose skilled employees. Our inability to hire, train and retain a sufficient number of qualified employees could delay our ability to bring new products or services to the market and impair the success of our operations. This could have an adverse effect on our business and results of operations. Our success also depends, in part, on key customer relationships forged by our senior management team. If we were to lose these members of the senior management, we cannot assure you that we will be able to continue to maintain key customer relationships or renew them, which could adversely affect our business, financial condition, results of operations and cash flows.

37. We have entered into certain credit facilities that are repayable on demand. Any unexpected demand for repayment of such facilities by the lenders may adversely affect our business, financial condition, cash flows and results of operations.

Some of our borrowings such as cash credit facilities, letters of credit and bank guarantees are drawn on facilities that are repayable on demand in accordance with their respective terms. The table below sets forth our borrowings payable on demand as of September 30, 2025:

(₹ Lakhs)						
Name of Lender	Type of Credit Facility	Purpose of Credit Facility	Sanctioned Amount	Rate of interest	Re-Payment Schedule	Balance as on 30.09.25
State Bank of India	Cash Credit	Working Capital	1500.00	9.50%	On Demand	1497.12

For further details, see **“Statement of Financial Indebtedness”** on page 237. Any failure to service such indebtedness, comply with a requirement to obtain lender consent or otherwise perform such obligations under such financing agreements (including unsecured borrowings) may lead to such borrowing being repayable on demand, termination of one or more of our credit facilities or penalties and acceleration of amounts due under such credit facilities, which may adversely affect our business, financial condition, results of operations and prospects. While there have been no instances in the past of any loans or facilities being recalled by lenders, nor a failure to comply with covenants in financing agreements, we cannot guarantee that we will be able to service our loans or comply with such covenants or other covenants in the future.

38. *We are subject to stringent labour laws or other industry standards and any kind of disputes with our employees could adversely affect our business, results of operations, financial condition and cash flows.*

We are subject to a number of stringent labour laws, which protects the interests of workers, including legislation that sets forth detailed procedures for dispute resolution, employee removal and for imposing financial obligations on employers in the event of retrenchment of workers. We are also subject to state and local laws and regulations, where we have operations, governing our relationships with our employees, including those relating to minimum wage, overtime, working conditions, hiring and firing, non-discrimination, work permits and employee benefits. We may also be subject to changing judicial interpretation of the relevant statutes. If labour laws become more stringent or are more strictly enforced, it may become difficult for us to maintain flexible human resource policies, discharge employees or downsize, any of which could have an adverse effect on our business, results of operations, financial condition and cash flows. Furthermore, any upward revision of wages that may be required by the state government to be paid to contract labourers or the unavailability of the required number of contract labourers, may adversely affect the business and future results of our operations.

39. *We are exposed to risks associated with foreign exchange rate fluctuations.*

Although our reporting currency is the Indian Rupee, Certain portion of our operations involves transactions denominated in foreign currencies. Our international operations expose us to foreign exchange risks arising primarily from foreign currency receivables, imports of raw materials and capital goods, and exports of finished goods. We generally do not hedge our net foreign exchange exposure and are therefore subject to fluctuations in exchange rates. As at September 30, 2025, our foreign currency receivables amounted to ₹ 422.10 lakhs. Our net foreign exchange gains/(losses) for Fiscal 2023, Fiscal 2024, Fiscal 2025, and for the stub period ended September 30, 2025 were ₹ 14.07 lakhs, ₹ 15.75 lakhs, ₹ 7.25 lakhs, and ₹ 13.89 lakhs, respectively. Adverse movements in foreign exchange rates could increase our costs, reduce our margins, or result in foreign exchange losses, particularly as we continue to expand our international sales and sourcing activities. There can be no assurance that fluctuations in currency exchange rates will not materially adversely affect our business, financial condition, results of operations, and cash flows.

40. *Some of our Promoters have provided personal guarantees to lenders for certain loan facilities availed of by our Company, which if invoked may adversely affect our Promoters' ability to manage the affairs of our Company and which in turn may adversely impact our business and operations.*

Some of our Promoters namely Anil Shivajirao Kulkarni, Rahul Sohanlal Ranka, Sanket Anil Kulkarni and Jayshree Anil Kulkarni have provided personal guarantees in respect of certain borrowings availed by our Company. Such guarantees are contingent liabilities of our Promoters and may be invoked by the respective lenders in the event of any default in repayment or non-compliance with the terms of such borrowings. If any of these guarantees are invoked, our Promoters may be required to meet the repayment obligations from their personal resources. The invocation of such guarantees could adversely affect the financial position of our Promoters and may impair their ability to devote adequate time, attention and resources to the management and strategic oversight of our Company. Any such adverse impact on our Promoters could, in turn, affect the management, operations and business continuity of our Company and may have a material adverse effect on our business, results of operations, financial condition and cash flows. For further details in relation to the personal guarantees provided by Promoters, see **“Statement of Financial Indebtedness”** on page 237.

41. *Our inability to collect receivables from our customers or default in payment by them could result in the reduction of our profits and affect our cash flows.*

Our operations involve extending credit to our customers for extended periods, which exposes us to the risk of delayed recovery or non-receipt of outstanding amounts. Our business and results of operations are also substantially dependent on our continued relationships with certain customers, and any deterioration in their creditworthiness or payment behaviour could adversely affect our cash flows and working capital cycle. While we have implemented a credit policy and internal procedures to monitor and manage customer credit exposure, there can be no assurance that such measures will be effective in preventing payment delays or defaults. Our inability to collect trade receivables from customers in a timely manner, or at all, could adversely affect our liquidity, working capital requirements and cash flows. As of September 30, 2025, and in the Fiscals ended March 31, 2025, 2024 and 2023, our trade receivables amounted to Rs. 3328.21 lakhs, Rs.3548.11 lakhs, Rs.1989.15 lakhs and Rs. 1,779.65 lakhs, respectively, representing 26.65%, 15.98 %, 11.45 % and 10.89 % of our revenues from operations for the respective periods. Further, if any of our customers

delays, disputes or defaults in making payments, there can be no assurance that we will be able to recover the full amounts billed or outstanding. Adverse macroeconomic conditions may increase the likelihood of financial stress among our customers, including liquidity constraints, insolvency or bankruptcy, which could result in delayed payments, requests for extended credit terms, renegotiation of payment schedules or defaults. Such developments could lead to an increase in our receivables, higher provisioning for doubtful debts, greater reliance on operating working capital and increased borrowing requirements, thereby resulting in higher financing costs. Any material increase in bad debts, customer defaults or delays in collection could have a material adverse effect on our business, results of operations, financial condition and cash flows.

42. Our Company is party to certain legal proceedings, any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.

Our Company is party to certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and forums. Mentioned below are the details of the proceedings involving our Company, Promoters, Directors, KMPs, SMPs and Group Companies as on the date of this Draft Red Herring Prospectus along with the amount involved, to the extent quantifiable.

The amount may be subject to additional interest/other charges being levied by the concerned authorities which are unascertainable as on date of this Draft Red Herring Prospectus. For further details, please refer to the chapter titled “**Outstanding Litigations and Material Developments**” on page 255 of this Draft Red Herring Prospectus.

There can be no assurance that these litigations will be decided in favour of our Company and consequently it may divert the attention of our management and Promoter and waste our corporate resources and we may incur significant expenses in such proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities. If such claims are determined against us, there could be a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares.

43. Our Contingent Liability and Commitments could affect our financial position.

As on September 30, 2025, we have contingent liability of Rs. 322.16 lakhs which has been provided in our financial statements and which could affect our financial position.

(All amounts in ₹ Lakhs, except as otherwise stated)

44. Our Corporate Promoter and some of our individual promoters are not the original promoters of our Company. Also, they have limited experience in our line of business.

Our Corporate Promoter and some of our individual promoters namely Rahul Sohanlal Ranka, Vaishali Dakshendra Agrawal, Dakshendra Brijballabh Agrawal and Bhavya Dakshendra Agrawal are not the original promoters of our company. Though, they are not the original promoters of the company but they have been associated with our company for more than 5 years. As of the date of this Draft Red Herring Prospectus, they collectively hold 88.88% of the equity share capital of the Company. For details, see **“Capital Structure”** and **“Our Promoter and Promoter Group”** on pages 68 and 170, respectively. Further, our promoter, Dakshendra Brijballabh Agrawal and Bhavya Dakshendra Agrawal do not have prior experience in our line of business. While our other Directors, Promoters and management team have relevant experience in the sector, the corporate promoter, Dakshendra Brijballabh Agrawal and Bhavya Dakshendra Agrawal do not have a track record in this industry. However, our other promoters namely Anil Shivajirao Kulkarni, Jayshree Anil Kulkarni, Sanket Anil Kulkarni, Rahul Sohanlal Ranka have an experience of around 32 years, 17 years, 16 years, 25 years respectively in die casting industry and Vaishali Dakshendra Agrawal have an experience of 17 years in the field of finance. There is no assurance that our future performance will be consistent with the past financial performance presented in this Draft Red Herring Prospectus. For further information, see **“Financial Information of the Company”** on page 179.

45. Information relating to the installed capacity and capacity utilization included in this Draft Red Herring Prospectus is based on various assumptions and estimates and capacity utilization may vary.

The information relating to our installed capacity and capacity utilisation included in this Draft Red Herring Prospectus is based on certain assumptions, estimates and methodologies adopted by our management and considered by the chartered engineer in determining such installed capacity and capacity utilisation. These assumptions and estimates are inherently subject to uncertainties and may not accurately reflect actual or future operating conditions. As a result, our actual production levels and capacity utilisation may differ materially from the stated installed capacity or historical utilisation levels. Further, capacity utilisation is not a standardised measure and may be calculated differently across industries, geographies and product categories, including among the various types of products manufactured by us. Accordingly, comparisons of our installed capacity or capacity utilisation with those of other companies may not be meaningful. In addition, future capacity utilisation rates may vary significantly due to factors such as changes in product mix, customer demand, operating efficiency, maintenance schedules, availability of raw materials, labour and power, and other operational or market-related factors. Accordingly, undue reliance should not be placed on the installed capacity and capacity utilisation data for our existing manufacturing facilities included in this Draft Red Herring Prospectus. For further information, see **“Our Business”** on page 122.

46. We are exposed to cyber security and data protection risks due to our reliance on digital systems and connected technologies.

Our manufacturing operations increasingly rely on digital systems, including computer aided design systems and information technology systems that support design, production planning, quality control and inventory management. These digital systems are critical to the efficient operation of our manufacturing facilities and to meeting customer requirements relating to quality, delivery schedules and compliance. As our dependence on digital systems increases, we are exposed to cyber security risks such as unauthorized access to or attempted breaches of our information technology systems, network intrusions or denial-of-service attacks, malware, ransomware or other malicious software targeting operational or business systems, data loss, corruption or theft. Any cyber security incident or technical failure could disrupt manufacturing operations, impair quality control or production scheduling, delay order fulfilment, or compromise sensitive business, technical or customer information. In certain circumstances, cyber security incidents or system failures could also result in non-compliance with customer specifications, contractual obligations, data protection requirements or applicable regulations, which may expose us to regulatory scrutiny, contractual claims, penalties, loss of customer confidence or reputational harm. While we have implemented internal policies and procedures relating to information security, access controls, system monitoring and data backup, and engage with technology and service providers that follow generally accepted industry security practices, no cyber security measures can provide absolute assurance against all threats. The evolving nature of cyber risks, increasing sophistication of attacks and growing complexity of digital manufacturing environments may render our systems vulnerable to unforeseen disruptions. Any material cyber security breach, system failure or prolonged disruption could have a material adverse effect on our business, results of operations, financial condition and cash flows.

47. We have in the past entered into related party transactions and may continue to do so in the future.

Our Company has entered into various transactions with our Directors, Promoters and Key Managerial Personnels. These transactions, inter-alia includes, purchase of services, issue of shares, remuneration, loans and advances, reimbursements etc. For details, please refer to **Annexure - AC – Restated Summary Statement of Related Party Transaction** under Section titled **“Financial Information of the Company”** and Chapter titled **“Capital Structure”** beginning on page 224 and 68 respectively of the Draft Red Herring Prospectus. All related party transactions entered into by us in the last three financial years and stub period ending on

September 30, 2025 have been at arms' length and in the interests of our Company. Further, the transactions were entered into by the Company in compliance with the applicable provisions of the Companies Act, 2013, and other relevant regulations. Further, all related-party transactions that we may enter into in the future are subject to approval by our Audit Committee, Board or shareholders, as required under the Companies Act, we cannot assure you that such future transactions or any other future transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or we could not have achieved more favorable terms if such transactions are not entered into with related parties. Such related party transactions may potentially involve conflicts of interest which may be detrimental to the interest of our Company and we cannot assure that such transactions, will always be in the best interests of our minority shareholders and will not have an adverse effect on our business, financial condition and results of operations.

48. *Any inability to grow, sustain or manage our revenue from operations, profitability or operations may adversely affect our business, results of operations and financial condition.*

As per our Restated Financial Information, our revenue from operations for Fiscal 2023, Fiscal 2024, Fiscal 2025 and for the stub period ending September 30, 2025 was Rs. 16337.92 lakhs, Rs. 17372.22 lakhs, Rs. 22199.93 lakhs and Rs. 12488.80 lakhs, respectively. We cannot assure you that we will be able to sustain the levels of revenue and profit margins/profit growth that we have had in the past. Further, a number of our strategic initiatives are in initial stages. While we may experience initial success with such initiatives, there is no assurance that these will succeed in the long term. Although we plan to continue to expand our scale of operations, we may not be able to sustain these rates of growth in future periods due to a number of factors, including, among others, our execution capability, our ability to bid and win new tenders, our ability to maintain customer satisfaction, our ability to mobilize sufficient working capital, macroeconomic factors beyond our control such as decline in global economic conditions, competition with other players in the organized and unorganized segments, the greater difficulty of growing at sustained rates from a larger revenue base, our inability to control our expenses and the availability of resources for our growth. There can be no assurance that we will not suffer from capital constraints, operational difficulties or difficulties in expanding existing business operations. The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

49. *Our management will have discretion in the utilisation of the Net Proceeds, including interim use, and any deviation from the proposed Objects of the Issue may adversely affect the returns on your investment.*

We intend to utilize the Net Proceeds of the Issue as set forth in “**Objects of the Issue**”, with respect to funding our expansion plans including purchase of capital assets, incremental working capital requirements of our Company and for general corporate purposes. The funding requirements mentioned as a part of the objects of the Issue are based on internal management estimates which in turn, is based on current conditions and is subject to change in light of changes in external circumstances, costs, other financial condition or business strategies. Further the deployment of the Net Proceeds will be at the discretion of our Board and the management of our Company will have significant flexibility in applying the proceeds received by our Company from the Issue. However, the Monitoring Agency appointed for this Issue and our Audit Committee will monitor the utilization of the proceeds of this Issue and prepare the statement for utilization of the proceeds of this Issue. Further in accordance with Section 27 of the Companies Act, 2013, a company shall not vary the objects of the Issue without our Company being authorized to do so by our shareholders by way of special resolution and other compliances in this regard. Our Promoters shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard. Various risks and uncertainties, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth in our business. We cannot assure you that use of the Net Proceeds to meet our future capital requirements, fund our growth and for other purposes identified by our management would result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

50. *Our company has made investment in equity instruments, and we have not made any provision for a decline in the value of our investments.*

Our company has made investment in equity instruments and mutual funds (Un-quoted) amounting to Rs. 11.95 Lakhs as on September 30, 2025. Some of these investments may continue to yield return at rates lower than prevailing market rates, and there is no assurance of consistent returns in the future. We have not made any provisions for a decline in the value of above investments. In the event that the fair value of any investment falls below its carrying amount and such decline is considered other than temporary, our financial position and results of operations may be adversely affected.

51. *This Draft Red Herring Prospectus contains certain non-GAAP financial measures and certain other selected statistical information related to our operations and financial performance. These non-GAAP measures and statistical information may vary from any standard methodology that is applicable across the manufacturing industry, and therefore may not be*

comparable with financial or statistical information of similar nomenclature computed and presented by other manufacturing companies.

Certain non-GAAP financial measures and certain other statistical information relating to our operations and financial performance have been included in this Draft Red Herring Prospectus. We compute and disclose such non-GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of manufacturing companies. These non-GAAP financial measures and other statistical and other information relating to our operations and financial performance may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other manufacturing companies. For further details, see ***“Management’s Discussion and Analysis of Financial Condition and Results of Operations”*** on page 243.

52. Any international market expansion efforts may expose us to complex management, legal, tax and economic risks, which could adversely affect our business, financial condition, cash flows and results of operations.

As part of our long-term business strategy, we may explore opportunities to expand our presence in existing geographies or enter new markets both within India and overseas. Expansion into new jurisdictions may involve expose us to complex management, legal, tax and economic risks pursuant to unfamiliar regulatory environments, collaborating with international partners, or adapting to different technical standards and customer expectations. Such expansion efforts may expose us to various risks such as compliance with local laws and technical standards, complex tax and cost structures, regulatory barriers and trade restrictions, cultural, language, and operational differences etc. If we are unable to effectively manage these risks, it could affect our ability to enter in new markets efficiently or profitably. Any challenges in managing international operations, ensuring compliance, or achieving commercial viability in new geographies may adversely affect our business, financial condition, cash flows, and results of operations.

53. We have issued Equity Shares during the preceding one year at a price that may be below the Issue Price.

We have, in the preceding one year prior to the date of this Draft Red Herring Prospectus, issued Equity Shares that may be lower than the Issue Price. For further details, see ***“Capital Structure”*** on page 68. The price at which such Equity Shares were issued is not indicative of the Issue Price, or the price at which the Equity Shares will be traded going forward. Further, we may, in the future, continue to issue Equity Shares at prices that may be lower than the Issue Price, subject to compliance with applicable law. Any issuances of Equity Shares by us may dilute your shareholding in our Company, thereby adversely affecting the trading price of the Equity Shares and our ability to raise capital through any issuance of new securities.

54. Any variation in the utilization of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders’ approval.

We propose to utilize the Net Proceeds from the Issue as described in the section titled ***“Objects of the Issue”*** beginning on page 86 of this Draft Red Herring Prospectus. However, there may be scenarios where a portion may need to be deployed to address unforeseen requirements or exigencies that may arise due to competitive pressures, evolving business conditions, macroeconomic factors, or other events beyond our control. In accordance with the provisions of Sections 13(8) and 27 of the Companies Act, 2013, read with applicable rules thereunder, and Regulation 59 and Schedule XX of the SEBI ICDR Regulations, our Company shall not vary the Objects of the Issue without obtaining prior approval of the Shareholders by way of a special resolution. In the event that such circumstances necessitate a variation in the proposed deployment of the Net Proceeds, there can be no assurance that we will be able to obtain the requisite Shareholders’ approval in a timely manner, or at all. Any delay or failure in obtaining such approval may adversely affect our ability to respond effectively to changing business needs or financial conditions. Consequently, we may be restricted in our ability to reallocate unutilized Net Proceeds or modify the terms of any proposed deployment, even where such actions may be in the best interests of our Company. This limitation may adversely impact our financial flexibility, operations, and overall business performance.

55. Failure to deal effectively with any fraudulent transactions and illegal activity affecting the sensitive information of our stakeholders could harm our business and reputation and expose us to liability.

Our operations involve interactions with a wide range of stakeholders, including customers, suppliers, service providers, workers, employees, and others. As a result, we are exposed to risks associated with unauthorized access, data sharing, or alteration of sensitive information, which may lead to data breaches or inadvertent disclosure of confidential information to competitors, regulatory authorities, or other third parties. While we have implemented various preventive and detection mechanisms, including internal controls, monitoring systems, and disciplinary measures to reduce the occurrence of such fraudulent or malicious activities, there can be no assurance that such measures will be entirely effective or that they will scale proportionately with our business growth. Any delay or failure in identifying and addressing such activities may result in the erosion of trust among our stakeholders and could adversely impact our reputation, business operations, and financial condition. Further, any illegal, fraudulent, or collusive acts by our employees or associates may subject us to legal liabilities, regulatory scrutiny, or reputational harm. Although we have not experienced any material instances of such events in the past, this does not preclude the possibility of their occurrence in the future.

56. We could be adversely affected by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. However, there is no such event in the past but this does not guarantee of non-occurrence in the future. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence and regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected. Further, employees' misconduct can give rise to litigation and claims for damages, which could be time-consuming. These claims may also result in negative publicity and adversely impact our reputation and brand name. Further, we may be required to indemnify our customers against losses or damages suffered by them as a result of negligent acts of manpower engaged by us. Any claims and proceedings for alleged negligence or any regulatory actions may adversely affect our reputation, our business, financial condition, results of operations and prospects.

57. In addition to normal remuneration, other benefits and reimbursement of expenses of some of our directors (including our Promoter) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.

Some of our Directors (including our Promoter) and Key Management Personnel are interested in our Company to the extent of their shareholding, loan, and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our directors or our Key Management Personnel would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our directors including our promoters will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. This concentration of control may lead to overlapping responsibilities and could limit diversity in management perspectives. Our directors may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority Shareholders, such as actions with respect to future capital raising or acquisitions. Also, our ability to attract and retain independent professionals could be affected due to the dominant control. We cannot assure you that our directors will always act to resolve any conflicts of interest in our favor, thereby adversely affecting our business and results of operations and prospects.

58. Any Penalty or demand raised by statutory authorities in future may adversely affect the financial position of our Company.

Our Company is engaged in the business of manufacturing of aluminium die casting and machining components for use in the automotive sector, including electric vehicle applications and non-automotive sector, which attracts tax liability such as Goods and Service Tax and Income Tax as per the applicable provisions of Law. We are also required to comply with the provisions such as registration under the labour laws like Provident Fund, Employee State insurance etc. Further, these tax laws, including Goods and Services Tax (GST), income tax, and other statutory levies, often involves complex interpretations, there may be differences in opinion between our Company and the relevant tax authorities with respect to the interpretation of certain provisions, the applicability of exemptions, or the treatment of specific transactions. During the past, our Company has faced challenges in adhering to various statutory provisions, spanning key regulations such as the Goods and Services Tax Act, the Employees Provident Fund and the Employees State Insurance Act. Further, there have been delays primarily manifested in areas such as the depositing of GST amounts, provident fund contributions mandated by the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and the Employees State Insurance Act, professional tax under the Maharashtra Professional Tax Act, 1975, Labour welfare fund and filing of TDS return under the Income Tax Act, 1961. Although, we have taken all the necessary approvals and deposited the required returns and taxes under various applicable Acts but any demand or penalty raised by the concerned authority in future for any previous year and current year will affect the financial position of the Company.

Below are the instances of the delays we have made in filing the Employees Provident Fund, Employees State Insurance Act, professional tax return and filing of TDS returns in the past:

Statute	Financial Year/ Period	Total no. of filings	Number of delayed filings

59. The average cost of acquisition of Equity Shares by our Promoter, are lower than the face value of Equity Share.

The average cost of acquisition of Equity Shares of our Promoters may be lower than the face value of Equity Shares i.e., ₹10/-. For further details regarding the average cost of acquisition of Equity Shares by our Promoter in our Company and build-up of Equity Shares of our Promoter in our Company, please see Chapter titled “**Capital Structure**” beginning on page 68 of this Draft Red Herring Prospectus.

60. Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.

Any future equity issuance by our Company may lead to the dilution of investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

61. The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the Issue Price or you may not be able to sell your Equity Shares at or above the Issue Price.

The Issue price is based on numerous factors. For further information, see the chapter titled “**Basis for Issue Price**” beginning on page 100 of this Draft Red Herring Prospectus and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. The factors that could affect our share price are:

- Variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings;
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

62. Significant differences exist between Indian GAAP and other accounting principles, such as Ind AS, IFRS and U.S. GAAP, which may be material to investors’ assessments of our financial condition, result of operations and cash flows.

Our restated summary statements of assets and liabilities, restated summary statements of profit and loss and cash flows for the period ending September 30, 2025, for Fiscals 2025, 2024 and 2023 have been prepared in accordance with the Indian GAAP. We have not attempted to quantify the impact of US GAAP, IFRS or any other system of accounting principles on the financial data included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. Ind AS, US GAAP and IFRS differ in significant respects from Indian GAAP. Accordingly, the degree to which the Restated Financial Information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

63. We may be subject to surveillance measures, such as the Additional Surveillance Measures (ASM) and the Graded Surveillance Measures (GSM) by the Stock Exchanges which may adversely affect trading price of our Equity Shares.

SEBI and Stock Exchanges in order to enhance market integrity and safeguard interest of investors, have been introducing various enhanced pre-emptive surveillance measures. The main objective of these measures is to alert and advice investors to be extra cautious while dealing in these securities and advice market participants to carry out necessary due diligence while dealing in these securities. Accordingly, SEBI and Stock Exchanges have provided for (a) GSM on securities where such trading price of such securities does not commensurate with financial health and fundamentals such as earnings, book value, fixed assets, net-worth, price per equity multiple and market capitalization; and (b) ASM on securities with surveillance concerns based on objective parameters such as price and volume variation and volatility. On listing, we may be subject to general market conditions which may include significant price and volume fluctuations. The price of our Equity Shares may also fluctuate after the issue due to several factors such as volatility in the Indian and global securities market, our profitability and performance, performance of our competitors, changes in the estimates of our performance or any other political or economic factor. The occurrence of any of the abovementioned factors may trigger the

parameters identified by SEBI and the Stock Exchanges for placing securities under the GSM or ASM framework. In the event our Equity Shares are subject to such pre-emptive surveillance measures implemented by the Stock Exchange, we may be subject to certain additional restrictions in connection with trading of our Equity Shares such as limiting trading frequency (for example, trading either allowed once in a week or a month) or freezing of price on upper side of trading which may have an adverse effect on the market price of our Equity Shares or may in general cause disruptions in the development of an active trading market for our Equity Shares.

64. *We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.*

The proposed fund requirement for our expansion plans including purchase of capital assets and working capital requirement, as detailed in the section titled "**Objects of the Issue**" is to be funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled "**Objects of the Issue**" beginning on page 86 of this Draft Red Herring Prospectus.

65. *The Objects of the Issue for which funds are being raised have not been appraised by any bank or financial institution. Any variation between the estimation and actual expenditure as estimated by the management could result in execution delays or influence our profitability adversely.*

The deployment of funds as stated in the "**Objects of the Issue**" beginning on page 86 of the Draft Red Herring Prospectus is entirely at the discretion of our management and has not been appraised by any independent agency. Further, the purposes for which the Net Proceeds are to be utilized have not been appraised by an independent entity and are based on our management estimates. In the event, for whatsoever reason, we are unable to execute our plans, we could have a significant amount of unallocated net proceeds. In such a situation, we would have broad discretion in allocating these net proceeds from the Issue without any action or approval of our shareholders. In case the assumptions on which these estimates have been made are not correct or they become un-realistic then there will be a variation in the estimates and the actual expenditure incurred which could result in execution delays and have an adverse effect on our operations and profitability.

66. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, working capital requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholder's investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see "**Dividend Policy**" on page 178 of this Draft Red Herring Prospectus.

67. *Industry information included in this Draft Red Herring Prospectus has been derived from publicly available industry reports and/or websites. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on information from various publicly available industry reports and/or websites for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although the data may be reliable, their accuracy, completeness and underlying assumptions are not guaranteed, and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere.

EXTERNAL RISK FACTORS:

68. *Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations, financial condition and cash flows.*

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. Our results of operations are significantly affected by factors influencing the Indian economy. Factors that could adversely affect the Indian economy, and hence our results of operations, may include:

- epidemics, pandemics or any other public health concerns in India or in countries in the region or globally,
- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export/import assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporates;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters (such as typhoons, flooding, earthquakes and fires) which may cause us to suspend our operations;
- civil unrest, acts of violence, terrorist attacks, regional conflicts or situations or war; and
- prevailing regional or global economic conditions, including in India's principal export markets, and the imposition of tariffs or other trade measures by India's trading partners, such as the United States;
- any downgrading of India's debt rating by a domestic or international rating agency;
- international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- logistical and communications challenges;
- financial instability in financial markets;
- difficulty in developing any necessary partnerships with local businesses on acceptable terms or on a timely basis;
- being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so; and
- Other significant regulatory or economic developments in or affecting India or its manufacturing sector.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, financial condition and cash flows and the price of the Equity Shares. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins. Our performance and the growth of our business depends on the overall performance of the Indian economy as well as the economies of the regional markets in which we operate.

69. *Changing laws, rules and regulations and legal uncertainties, including adverse application of laws, corporate and tax laws, could adversely affect our business, prospects and results of operations. Investors can be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares or dividend paid thereon.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes, could adversely affect our business, prospects and results of operations, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Further, any future amendments may affect our tax benefits such as changes in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance. For instance, the Government of India has announced the union budget for the Financial Year 2026 (the "Budget"), pursuant to which the Finance Act, 2025 has amended the Income-tax Act, 1961, including the capital gains tax rates with effect from the date of announcement of the Budget. We have not fully determined the effects of these recent and proposed laws and regulations on our business.

The Government introduced (a) the Code on Wages, 2019 ("Wages Code"); (b) the Code on Social Security, 2020 ("Social Security Code"); (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020, which consolidate, subsume and replace numerous existing central labor legislations. The Digital Personal Data Protection Act, 2023 ("PDP Act"), provides for personal data protection and privacy of individuals, regulates cross border data transfer, and provides several exemptions for personal data processing by the Government. It also provides for the establishment of a Data Protection Board of India for taking remedial actions and imposing penalties for breach of the provisions of the PDP Act. It imposes restrictions and obligations on data fiduciaries, resulting from dealing with personal data and further, provides for levy of penalties for breach of obligations prescribed under the PDP Act.

The Parliament of India has passed the Bharatiya Nyaya Sanhita, 2023, the Bharatiya Nagarik Suraksha Sanhita, 2023 and the Bharatiya Sakshya Adhiniyam, 2023, which have repealed the Indian Penal Code, 1860, the Code of Criminal Procedure, 1973 and the Indian Evidence Act, 1872, respectively, with effect from July 1, 2024. The effect of the provisions of these on us and the

litigations involving us cannot be predicted with certainty. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. Uncertainty in the applicability, interpretation, or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current businesses or restrict our ability to grow our businesses in the future. We cannot predict whether any tax laws or other regulations affecting it will be enacted or predict the nature and effects of any such laws or regulations or whether, if at all, any laws or regulations would have an adverse effect on our business, prospects and results of operations. For details, see ***“Key Industrial Regulations and Policies”*** on page 139.

70. Any downgrade in India’s sovereign debt ratings may affect the trading price of the Equity Shares.

India’s sovereign debt rating could be downgraded due to several factors, including changes in tax or fiscal policy or a decline in India’s foreign exchange reserves, all which are outside our control. Our borrowing costs and our access to the debt capital markets depend significantly on the sovereign credit ratings of India. Any adverse revisions to India’s credit ratings for domestic and international debt by international rating agencies could adversely affect our ability to raise additional external financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of the Equity Shares.

71. If inflation continues to rise in India, increased costs may result in a decline in profits.

Inflation rates in India have been volatile in recent years, and such volatility may continue. India has experienced high inflation in the recent past. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to adequately pass on to our customers, whether entirely or in part, and could adversely affect our business and financial condition. If we are unable to increase our revenues sufficiently to offset our increased costs due to inflation, it could have an adverse effect on our business, prospects, results of operations, financial condition, and cash flows. Further, the Government of India has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

72. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which could adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, the transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure you that any necessary approvals from the RBI or any other governmental agency can be obtained on any particular terms, or at all. In addition, pursuant to the Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, which has been incorporated as the proviso to Rule 6(a) of the FEMA Rules, investments where the beneficial owner of the equity shares is situated in or is a citizen of a country which shares a land border with India, can only be made through the Government approval route, as prescribed in the Consolidated FDI Policy dated October 15, 2020 and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/purview, such subsequent change in the beneficial ownership will also require approval of the Government of India. These investment restrictions shall also apply to subscribers of offshore derivative instruments. We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or conditions or at all. For further information, see ***“Restrictions on Foreign Ownership of Indian Securities”*** on page 331.

73. Our ability to raise foreign capital may be constrained by Indian law.

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that any required regulatory approvals for borrowing in foreign currencies will be granted to us without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our business growth, results of operations, and financial condition.

74. Rights of shareholders under Indian laws may be different from laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions.

75. Any adverse application or interpretation of competition laws could adversely affect our business.

The Competition Act, 2002, as amended (the "Competition Act") was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition ("AAEC") in certain markets in India and has mandated the Competition Commission of India (the "CCI") to separate such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an AAEC is deemed void and attracts substantial penalties. Further, any agreement among competitors which directly or indirectly involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of customers in the relevant market is presumed to have an appreciable adverse effect on competition in the relevant market in India and shall be void. Further, the Competition Act prohibits abuse of dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be guilty of the contravention and liable to be punished. The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, certain agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. The effects of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. The Government of India has also passed the Competition (Amendment) Act, 2023, which has proposed several amendments to the Competition Act, such as introduction of deal value thresholds for assessing whether a merger or acquisition qualifies as a "combination", expedited merger review timelines, codification of the lowest standard of "control" and enhanced penalties for providing false information or a failure to provide material information. If we pursue acquisitions in the future, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, any enforcement proceedings initiated by the CCI, any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or any prohibition or substantial penalties levied under the Competition Act, which would adversely affect our business, results of operations, cash flows and prospects.

76. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.

India's physical infrastructure is in developing phase compared to that of many developed nations. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our Company's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of goods and supplies, and add costs to doing business in India. These problems could interrupt our Company's business operations, which could have an adverse effect on its results of operations and financial condition.

77. Instability in financial markets could materially and adversely affect our results of operations and financial condition.

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. For example, any global financial turmoil originating from the United States of America may lead to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index in the past. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process, and advertised in all editions of the English national newspaper [●] and all editions of Hindi national newspaper [●] and Marathi edition of regional newspaper [●] where our registered office is situated at least two working days prior to the Bid / Issue Opening date. The Issue Price shall be determined by our Company, in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid / Issue Closing Date. Principal parties involved in the Book Building Process are: -

- Our Company;
- The Book Running Lead Manager in this case being Hem Securities Limited,
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with BSE or NSE and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue and;
- The Designated Intermediaries and Sponsor bank

The SEBI (ICDR) Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI (ICDR) Regulations.

The Issue is being made through the Book Building Process wherein not more than 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the Book Running Lead Manager allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “**Anchor Investor Portion**”). Pursuant to the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) (Third Amendment) Regulations, 2025, out of the Anchor Investor Portion, 40% shall be reserved, of which (i) 33.33% shall be available for allocation to domestic Mutual Funds and (ii) 6.67% shall be available for allocation to life insurance companies

and pension funds, subject to valid Bids being received from domestic Mutual Funds, life insurance companies, and pension funds at or above the Anchor Investor Allocation Price. In the event of under-subscription under (ii) above, the allocation may be made to domestic Mutual Funds. In the event of under-subscription or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the remaining QIB Portion (other than the Anchor Investor Portion) ("Net QIB Portion"). Further, 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders in the following manner: (a) 1/3rd of the portion available to NIBs shall be reserved for applicants with an application size of more than 2 lots and up to such lots equivalent to not more than ₹ 10 lakhs (b) 2/3rd of the portion available to NIBs shall be reserved for applicants with an application size of more than ₹ 10 lakhs and the unsubscribed portion in either of the sub-categories specified in clauses (a) or (b), could be allocated to applicants in the other sub-category of NIBs and the remaining shares, if any, shall be allotted on a proportionate basis in accordance with the conditions specified in this regards in Schedule XIII of SEBI ICDR Regulations and not less than 35% of the Net Issue shall be available for allocation to Individual Bidders, who applies for minimum application size, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All potential Bidders except the Anchor Investors, may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs or, in case of UPI Bidders, by alternatively using the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company may, in consultation with the Book Running Lead Manager and the Designated Stock Exchange

In accordance with the SEBI ICDR Regulations, the Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Except for Allocation to Individual Investors, Non-Institutional Investors, and the Anchor Investors, allocation in the Issue will be on a proportionate basis. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/ Issue Period. Allocation to the Anchor Investors will be on a discretionary basis. For allocation to the Non-Institutional Bidders, the following shall be followed:

- a) One-third of the portion available to Non-Institutional Bidders shall be reserved for Bidders with application size of more than 2 lots and up to such lots equivalent to not more than ₹ 10 lakhs;
- b) Two-thirds of the portion available to Non-Institutional Bidders shall be reserved for Bidders with application size of more than ₹ 10 lakhs.

Provided that the unsubscribed portion in either of the sub-categories specified under clauses (a) or (b), may be allocated to Bidders in the other sub-category of Non-Institutional Bidders.

Allotment to Individual Bidders shall not be less than the minimum application value, subject to availability of Equity Shares in Individual Investor Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription (except in the QIB Category), if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange.

Each Bidder by submitting a Bid in the Issue, will be deemed to have acknowledged the above restrictions and the terms of the Issue. Bidders should note that the Issue is also subject to obtaining the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and filing of the Prospectus with the RoC.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgement about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled **"Issue Procedure"** on page 303 of this Draft Red Herring Prospectus.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention are invited to the chapter titled **"Issue Procedure"** beginning on page 303 of the Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process:

For an illustration of the Book Building Process and the price discovery process, please refer to the chapter titled **“Issue Procedure”** on page 303 of this Draft Red Herring Prospectus.

Bid/ Issue Program:

Event	Indicative Dates
Bid/ Issue Opening Date ⁽¹⁾	[●]
Bid/ Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	[●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	[●]
Credit of Equity Shares to Demat accounts of Allottees	[●]
Commencement of trading of the Equity Shares on the Stock Exchange	[●]

⁽¹⁾ Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/ Issue Period shall be one Working Day prior to the Bid/ Issue Opening Date in accordance with the SEBI ICDR Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 4.00 P.M. (IST) for all Bidders. The time for applying for Individual Applicant on Bid/Issue Closing Date may be extended in consultation with the BRLM, RTA and BSE taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, Bidders/ Applicants are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue at any time before the Bid/ Issue Opening Date without assigning any reason thereof.

If our Company withdraws the Issue any time after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue and price band advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the Filing of Red Herring Prospectus/ Prospectus with RoC.

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with BSE to fulfil the obligations of Market Making) dated [●] to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issue.

[●], registered with SME Platform of BSE Limited (BSE SME) will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by BSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the SME platform of BSE Limited (BSE SME) and SEBI from time to time.
- The minimum depth of the quote shall be Rs.1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the BSE SME platform (in this case currently the minimum trading lot size is [●] equity shares of face value of ₹10/ each; however, the same may be changed by the BSE SME platform from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2-way quotes.
- There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.

- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final
- The Market Maker(s) shall have the right to terminate said arrangement by giving a six months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement. In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particulars point of time. The Market Making Agreement is available for inspection at our office from 10.00 a.m. to 5.00 p.m. on working days.
- **Risk containment measures and monitoring for Market Makers:** Stock Exchange will have all margins, which are applicable on BSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. Stock Exchange can impose any other margins as deemed necessary from time-to-time.
- **Punitive Action in case of default by Market Makers:** SME Platform of BSE Limited (BSE SME) will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- **Price Band and Spreads:** The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time
- Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 to ₹50 Crore	20%	19%
₹50 to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.

- ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price.

Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

S. No.	Market Price Slab (in ₹)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

Provided that securities locked in as minimum promoter contribution may be pledged only if, in addition to fulfilling the above requirements, the loan has been granted by such bank or institution, for the purpose of financing one or more of the objects of the Issue.
 2. In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 the Equity Shares held by persons other than the Promoters prior to the Issue may be transferred to any other person holding the Equity Shares which are locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
 3. Further in terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 the specified securities held by the promoters and locked-in as per regulation 238 may be transferred to another promoter or any person of the promoter group or a new promoter or a person in control of the issuer subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
20. Neither, we nor our Promoters, Directors and the BRLM to this Issue have entered into any buyback and / or standby arrangements and / or similar arrangements for the purchase of our Equity Shares from any person.
21. As on the date of this Draft Red Herring Prospectus, the entire Issued, Subscribed and Paid-up Share Capital of our Company is fully paid up. Since the entire Issue price in respect of the issue is payable on application, all the successful applicants will be allotted fully paid-up Equity Shares.
22. The BRLM i.e. Hem Securities Limited and their associates do not hold any Equity Shares in our Company as on the date of filing of this Draft Red Herring Prospectus.
23. **Employees Stock Option Scheme of our Company**

In order to motivate the employees and to enable them to participate in the long-term growth and financial success of the Company, with a common objective of maximizing the shareholder value, our Company has adopted the Employee Stock Option Schemes as detailed below:

1. Poojaa Precision Engg. Limited Employee Stock Option Plan 2025 (“PPEL ESOP 2025” or “ESOP Scheme”)

Our Company, pursuant to the resolution passed by our Board on December 15, 2025 and resolution passed by our Shareholders December 16, 2025 adopted Poojaa Precision Engg. Limited Employee Stock Option Plan 2025 (“PPEL ESOP 2025” or “ESOP Scheme”) with a maximum options pool of 1,46,350 equity shares. The PPEL ESOP 2025 has been framed in compliance with the Companies Act 2013, and Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021. As on the date of this Draft Red Herring Prospectus, our company has not granted any options under the PPEL ESOP 2025.

24. We have 10 (Ten) shareholders as on the date of filing of this Draft Red Herring Prospectus.
25. As on the date of filing of this Draft Red Herring Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer
26. Our Company has not raised any bridge loan against the proceeds of the Issue.
27. As on the date of this Draft Red Herring Prospectus, none of the shares held by our Promoters / Promoters Group are subject to any pledge.
28. Except for Equity Shares that may be allotted pursuant to the conversion of employee stock options granted under the PPEL ESOP 2025 and the Equity Shares Allotted pursuant to the Issue, there will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date

of filing of the Draft Red Herring Prospectus until the Equity Shares offered have been listed or application money unblocked on account of failure of Issue.

29. An over-subscription to the extent of 10% of the Issue, subject to the maximum post Issue paid up capital of Rs. 25 Crore can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to 3-year lock- in shall be suitably increased; so as to ensure that 20% of the post issue paid-up capital is locked in.
30. At any given point of time there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
31. Our Company shall comply with such disclosure and accounting norms as may be specified by BSE, SEBI and other regulatory authorities from time to time.
32. There are no Equity Shares against which depository receipts have been issued.
33. Other than the Equity Shares, there is no other class of securities issued by our Company.
34. There are no safety net arrangements for this public issue.
35. As per RBI regulations, OCBs are not allowed to participate in this issue.
36. Our Promoters and Promoter Group will not participate in this issue.
37. This Issue is being made through Book Building process.
38. Our Company has not made any public issue or rights issue of any kind or class of securities since its incorporation.
39. In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended, (the SCRR) the Issue is being made for at least 25% of the post-issue paid-up Equity Share capital of our Company. Further, this Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time.
40. No person connected with the Issue shall offer any incentive, whether direct or indirect, in the nature of discount, commission, and allowance, or otherwise, whether in cash, kind, services or otherwise, to any Bidder/Applicant.
41. We shall ensure that transactions in Equity Shares by the Promoters and members of the Promoter Group, if any, between the date of filing the Draft Red Herring Prospectus with the Registrar of companies and the Issue Closing Date are reported to the Stock Exchanges within 24 hours of such transactions being completed.

OBJECTS OF THE ISSUE

The Issue includes a fresh Issue of up to 53,10,000 Equity shares of our Company at an Issue Price of Rs. [●] per Equity Share.

We intend to utilize the proceeds of the Issue to meet the following objects:

- 1) Funding capital expenditure towards setting up of manufacturing facility at Gat No. 382,383, 386, 387, 312 Village, Tal. - Khed, Dist. - Pune – 410501, India
- 2) To meet working capital requirements.
- 3) General Corporate Purpose.

(Collectively referred as the “Objects”)

We believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the SME Platform of BSE Limited. It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company. The main object clause of our Memorandum of Association and the objects incidental and ancillary to the main objects enables us to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum of Association.

We are a precision engineering company engaged in the manufacturing of aluminium die casting and machining components for use in the automotive sector, including electric vehicle applications and the non-automotive sector, covering agriculture, defence, energy, healthcare, engineering goods industry. Our manufacturing facilities include melting units, casting lines that support gravity die casting (GDC), low-pressure die casting (LPDC), high-pressure die casting (HPDC) and machining capabilities for component finishing processes. For the year ended March 31, 2025, we produced over 500 SKUs, which also include certain safety-critical components used in automotive, electric vehicle and non-automotive applications. We endeavour to provide our customers with integrated solutions covering design, engineering, melting, casting, cleaning and value-added processes including machining, assembly and related engineering services.

Net Proceeds

The details of the Net Proceeds are set forth below:

Particulars	Amt (Rs. in Lakhs)
Gross Proceeds of the Issue	[●]
Less: Issue related expenses in relation to Fresh Issue*	[●]
Net Proceeds	[●]

**To be finalized upon determination of the Issue Price and updated in the Prospectus Prior to filing with the RoC.*

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be used in accordance with the details as set forth below:

S. No	Particulars	Amt (Rs. in Lakhs)
1	Funding capital expenditure towards setting up of manufacturing facility at Gat No. 382,383, 386, 387, 312 Village, Tal. - Khed, Dist. - Pune – 410501, India	10,224.04
2	To meet working capital requirements	3,000.00
3	General Corporate Purpose*	[●]
	Total	[●]

**To be finalized upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount utilized for general corporate purposes shall not exceed 15% of the amount raised by our Company through Proceeds from Fresh Issue or Rs. 10 Crores, whichever is lower.*

Our fund requirements and deployment thereof are based on internal management estimates of our current business plans and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs or in other financial conditions, business strategy, as discussed further below.

Means of Finance

We intend to finance our Objects of Issue through Net Issue Proceeds which is as follows:

Particulars	Amt (Rs. in Lakhs)
Net Issue Proceeds	●
Total	●

Since, the entire fund requirement is to be funded from the proceeds of the Fresh Issue and existing identifiable internal accruals, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance.

As we operate in a competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management. Further, in case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Secured/Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled **"Risk Factors"** beginning on page 21 of this Draft Red Herring Prospectus.

Subject to applicable law, if the actual utilization towards the Objects is lower than the proposed deployment, such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 15% of the Gross Proceeds or Rs. 10 Crores in accordance with Regulation 230(2) of the SEBI ICDR Regulations. In case of a shortfall in raising the requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations may require us to explore a range of options including utilizing our internal accruals and seeking additional debt from existing and/or future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilization of funds earmarked for the purpose set forth above, increased funding requirements for a particular purpose may be financed by surplus funds, if any, available in respect of other purposes for which funds are being raised in the Fresh Issue. Any variation in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company. The Objects may be varied in the manner provided in **"Objects of the Issue – Variation in Objects"** on page 86.

Proposed Schedule of Implementation:

We propose to deploy the Net Proceeds towards the Objects in accordance with the estimated schedule of implementation and deployment of funds, as set out in the table below:

(Rs. In Lakhs)					
S. No.	Particulars	Total estimated cost	To be deployed from IPO	Amount already deployed	Amount to be deployed and utilized in 2026-27
1	Funding capital expenditure towards setting up of manufacturing facility at Gat No. 382,383, 386, 387, 312 Village, Tal. - Khed, Dist. - Pune – 410501, India	10589.85	10224.04	365.81	10224.04
2	To meet working capital requirements.	3000.00	3000.00	-	3000.00
3	General Corporate Purpose*	●	●	●	●
	Total	●	●	●	●

*To be finalized upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount utilized for general corporate purposes shall not exceed 15% of the Gross Proceeds or Rs. 10 crores whichever is lower.

We intend to deploy the Net Proceeds towards the Objects as disclosed in the table above, in accordance with the business needs of our Company. However, the actual deployment of funds will depend on a number of factors, including the timing of completion of the Issue, market conditions, our Board's analysis of economic trends and business requirements, competitive landscape, as well as general factors affecting our results of operations and financial condition. Depending on such factors, we may have to reduce, revise or extend the deployment period for the stated Objects, at the discretion of our management and in accordance with applicable laws. In the event that the estimated utilization of the Net Proceeds in a scheduled Fiscal is not completely met, including due to the reasons stated above, then it shall be utilized in the next Fiscal or if required, the amount scheduled for deployment in a specific Fiscal may be utilized in an earlier Fiscal, as may be determined by our Company, in accordance with applicable laws. Any variation

in the utilization of the Net Proceeds as disclosed in this Draft Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.

The proposed deployment of the Net Proceeds has not been appraised by any bank, financial institution or agency. These are based on current conditions and are subject to revisions in light of changes in costs, our financial condition, our business operations or growth strategy or external circumstances which may not be in our control. This may entail rescheduling and revising the funding requirement for a particular Object or increasing or decreasing the amounts earmarked towards any of the aforementioned Objects at the discretion of our management, subject to compliance with applicable law. The specific number and nature of equipment, plant and machinery to be procured and the work to be undertaken by our Company may change, depending on our business requirements, from time to time. Further, our proposed capacity expansion plan is subject to the risk of unanticipated delays in implementation and cost overruns.

Details of Utilization of Net Proceeds

The details of utilization of the Net Proceeds are set forth herein below:

Notes:

- We have considered the above quotations for the budgetary estimate purpose. The actual cost of procurement and actual supplier/dealer may vary.
- All quotations received from the vendors mentioned above are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/equipment's or at the same costs.
- The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of machinery or vendor or addition/deletion of any machinery) at the time of actual placement of the order. In such case, the management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment's or utilities, as required for manufacturing. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment's and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 15% of the Gross Proceeds or Rs. 10 crores whichever is lower.
- We are not acquiring any second-hand machinery.

The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the project cost. Further, cost can be escalated on account of freight expenses, installation charges, packaging & forwarding, custom duty & taxes etc. Such cost escalation would be met out of either of surplus portion of net Issue proceeds (if any) or our internal accruals.

Key assumptions for working capital projections made by Our Company:

For the period and financial years ended September 30, 2025, March 31, 2025, March 31, 2024 and March 31, 2023, as well as estimated for financial year ended March 31, 2026 and March 31, 2027.

Particulars	31-Mar-23	31-Mar-24	31-Mar-25	30-Sept-25	31-Mar-26	31-Mar-27
Inventories (in days)	39	33	44	50	55	53
Trade Receivables (in days)	40	42	58	41	60	59
Trade payables (in days)	70	44	56	121	45	44

Justification:

Sr. No.	Particulars
Trade Receivables	The historical holding days of trade receivables has been ranging from 40 days to 60 days during Fiscal 2023 to September 30, 2025. As per the current credit terms and prevalent trend of the industry & in order to expand company's operations, the holding level for trade receivables is anticipated at 60 days during Fiscal 2026 and 59 days during Fiscal 2027 of total revenue from operations. The projected trade receivables days is a strategic decision aimed at fostering higher sales growth. With additional working capital facilities, we intend to provide our customers with credit periods, allowing them time to settle their invoices. By offering this flexibility, we expect to stimulate increased sales volume and foster stronger customer relationships.
Inventories	Inventories include Aluminium, Tooling & Dies products. The historical holding days of inventories has been in range of 33 days to 55 days during Fiscal 2023 to September 30, 2025. The Company estimates inventories holding days to be around 55 days in Fiscal 2026 and 53 days in Fiscal 2027. Further in order to avoid any supply chain disruption the company expects to maintain such inventory levels, ensuring that there is a sufficient buffer to meet operational and customer requirements.
Trade payables	Past trend of trade payable holding days has been in the range of 44 days to 121 days approximately during Fiscal 2023 to September 30, 2025. However, with additional working capital funding, our Company intends to reduce trade payable to 45 days during Fiscal 26 and 44 days during Fiscal 2027 to avail competitive purchase price to increase overall profitability of our Company. By reducing the time it takes to settle our payables, we aim to negotiate more favorable terms and conditions with our suppliers, enabling us to access competitive pricing for the raw materials we procure. Timely settlements not only solidify our long-term relationships with suppliers but also ensure the continuity of our supply chain.

3. General Corporate Purpose

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the balance Fresh Issue proceeds aggregating Rs. [●] towards the general corporate purposes to drive our business growth. In accordance with the policies set up by our Board, we have flexibility in applying the remaining Net Proceeds, for general corporate purpose including but not restricted to, meeting operating expenses, initial development costs for projects other than the identified projects, and the strengthening of our business development and marketing capabilities, meeting exigencies, which the Company in the ordinary course of business may not foresee or any other purposes as approved by our Board of Directors, subject to compliance with the necessary provisions of the Companies Act, 2013.

We confirm that any Issue related expenses shall not be considered as a part of General Corporate Purpose. Further in case, our actual Issue expenses turn to be lesser than the estimated Issue expenses of Rs. [●] lakhs, such surplus amount shall be utilized for General Corporate Purpose in such a manner that the amount for general corporate purposes, as mentioned in the Prospectus, shall not exceed 15% of the amount raised by our Company through this Issue or Rs. 10 crores whichever is lower.

Means of finance of the project

Since, the entire fund requirement is to be funded from the proceeds of the Fresh Issue and existing identifiable internal accruals, there is no requirement to make firm arrangements of finance under Regulation 230(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance. In case of a shortfall in the Proceeds from the Fresh Issue or any increase in the actual utilisation of funds earmarked for the Objects, our Company may explore a range of options including utilizing our internal accruals and/or seeking additional debt from existing and/or other lenders. For further details on the risks involved in our business plans and executing our business strategies, please see the section titled **“Risk Factors”** beginning on page 21 of the Draft Red Herring Prospectus.

Appraisal

None of the Objects have been appraised by any bank or financial institution or any other independent third-party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on available quotations and management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including but not limited to variations in interest rate structures, changes in our financial condition and current commercial conditions of our Business and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and/or borrowings and/or unsecured Loans.

Bridge Financing Facilities

As on the date of this Draft Red Herring Prospectus, we have not entered into any bridge finance arrangements that will be repaid from the Net Proceeds. However, in case of delay in the IPO and consequent delay in accessing the net proceeds of the Issue, we may draw down such amounts, as may be required, from an overdraft arrangement / cash credit / term loan facility with our lenders or through unsecured loans to finance setting up of facilities as described in the section 'Objects of the Issue' until completion of the Issue. Any amount that is drawn down from such facility availed from any Bank/NBFC or Financial Institution or through unsecured loans during this period to finance 'Objects of the Issue' will be repaid from the Net Proceeds of the Issue

Monitoring Utilization of Funds

In accordance with Regulation 262 of the SEBI ICDR Regulations, our Company will appoint a monitoring agency ("Monitoring Agency") to monitor the utilisation of the Net Proceeds. Our Company undertakes to place the Net Proceeds in a separate bank account which shall be monitored by the Monitoring Agency for utilisation of the Net Proceeds. Our Company undertakes to place the report(s) of the Monitoring Agency on receipt before the Audit Committee without any delay and in accordance with the applicable laws. Our Company will disclose the utilisation of the Net Proceeds, including interim use under a separate head in its balance sheet for such financial year/periods as required under the SEBI ICDR Regulations, the SEBI Listing Regulations and any other applicable laws or regulations, specifying the purposes for which the Net Proceeds have been utilised. Our Company will also, in its balance sheet for the applicable financial year, provide details, if any, in relation to all such Net Proceeds that have not been utilised, if any, of such currently unutilized Net Proceeds.

The reports of the monitoring agency on the utilization of the Net Proceeds shall indicate the deployment of the Net Proceeds under the following heads:

- 1) Funding capital expenditure towards setting up of manufacturing facility at Gat No. 382,383, 386, 387, 312 Village, Tal. - Khed, Dist. - Pune – 410501, India
- 2) To meet working capital requirements.
- 3) General Corporate Purpose.

Pursuant to Regulation 32(3) of the SEBI Listing Regulations, our Company shall, on a quarterly basis, disclose to the Audit Committee the uses and applications of the Net Proceeds. On an annual basis, our Company shall prepare a statement of funds utilised for purposes other than those stated in the Draft Red Herring Prospectus and place it before the Audit Committee and make other disclosures as may be required until such time as the Net Proceeds remain unutilized. Such disclosure shall be made only until such time that all the Net Proceeds have been utilized in full. The statutory auditor of our Company will also provide report/certificate on the utilization of the Net Proceeds to the monitoring agency.

Furthermore, in accordance with Regulation 32(1) of the SEBI Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilization of the proceeds of the Fresh Issue from the Objects; and (ii) details of category wise variations in the actual utilization of the proceeds of the Fresh Issue from the objects of the Fresh Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our directors' report, after placing the same before the Audit Committee.

Interim Use of Proceeds

Pending utilization of the Issue proceeds of the Issue for the purposes described above, our Company intends to deposit the funds temporarily in the scheduled commercial banks included in the second schedule of the Reserve Bank of India Act, 1934, as may be approved by our Board of Directors in compliance with the Companies Act, 2013 and other applicable laws.

Our Company confirms that pending utilization of the Net Proceeds towards the stated objects of the Issue, our Company shall not use/deploy the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets

Variation in Objects

In compliance with Section 27 of the Companies Act, 2013, our Company will not vary the Objects of the Issue unless our Company is authorized to do so by way of a special resolution of its Shareholders and such variation will be in accordance with applicable laws, including the Companies Act, 2013 and the SEBI ICDR Regulations. In addition, the notice issued to the Shareholders in

relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act, 2013 and applicable rules. The notice shall simultaneously be published in the newspapers, one in English and one in regional language of where our Registered and Corporate Office is situated, in accordance with the Companies Act, 2013 and applicable rules. Our Promoters or controlling shareholders must provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the Objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Other confirmations

There are no material existing or anticipated transactions with our Promoter, our Directors, our Company's key Managerial personnel, and Senior Management in relation to the utilization of the Net Proceeds. No part of the Net Proceeds will be paid by us as consideration to our Promoters, our Directors or key managerial personnel or Senior Management Personnel except in the normal course of business and in compliance with the applicable laws.

BASIS FOR ISSUE PRICE

Investors should read the following summary with the section titled “**Risk Factors**”, the details about our Company under the section titled “**Our Business**” and its financial statements under the section titled “**Financial Information of the Company**” beginning on page 21, 122 and 179 respectively of the Draft Red Herring Prospectus. 	Weighted Average	26.78%	
	Period ending September 30, 2025	10.63%	

*not annualized

Note:

- The figures disclosed above are based on the Restated Financial Statements of the Company.
- The RoNW has been computed by dividing restated net profit after tax (excluding exceptional items) with restated Net worth as at the end of the year/period.
- Weighted average = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e. (RoNW x Weight) for each year/Total of weights.

4. Net Asset Value (NAV) per Equity Share:

Sr. No.	NAV per Equity Share	Outstanding at the end of the year (Amt. in Rs.)
1	As at March 31, 2023	37.16
2	As at March 31, 2024	47.36
3	As at March 31, 2025	62.96
4	As at September 30, 2025	70.45
5	NAV per Equity Share after the Issue	
	(i) At Floor Price	[●]
	(ii) At Cap Price	[●]
6	Issue Price	[●]

*The above NAV has been calculated based on weighted number of shares outstanding at the end of the respective year/period.

Notes:

- The figures disclosed above are based on the Restated Financial Statements of the Company.
- NAV per share=Restated Net worth at the end of the year/period divided by weighted average number of equity shares outstanding at the end of the year/period
- Net worth is computed as the sum of the aggregate of paid-up equity share capital, all reserves created out of the profits, securities premium account received in respect of equity shares and debit or credit balance of profit and loss account.

STATEMENT OF SPECIAL TAX BENEFITS

To,
The Board of Directors,
Poojaa Precision Engg. Limited
(Formerly known as Pooja Castings Private Limited),
Gat No. 253/1A, Village-Kharabwadi,
Chakan, Pune, Maharashtra, India-410501

Sub: Statement of Tax Benefits ('The Statement') available to Poojaa Precision Engg. Limited ("The Company"), and its shareholders prepared in accordance with the requirement in Schedule VI-Clause 9L of Securities and Exchange Board of India (Issue of Capital Disclosure Requirements) Regulations 2018, as amended ("The Regulation")

Dear Sirs,

We, Mansaka Ravi and Associates, Peer-review Auditors, hereby report that the enclosed annexure prepared by the management of **Poojaa Precision Engg. Limited** states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Customs Act, 1962, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that, this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein. This report including enclosed annexure are intended solely for your information and for the inclusion in the Draft offer document/ offer document or any other issue related material in connection with the proposed initial public offer of the Company and is not to be used, referred to or distributed for any other purpose without our prior written consent.

This statement has been prepared solely in connection with the Proposed Issue by the Company under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended.

ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS

The information provided below sets out the special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

A. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE COMPANY:

1. Under Direct Tax Laws

There are no special tax benefits available to the company under Direct Tax Laws including Income Tax Act, 1961.

2. Under Indirect-tax Laws including Central Goods & Service Tax Act, 2017

Benefits under the Central Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017 and The Union Territory Goods and Services Tax Act, 2017 (read with relevant rules prescribed thereunder)

Under the Goods and Services Tax ("GST") regime, all supplies of goods and services which qualify as exports are classified as Zero-rated supplies. Zero rated supplies are eligible for claim of GST refund under any of the two mechanisms, at the option of the Company.

The Company can either effect zero-rated supplies under Bond/ Letter of Undertaking (LUT) without payment of GST and claim refund of accumulated Input Tax Credit or effect zero-rated supplies on payment of Integrated Goods and Services Tax and claim refund of the tax paid thereof as per provisions of section 54 of Central Goods and Services Tax Act, 2017. Thus, the option of claiming refund of GST on zero rated supplies is available to the Company.

B. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE SHAREHOLDERS:

1. Under Direct Tax Laws

There are no Special Tax Benefits available to the Shareholders of the Company under Direct Tax Laws including Income-tax Act, 1961.

2. Under Indirect Tax Laws

There are no Special Tax Benefits available to the Shareholders under indirect tax laws including Central Goods & Service Tax Act, 2017

NOTES:

1. The above Annexure of special tax benefits sets out the provisions of Tax Laws in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.
2. The above Annexure covers only the special tax benefits under the Act, read with the relevant rules, circulars and notifications and does not cover any benefit under any other law in force in India. This Annexure also does not discuss any tax consequences, in the country outside India, of an investment in the shares of an Indian company.
3. The above Annexure of special tax benefits is as per the current direct tax laws relevant for the assessment year 2026-27. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Tax Laws.
4. In respect of non-residents, the tax rates and consequent taxation mentioned above will be further subject to any benefits available under the relevant Double Taxation Avoidance Agreement, if any, entered into between India and the country in which the non-resident has fiscal domicile.
5. A new Section 115BAA has been inserted by the Taxation Laws (Amendment) Act, 2019 ("the Amendment Act, 2019") granting an option to domestic companies to compute corporate tax at a reduced rate of 25.17% (22% plus surcharge of 10% and cess of 4%) from the Fiscal Year 2019-20, provided such companies do not avail specified exemptions/incentives (e.g. deduction under Section 10AA, 32(1) (ia), 33ABA, 35(2AB), 80-IA etc.) The Amendment

Act, 2019 also provides that domestic companies availing such option will not be required to pay Minimum Alternate Tax ("MAT") under Section 115JB. The CBDT has further issued Circular 29/2019 dated October 02, 2019 clarifying that since the MAT provisions under Section 115JB itself would not apply where a domestic company exercises option of lower tax rate under Section 115BAA, MAT credit would not be available. Corresponding amendment has been inserted under Section 115JAA dealing with MAT credit. The company has availed the benefits of this section in all periods of restated financials.

As the Company has opted for concessional corporate income tax rate as prescribed under section 115BAA of the Act, it will not be allowed to claim any of the following deductions:

- a. Deduction under the provisions of section 10AA (deduction for units in Special Economic Zone)
 - b. Deduction under clause (iia) of sub-section (1) of section 32 (Additional Depreciation)
 - c. Deduction under section 32AD or section 33AB or section 33ABA (Investment allowance in backward areas, Investment deposit account, Site restoration fund)
 - d. Deduction under sub-clause (ii) or sub-clause (iia) or sub-clause (iii) of sub-section or subsection (2AA) or sub-section (2AB) of section 35 (Expenditure on scientific research)
 - e. Deduction under section 35AD or section 35CCC (Deduction for specified business, agricultural extension project)
 - f. Deduction under section 35CCD (Expenditure on skill development)
 - g. Deduction under any provisions of Chapter VI-A other than the provisions of section 80JJAA or section 80M;
 - h. No set off of any loss carried forward or depreciation from any earlier assessment year, if such loss or depreciation is attributable to any of the deductions referred above
 - i. No set off of any loss or allowance for unabsorbed depreciation deemed so under section 72A, if such loss or depreciation is attributable to any of the deductions referred above
6. This Annexure is intended only to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his or her tax advisor with respect to specific tax consequences of his/her investment in the shares of the Company.
7. For the purpose of reporting here, we have not considered the general tax benefits available to the company or shareholders.
8. The above statement covers only certain relevant direct tax law benefits and indirect tax law benefits or benefit.
9. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

Yours faithfully,

GLOBAL ECONOMIC OUTLOOK

The global economy is facing substantial headwinds, emanating largely from an increase in trade tensions and heightened global policy uncertainty. For emerging market and developing economies (EMDEs), the weak outlook limits their ability to boost job creation and reduce extreme poverty. This challenging context is compounded by subdued foreign direct investment into EMDEs. Global cooperation is needed to restore a more stable global trade environment and scale up support for vulnerable countries, including those in fragile and conflict situations. Domestic policy action is also critical to contain inflation risks and strengthen fiscal resilience. To unlock job creation and long-term growth, reforms should focus on raising institutional quality, attracting private investment, and strengthening human capital and labor markets.

After being buffeted by a series of adverse shocks over 2020-24, the global economy is facing another significant headwind this year, with increased trade barriers and heightened policy uncertainty leading to a notable deterioration of the outlook relative to January (figure 1.1.A). In particular, global output is expected to grow at its weakest pace since 2008, aside from outright global recessions (figure 1.1.B). The sharp increase in tariffs and the ensuing uncertainty is contributing to a broad-based growth slowdown and deteriorating prospects in most of the world’s economies (figure 1.1.C). Subdued global growth prospects are unlikely to improve materially without policy actions to address increasing trade restrictions, geopolitical tensions, heightened uncertainty, and limited fiscal space.

The global outlook is predicated on tariff rates close to those of late May prevailing throughout the forecast horizon. Accordingly, pauses to previously announced tariff hikes between the United States and its trading partners are assumed to persist. This baseline nonetheless entails the highest U.S. average effective tariff rate in nearly a century. In addition, in view of recent rapid shifts in trade policies and the potential for a return to even higher tariffs, consumers and businesses continue to grapple with unusually elevated uncertainty (figure 1.1.D). In this context, a prospective recovery in global trade and investment two important drivers of long-term development that have been relatively subdued in recent years has been disrupted. Commodity prices plunged in early April in response to deteriorating growth prospects. Oil prices posted an especially large decline, with the effects of a notable hike in oil production by OPEC+ nations compounded by a muted outlook for oil demand growth (figure 1.1.E). Base metal prices also dropped as markets priced in substantial headwinds to global manufacturing and industrial activity but have since partially recovered. Overall commodity prices are forecast to decline by 10 percent in 2025, softening further in 2026 mainly due to falling oil prices.

Global headline inflation generally remains elevated relative to central bank targets and prepandemic averages and has even risen in some advanced economies since late last year. Slower disinflation globally over the last six months has largely reflected continuing inflationary pressures from services prices. The recent rise in consumer inflation expectations has been influenced by the implementation of trade restrictions. In addition, core inflation in some economies is expected to remain high due to persistent services price increases. In all, GDP-weighted global inflation is projected to average 2.9 percent in 2025 and 2026 still a little above the average inflation target but with notable heterogeneity across economies.

Global financial conditions have been tighter this year, on average, relative to late 2024, principally reflecting trade policy uncertainty. Volatility in financial markets spiked and equity markets plunged globally as trade tensions escalated in early April; however, asset prices largely recovered after an initial 90-day tariff pause was announced and following the rollback in U.S.-China tariffs in May (figure 1.1.F). Long-term government bond yields in major advanced economies have increased since late last year, albeit with pronounced volatility. EMDE financial conditions are also somewhat tighter, on average, relative to late last year. In early April, many EMDEs saw sharp declines in equity markets amid a surge in capital outflows. Sovereign spreads rose, albeit to differing degrees based on economies’ exposure to announced trade barriers. Nevertheless, EMDE equity markets regained ground and spreads narrowed again following the partial de-escalation in trade tensions.

GLOBAL TRADE

Global trade conditions experienced a large shock in early April when the United States announced prospective tariffs on most trading partners, with rates proportional to bilateral goods trade deficits, in addition to previously announced tariffs. A sharp escalation of trade barriers between China and the United States followed. Subsequently, country-specific tariffs were reduced to a universal 10 percent including in the case of China, with initially prohibitively high tariff rates being rolled back sharply in May. However, other tariff increases remain on China and other large trade partners. As a result, the effective U.S. tariff rate has been brought to levels not seen in almost a century (figure 1.3.A). Tariff rates in effect as of May 27 are assumed to prevail throughout the forecast period, but there is notable uncertainty in this regard. The baseline projections for global trade also incorporate important carve-outs for USMCA-compliant goods, pharmaceuticals, semiconductors, bullion, energy, copper, and other critical minerals, as well as retaliatory measures in place as of late May.

Shifting policy announcements have led to heightened global trade policy uncertainty, measures of which reached historical highs over the past few months (figure 1.3.B). This reflects uncertainty over whether current tariff rates will endure, their implementation, and the scale and timing of potential retaliatory responses. New tariff measures mark an intensification of the upward trend in trade-restrictive measures seen in recent years, with a significant risk of further escalation in trade barriers, as announced policies could generate substantial spillovers to third markets. These markets may respond by adopting protectionist measures to shield domestic industries from a surge in imports.

Prior to the recent tariff announcements, growth in global goods trade had accelerated at the turn of the year, partly reflecting inventory build-ups in anticipation of changes in trade policy in major economies (figure 1.3.C). The growth in goods trade has been relatively widespread, albeit with the pace of expansion in advanced economies exceeding that in EMDEs. Likely driven by the rush

to front-load imports before tariffs took effect, the global new export orders manufacturing PMI subindex briefly entered expansionary territory in March, signaling temporary improvements in goods trade, before falling in April to its lowest level in 20 months. Global services trade growth has flattened out after several years of recovery from the pandemic, with travel activity approaching pre-pandemic levels. The stabilization in services trade is also reflected in the continued softening of the expansion in the global services PMI. Global trade growth in goods and services is projected to slow sharply in 2025, to 1.8 percent, from 3.4 percent in 2024 (figure 1.3.D). The forecast has been revised down by 1.3 percentage points since January, reflecting changes in trade policies in key economies and higher trade policy uncertainty. Increased tariffs are expected to weigh on global trade over the forecast horizon. In tandem with the projected pickup in global growth, trade growth is nonetheless forecast to firm from a feeble pace this year, reaching 2.4 percent in 2026 and 2.7 percent in 2027 still well below its pre-pandemic average of 4.6 percent. The forecast for global trade growth masks significant heterogeneity. Countries with greater export exposure to EMDE markets are projected to recover more rapidly than those more reliant on advanced economies, though elevated policy uncertainty and weakening demand could weigh on the recovery more broadly.

The outlook for global trade is subject to substantial downside risks, notably a renewed escalation of trade restrictions. Even absent further escalation, a related risk is that uncertainty about trade and other policies could slow investment, an import-intensive component of GDP, dampening trade more than anticipated.

FIGURE 1.3 Global trade

The effective U.S. tariff rate has risen sharply in 2025 to its highest level in almost a century. Trade policy uncertainty, which has reached record-high levels, could further weaken trade prospects. Global goods trade growth had firmed at the turn of the year, partly reflecting inventory build-ups ahead of new tariff announcements. Global trade growth is projected to slow substantially in 2025 and then firm in 2026–27, in line with the projected pickup in global growth.

COMMODITY MARKETS

Commodity prices have fallen since February, largely owing to weaker growth prospects amid increased trade barriers and policy uncertainty. Largely reflecting these movements, annual average commodity prices are expected to decline by 10 percent in 2025. In 2026, commodity prices are projected to soften further, by 6 percent, as production of some energy and metals commodities expands and supply constraints on several agricultural commodities ease. Thereafter, commodity prices are projected to edge up as global growth continues to recover, supporting commodity consumption. Risks to the commodity price projections are tilted to the downside, as a renewed escalation of trade tensions between major economies could further weaken global trade and investment, undermining commodity demand.

Oil prices declined precipitously in early April, as worries about the effect of rising trade tensions on demand coincided with OPEC+ pivoting toward relatively rapid increases in oil production. Brent oil prices are projected to average \$66 per barrel this year and \$61 per barrel next year, with demand growth set to remain well below 2015-19.

Agricultural commodity prices are forecast to be little changed this year and decrease slightly in 2026-27. In 2025, a surge in beverage prices reflecting weather-related supply shocks to coffee and cocoa is expected to be offset by a decline in food commodity prices, partly owing to mounting rice stocks and record-high soybean production.

In addition, maize prices are projected to edge down, in part due to lower oil prices reducing demand for maize-derived ethanol. In 2026-27, beverage prices are expected to start normalizing, with food prices broadly holding steady, such that overall agricultural prices are forecast to soften slightly.

Metal prices (excluding precious metals) fell sharply in early April as global growth prospects deteriorated, before partially recovering as trade tensions cooled somewhat. From earlier in the year, copper and aluminum prices were bolstered by the front-running of prospective tariff increases, with U.S. aluminum prices substantially exceeding the global benchmark. In all, the metals index is projected to drop by 5 percent in 2025 and drift lower in 2026 before stabilizing. Prices for most base metals are set to decline this year, reflecting trade-related headwinds to global manufacturing. The precious metals price index reflecting principally gold but also silver and platinum is projected to buck the broader trend, increasing by more than 30 percent in 2025. Annual average gold prices are expected to reach a record high this year, supported by safe haven flows, before plateauing in 2026-27.

GLOBAL INFLATION

Global headline consumer price inflation has remained elevated above pre-pandemic norms over the past year, briefly edging higher in some advanced economies in early 2025. Continued tightness in labour markets has kept core inflation at a somewhat elevated level in many economies. In EMDEs, monthly headline inflation readings were volatile earlier this year, with a pickup in core inflation partly reflecting rising services prices and wage pressures.

The outlook for global inflation has become more uncertain since last year due to a combination of shocks. Most notably, substantial tariff hikes are set to exert upward pressure on consumer inflation in key economies by raising prices for imported consumer goods and inputs into production and redirecting demand toward domestic production that is relatively inelastic in the short run (Barbiero and Stein 2025). Indeed, manufacturing purchasing managers in advanced economies have already reported accelerating input and output prices so far this year. Even so, outside economies where import duties have significantly increased, higher trade barriers are likely to be generally deflationary as they weaken external demand. There may nevertheless be other upside risks to inflation in these economies that are indirectly associated with trade restrictions. These include the potential for damage to global supply chains to push up prices in unpredictable ways, and the possibility of sizable currency depreciations.

Inflation expectations, particularly at the shorter horizon, have picked up in 2025, mainly in some major economies. This is likely explained by the expected impact of tariff increases on consumer prices, even as trade tensions weigh on economic activity and commodity prices. Persistent underlying inflationary pressures, coupled with the impact of rising tariffs and trade-protectionist measures, are anticipated to delay the normalization of global inflation to levels broadly consistent with inflation targets. On a GDP-weighted basis, global inflation is projected to average 2.9 percent in both 2025 and 2026, before easing to 2.5 percent in 2027 about in line with the average inflation target. However, there is significant heterogeneity across countries, with inflation projections revised slightly lower in EMDEs in 2025 due to the impact of weaker demand for traded goods, while being revised significantly higher in advanced economies, primarily the United States.

INDIAN ECONOMY OVERVIEW

As per the first advance estimates released by the National Statistical Office, Ministry of Statistics & Programme Implementation (MoSPI), the real gross domestic product (GDP) growth for FY25 is estimated to be 6.4 per cent. From the angle of aggregate demand in the economy, private final consumption expenditure at constant prices is estimated to grow by 7.3 per cent, driven by a rebound in rural demand. PFCE as a share of GDP (at current prices) is estimated to increase from 60.3 per cent in FY24 to 61.8 per cent in FY25. This share is the highest since FY03. Gross fixed capital formation (GFCF) (at constant prices) is estimated to grow by 6.4 per cent.

On the supply side, real gross value added (GVA) is also estimated to grow by 6.4 per cent. The agriculture sector is expected to rebound to a growth of 3.8 per cent in FY25. The industrial sector is estimated to grow by 6.2 per cent in FY25. Strong growth rates in construction activities and electricity, gas, water supply and other utility services are expected to support industrial expansion. Growth in the services sector is expected to remain robust at 7.2 per cent, driven by healthy activity in financial, real estate, professional services, public administration, defence, and other services. The analysis of growth trends in this chapter, hereinafter, is mostly based on the trends in the first half (H1) of FY25, on which the information base is more comprehensive.

The COVID-19 pandemic caused widespread disruptions to economies worldwide. Economic Survey 2023-24¹⁴ compared the post-pandemic trends until Q4 FY24 with the pre-pandemic trajectory and concluded that the economy grew briskly enough to avert any permanent loss of output. This section extends the analysis to Q2 FY25 (ending September 2024) with a sectoral view of the economy. The overall picture is encouraging. Aggregate GVA surpassed its pre-pandemic trend in Q1 FY25, and it now hovers above the trend in the H1 FY25 15.

The agriculture sector remains strong, consistently operating well above trend levels. The industrial sector has also found its footing above the pre-pandemic trajectory. The robust rate of growth in the recent years has taken the services sector close to its trend levels. A closer look at industrial sub-sectors reveals a spectrum of performances. Construction has been a standout, gaining momentum since mid-FY21 and soaring approximately 15 per cent above its pre-pandemic trend an impressive feat driven by robust infrastructure development and housing demand.

The utilities sector, including electricity, gas, water supply, and other services, reached its pre-pandemic trend by the end of FY23 and has consistently stayed above these levels. Manufacturing, while steadily recovering, remains slightly below its pre-pandemic trajectory. Meanwhile, mining continues to operate below its pre-pandemic trend. 1.27 The recovery within the services sector has been uneven. Financial, real estate and professional services have taken the lead, surpassing pre-pandemic trend levels by the end of FY23. Public administration, defence, and other services followed suit, exceeding the trend for the first time in Q1 of FY25 since the onset of the pandemic. However, trade, hotels, transport, and communication services are gradually catching up with the pre-pandemic trend. These contact-intensive sectors faced challenges due to lockdown, restricted demand for travel, and reduced demand for hospitality, entertainment, and personal services.

The real GVA grew by 6.2 per cent in H1 FY25. A strong growth momentum in Q1 FY25 was followed by a subdued performance in Q2 FY25. The agriculture and services sectors emerged as key growth drivers during this period. However, the overall growth was tempered by moderation in industrial growth, particularly in manufacturing, which faced challenges from slowing global demand and supply chain disruptions.

Agriculture growth remained steady in H1 FY25, with Q2 recording a growth rate of 3.5 per cent, marking an improvement over the previous four quarters. Healthy Kharif production, above-normal monsoons, and an adequate reservoir level supported agricultural growth. As per the first advanced estimates of agricultural production for 2024-25, total Kharif food grain production is estimated at a record 1647.05 lakh metric tonnes (LMT), higher by 5.7 per cent compared to 2023-24 and 8.2 per cent higher than the average food grain production in the past five years. The estimated increase is mainly on account of the rise in rice, maize, coarse grains and oilseeds output. A normal southwest monsoon in 2024 has improved the water levels in reservoirs, ensuring sufficient water for irrigation during the rabi crop production. As of 10 January, 2025 rabi sowing of wheat and gram was 1.4 per cent and 0.8 per cent higher, respectively, compared to the previous year. Improved agricultural prospects also bode well for softening of food inflation pressures over the course of the year.

The industrial sector grew by 6 per cent in H1 FY25. Q1 saw a strong growth of 8.3 per cent, but growth moderated in Q2 due to three key factors. First, manufacturing exports slowed significantly due to weak demand from destination countries, and aggressive trade and industrial policies in major trading nations. Second, the above average monsoon had mixed effects - while it replenished reservoirs and supported agriculture, it also disrupted sectors like mining, construction, and, to some extent, manufacturing. Third, the variation in the timing of festivities between September and October in the previous and current years led to a modest growth slowdown in Q2 FY25.

Disaggregated data reveals that while many manufacturing sub-sectors experienced growth, others faced challenges, likely due to global and seasonal factors. Oil companies suffered due to inventory losses and lower refining margins, while steel companies faced price pressures and lower global prices. The cement sector faced weak demand in Q2 due to heavy rains and lower selling prices. However, with the conclusion of the monsoon season and the expected pick-up in government capital expenditure, sectors such as cement, iron, and steel are expected to see a recovery. Further, mining and electricity are expected to normalize after the monsoon-related disruptions.

Despite various challenges, India continues to register the fastest growth in manufacturing PMI, which is also reflected in Chart I.7 of the previous section. The latest Manufacturing PMI for December 2024 remained well within the expansionary zone. The expansion rate for December 2024 exceeded its long-term average, driven by new business gains, robust demand, and advertising efforts. Meanwhile, international orders grew to a four-month high midway through the third fiscal quarter, signalling recovering external demand, as reported by companies.

According to the RBI's Industrial Outlook Survey, manufacturing firms reported improved demand conditions in Q3 FY25 and expect further improvements in Q4 FY25 and Q1 FY26. The survey also reflected better expectations for production, order books, employment, capacity utilization, and the overall business environment during Q4 FY25 and Q1 FY26.

The services sector continues to perform well in FY25. A notable growth in Q1 and Q2 resulted in 7.1 per cent growth in H1 FY25. Across sub-categories, all the sub-sectors have performed well. The robust performance of the services sector is also reflected in high-frequency indicators (HFIs). PMI services have been in an expansionary zone during H1 FY25, supported by growth in new orders, rise in output, improvement in sales and enhanced employment generation. The hospitality sector performed well, with hotel occupancy rates in H1 FY25 similar to the previous year. Average daily rates and revenue per room increased due to higher corporate and leisure travel. Air cargo activity grew in double digits, while port traffic remained stable. Information Technology (IT) companies also performed better than the previous quarter.

OUTLOOK AND WAY FORWARD

A steady growth trajectory shapes the global economic outlook for 2024, though regional patterns vary. The near-term global growth is expected to be a shade lower than the trend level. The services sector continues to drive global expansion, with notable resilience in India. Meanwhile, manufacturing is struggling in Europe, where structural weaknesses persist. Trade outlook also remains clouded in the next year.

Inflationary pressures have been easing globally, though risks of synchronized price pressures linger due to potential geopolitical disruptions, such as tensions in the Middle East and the ongoing Russia-Ukraine conflict. Central banks have adopted more accommodative monetary policies. However, the pace of rate cuts varies across regions depending on the growth imperatives and the pace of disinflation, creating potential divergences in economic recovery.

On the domestic front, rebounding rural demand augurs well for consumption. Investment activity is expected to pick up, supported by higher public capex and improving business expectations. Capacity utilization in manufacturing remains above the long-term

average, and private sector order books have shown steady growth, alongside a rise in investment intentions. However, these gains could be tempered by the global excess capacities in sectors such as steel, leading to aggressive trade policies in search of demand.

Going forward, food inflation is likely to soften in Q4 FY25 with the seasonal easing of vegetable prices and Kharif harvest arrivals. Good Rabi production is likely to contain food prices in the first half of FY26. Adverse weather events and rise in international agricultural commodity prices, however, pose risks to food inflation. Global energy and commodity prices have softened in the recent past, making the core inflation outlook benign. However, risks remain on account of significant global political and economic uncertainties.

In brief, there are many upsides to domestic investment, output growth and disinflation in FY26. There are equally strong, prominently extraneous, downsides too. Nonetheless, the fundamentals of the domestic economy remain robust, with a strong external account, calibrated fiscal consolidation and stable private consumption. On balance of these considerations, we expect that the growth in FY26 would be between 6.3 and 6.8 per cent.

Navigating global headwinds will require strategic and prudent policy management and reinforcing the domestic fundamentals. The Budget 2024-25 laid out a multisectoral policy agenda for sustained growth push.

INDIAN ENGINEERING INDUSTRY

INTRODUCTION

India's Capital Goods manufacturing industry serves as a strong base for its engagement across sectors such as Engineering, Construction, Infrastructure and Consumer goods, amongst others. The engineering sector is the largest of the industrial sectors in India. It accounts for 27% of the total factories in the industrial sector and represents 63% of the overall foreign collaborations. Demand for engineering sector services is being driven by capacity expansion in industries like infrastructure, electricity, mining, oil and gas, refinery, steel, automobiles, and consumer durables.

India has a competitive advantage in terms of manufacturing costs, market knowledge, technology, and innovation in various engineering sub-sectors. India's engineering sector has witnessed remarkable growth over the last few years, driven by increased investment in infrastructure and industrial production. The engineering sector, being closely associated with the manufacturing and infrastructure sectors, is of huge strategic importance to India's economy. The development of the engineering sector of the economy is also significantly aided by the policies and initiatives of the Indian government. The engineering industry has been de-licensed and allows 100% foreign direct investment (FDI). Additionally, it has grown to be the biggest contributor to the nation's overall merchandise exports. India became a permanent member of the Washington Accord (WA) in June 2014. It is now part of an exclusive group of 17 countries that are permanent signatories of the WA, an elite international agreement on engineering studies and the mobility of engineers.

MARKET SIZE

- In FY25, exports of engineering goods reached at Rs. 9,86,328 crore (US\$ 116.67 billion).
- The top 5 export destinations for engineering goods during FY25 were USA, UAE, Saudi Arabia, Germany and Italy.
- Capital Goods sector contributes 1.9% to overall India's GDP.
- The Quick Estimates of IIP stands at 153.3 against 151.0 in June 2024. The Indices of Industrial Production for the Mining, Manufacturing and Electricity sectors for the month of June 2025 stand at 123.2, 152.3 and 217.1 respectively.
- India's total installed power capacity reached 476 GW as of June 2025.
- The heavy engineering and machine tools sector are a vital component of the capital goods industry. Currently, India's capital goods sector is receiving considerable focus due to its essential contribution to industrial growth and economic development. Notably, the production within this sector has surged from Rs. 2,29,533 crore (US\$ 27.2 billion) in CY15 to Rs. 4,29,001 crore (US\$ 50.7 billion) in CY24.
- Foundry industry has a turnover of approx. US\$ 20 billion with exports of approx. US\$ 3.54 billion.
- There are 750-800 domestic Medical Devices manufacturers in India, with an average investment of US\$ 2.3-2.7 million and an average turnover of US\$ 6.2-6.9 million.
- India switchgear market size was estimated at US\$ 9.75 million in 2022 and is expected to grow at CAGR of 7.12% reaching a value of US\$ 18.23 million by 2029.
- India's automotive industry is worth more than US\$ 222 billion, contributes 8% of the country's total export, accounts for 7.1% of India's GDP and is set to become the 3rd largest in the world by 2030.
- The Indian agricultural equipment market has reached a value US\$ 10.25 billion in 2023 and is anticipated to grow at a CAGR of 5.24% through 2029.

- The Indian machine tool market size reached US\$ 1.5 billion in 2023 and is expected to reach US\$ 3.2 billion by 2032, exhibiting a growth rate (CAGR) of 8.2% during 2024-32.

INVESTMENTS

Engineering accounts for about 25% of India's total global exports in the goods sector and is one of the largest foreign exchange earners. As per the budget estimates (BE) of FY26, the production-linked incentive (PLI) scheme for the automobile and auto components sector got a massive boost at Rs 2,818.85 crore (US\$ 322.90 million) in FY26.

GOVERNMENT INITIATIVES

The Indian engineering sector is of strategic importance to the economy owing to its intense integration with other industry segments. The sector has been de-licensed and enjoys 100% FDI. With the aim to boost the manufacturing sector, the government has relaxed the excise duties on factory gate tax, capital goods, consumer durables and vehicles.

- MHI is implementing the Scheme for 'Enhancement of Competitiveness in the Indian Capital Goods Sector Phase 2' in order to facilitate adoption of Industry 4.0 and to promote investments in manufacturing sector, indigenization of technologies and creation / augmentation of common service infrastructure / Testing facilities. Rs. 250 crores have been allocated under this Scheme for Financial Year 2023-24.
- The Ministry of Heavy Industries (MHI) launched two Production Linked Incentive (PLI) Schemes, namely PLI Scheme for Automobile and Auto Component Industry, and PLI Scheme for National Programme on Advanced Chemistry Cell (ACC) Battery Storage.
- To increase the employability of engineering graduates in the country, AICTE (All India council of technical education) leadership is taking a lot of efforts and recommends model curriculum for engineering programs like AI, IoT, Robotics, Block chain, Machine learning, Data Science and Cyber security.
- In the Union Budget 2025-26, the government allocated Rs. 2,87,333 crore (US\$ 330.8 billion) to the Ministry of Road Transport and Highways, a 2.4% rise over Rs. 2,80,500 crores in 2024-25.
- The Indian electrical equipment market is set to experience significant growth in the coming years, with a forecasted incremental growth of Rs. 6,44,533 crore (US\$ 76.24 billion) at a compound annual growth rate (CAGR) of 14.3% from FY24 to FY28.
- India has constructed 5,614 kms of highways in FY25 comprising expressways, national, state highways, district and village roads.
- The automobile component industry turnover stood at Rs. 3.3 lakh crore (US\$ 39.6 billion) during first half of FY25, registering a revenue growth of 11.3% as compared to first half of FY24.
- The All-India Council for Technical Education (AICTE) has launched educational books for diploma and under-graduate engineering courses in Marathi language so that students can learn better in their native language.
- The AICTE has entered into collaborations with the MSME ministry, NHAH and DM offices in 150 districts to facilitate engineering internships for students.
- Prime Minister Mr. Narendra Modi, on the country's 75th Independence Day, announced plans to invest Rs. 100 trillion (US\$ 1.35 trillion) in infrastructure to stimulate economic development and generate employment.

ROAD AHEAD

India's engineering and capital goods sector is poised for strong and sustained growth, driven by infrastructure development, industrial expansion, and rising exports. The electrical equipment market alone is expected to grow by nearly US\$ 33 billion between 2021 and 2025, supported by strong demand across power, manufacturing, and infrastructure. Similarly, the India Engineering Research and Development (ER&D) services market is estimated at US\$ 133.71 billion in 2025 and is projected to reach US\$ 217.90 billion by 2030, growing at a CAGR of 10.3%.

Construction and heavy machinery will remain critical growth drivers. The construction equipment market, valued at Rs. 69,046 crore (US\$ 7.91 billion) in 2025, is projected to reach Rs. 1,02,827 crore (US\$ 11.78 billion) by 2030, while equipment sales are expected to cross 165,000 units by 2028. The earthmoving and construction equipment (ECE) industry, already the third-largest globally, grew by 26% year-on-year to 135,650 units in FY24, with demand expected to accelerate further alongside infrastructure projects. The machine tools market, catering to automobiles and textiles, is also expected to touch US\$ 2.5 billion by 2028, growing at a CAGR of 9.4%.

In the power and energy-linked segments, steady growth is anticipated. The steam boiler systems market is projected to reach nearly US\$ 22.56 billion by 2027, while the generator sets market is expected to expand at over 5% CAGR through 2025. The power transformer market, valued at Rs. 16,063 crore (US\$ 1.9 billion) in FY22, is expected to nearly double to Rs. 28,744 crore (US\$ 3.4 billion) by FY30.

Automobiles and electric mobility will play a transformative role. Passenger vehicle sales touched a record 4.3 million units in FY25, while retail automobile sales grew 6.46% year-on-year. India's EV sector is accelerating rapidly, with total EV sales crossing 20 lakh in FY25, half of which came from electric two-wheelers. Exports also surged, with overall automobile exports rising 19% to 5.3 million units in FY25. Passenger vehicle exports hit an all-time high of 7,70,364 units, boosted by strong global demand for India-manufactured models.

India is also emerging as a significant player in high-value exports. Engineering goods exports are expected to reach US\$ 200 billion by 2030, while medical devices exports are set to touch US\$ 10 billion by 2025. The government is pushing to make India a major exporter of telecom equipment within the next two to three years, aligned with the Make in India initiative and broader efforts to improve ease of doing business.

Together, these trends indicate that India's engineering, capital goods, and allied industries will continue to grow as vital enablers of economic expansion, infrastructure development, and global trade leadership.

INDIAN AUTO COMPONENTS INDUSTRY

INTRODUCTION

India has emerged as the fastest-growing economy in the world in recent years. Rising incomes, higher infrastructure spending, and supportive manufacturing incentives have together accelerated the automobile sector, making it a critical pillar of India's growth story. The two-wheeler segment, driven largely by the expanding middle class, continues to dominate the market, with sales reaching 19.6 million units in FY25. This surge in demand has also encouraged the expansion of original equipment and auto component manufacturers, helping India build strong expertise in this space and enhancing global demand for Indian vehicles and components.

The industry is now witnessing a shift towards electrification, though internal combustion engine (ICE) vehicles continue to dominate. In 2024, India produced 100,000 electric cars and 900,000 electric two-wheelers, alongside 20 million two-wheelers and 5 million cars powered by ICE technology. Supporting this growth, the auto component industry has become a vital segment of the economy, spanning large corporations to micro enterprises across manufacturing clusters nationwide. It accounted for 2.3% of India's GDP in FY25 and provided direct employment to over 1.5 million people, a figure expected to rise as the sector's GDP contribution reaches 5-7% by 2026.

The Indian auto component industry recorded a turnover of Rs. 6,73,000 crore (US\$ 78.74 billion) in FY25, registering a CAGR of 14% between FY20 and FY25. The sector is projected to achieve exports worth Rs. 8,54,700 crore (US\$ 100 billion) by 2030, underscoring its global competitiveness. In FY25, exports stood at Rs. 1,95,726 crore (US\$ 22.9 billion). North America remained the largest export destination with a 32% share, recording 8.4% growth, while Europe, with a 29.5% share, registered a 2.1% decline. Asia accounted for 26% of exports and witnessed robust growth of 15.1%. The key export items included drive transmission and steering, engine components, body and chassis parts, suspension systems, and braking components.

MARKET SIZE

India's auto components industry has significantly expanded its market share, driven by rising automobile demand from the growing middle class and strong global exports. The sector has attracted both Indian and international players and is broadly classified into organised and unorganised segments. While the unorganised sector primarily caters to the aftermarket with low-value items, the organised sector focuses on supplying high-value precision instruments to Original Equipment Manufacturers (OEMs). India's automobile production further highlights the scale of demand that supports the component industry. In FY25, domestic sales stood at 1,96,07,332 units for two-wheelers, 43,01,848 units for passenger vehicles, 9,56,671 units for commercial vehicles, and 7,41,420 units for three-wheelers.

During the same period, the total production of passenger vehicles, commercial vehicles, three-wheelers, two-wheelers, and quadricycles was 3,10,34,174 units. In FY25, domestic OEM supplies accounted for about 54% of the industry's turnover, followed by the domestic aftermarket at around 10% and exports at 19%. Supplies to OEMs stood at Rs. 5,70,000 crore (US\$ 66.69 billion), reflecting a 10% YoY growth, while the aftermarket segment was valued at Rs. 99,948 crore (US\$ 11.6 billion), recording a 6% increase over FY24.

INDIAN AUTO COMPONENTS INDUSTRY - EXPORT GROWTH

- Auto component exports increase by 8% to Rs. 1,95,726 crore (US\$ 22.9 billion) in FY25 from Rs. 1,81,196 crore (US\$ 21.2 billion) in FY24.
- Over 25% of India's auto component production is exported annually, with the industry targeting a Rs. 59,829 crore (US\$ 7 billion) investment by FY28 to boost localisation of advanced components.
- In FY25, North America, which accounted for 32% of India's auto component exports, recorded a growth of 8.4%, while Europe (29.5% share) saw a 2.1% decline. Asia, contributing 26%, witnessed a robust growth of 15.1%.
- Major export categories included drive transmission and steering systems, engine components, suspension and braking parts, and body/chassis components.

INDIAN AUTO COMPONENTS INDUSTRY - GROWTH DRIVERS

Demand-Side Drivers

- Robust growth in domestic automotive industry.
- Increase in investment in Road infrastructure
- Growth in working population & middle- class income will drive the market.
- With the Self-Reliant India mission, the auto industry is looking to half its Rs. 1 trillion (US\$ 13.6 billion) worth of auto component imports over the next 4-5 years. This will provide significant opportunities for existing and new auto components players to scale up.

Supply-Side Drivers

- Competitive advantage facilitating emergence of outsourcing hub.
- Technological shift and focus on R&D.

Policy Support

- Establishing special auto parks & virtual SEZs for auto components.
- Lower excise duty on specific parts of hybrid vehicles.
- PLI schemes has been extended to the automobile sector with an aim of creating an incremental output of Rs. 2,31,500 crore (US\$ 31.08 billion).
- With nearly Rs. 11,500 crore (US\$ 1.35 billion) allocated, FAME-I and FAME-II provide consumer incentives for EVs, indirectly driving demand for domestic EV components, batteries, motors, power electronics, and charging infrastructure.

GOVERNMENT INITIATIVES AND FAVOURABLE POLICY MEASURES AIDING GROWTH

The Government has reaffirmed its commitment towards EVs and its mission for 30% electric mobility by 2030. Budget announced customs duty exemption on the import of capital goods and machinery required for the manufacture of lithium-ion batteries that typically power EVs. The Union Cabinet approved the Production Linked Incentive (PLI) Scheme for the Automobile and Auto Components sector on September 15, 2021, with a budgetary outlay of Rs. 25,938 crore (US\$ 3.03 billion) from FY23 to FY27. The scheme is expected to attract fresh investments of over Rs. 42,500 crore (US\$ 4.9 billion) during this period.

The Bharat New Car Assessment Program (BNCAP) will boost the auto component value chain by driving advanced manufacturing, fostering innovation, and promoting global standards. The Government of India's Automotive Mission Plan (AMP) 2006-26 has been instrumental in ensuring growth for the sector. The Indian automobile industry is expected to achieve a turnover of US\$ 300 billion by 2026 by expanding at a CAGR of 15% from its current revenue of US\$ 74 billion.

The government's AMP 2016-26 will help the automotive industry grow and will benefit the economy in the following ways:

- The auto industry's GDP contribution will rise to over 12%.
- Additional ~65 million direct and indirect jobs will be created.
- End-of-life policy will be implemented for old vehicles.

FAVOURABLE POLICY MEASURES AIDING GROWTH

1. National Electric Mobility Mission Plan (NEMMP) 2020

- The vision of this scheme is for faster adoption of EVs and their manufacturing in the country.

2. NATRIP

- Adopt & on providing & Set up at a total cost of US\$ 388.5 million to enable the industry to implement performance standards.
- Focus manufacturing development solutions. Global low-cost product

3. Dept. of Heavy Industries & Public Enterprises

- Created a US\$ 200 million fund to modernise the auto components industry by providing interest subsidy on loans & investments in new plants & equipment.
- Provided export benefits to intermediate suppliers of auto components against Duty- Free Replenishment Certificate (DFRC).

4. Automotive Mission Plan 2016-26 (AMP 2026)

- AMP 2026 targets a four-fold growth in the automobile sector in India, which includes manufacturers of automobiles, auto components & tractors over the next 10 years. It is expected to generate an additional employment of 65 million.

5. FAME Scheme

- Aimed at incentivising all vehicle segments: two wheelers, three wheelers, four wheelers, LCVs and buses. It covers hybrid & electric technologies like Mild Hybrid, Strong Hybrid, Plug in Hybrid & Battery Electric Vehicles.
- In March 2023, centre approved Rs. 800 crore (US\$ 97.85 million) for 7,432 public fast charging stations under the FAME Scheme Phase II.
- In January 2024, the Government of India approved additional fund of Rs. 1,500 crore (US\$ 180.3 million) for second phase of FAME- II.

6. Union Budget 2025-26

- Government has announced duty exemptions on lithium-ion battery scrap and other essential minerals. This initiative also includes adding 35 capital goods for electric vehicle production to the exemption list, with the goal of enhancing domestic production.

INDIAN AUTO COMPONENTS INDUSTRY- ROAD AHEAD

The rapidly globalising world is creating new opportunities for the transportation industry, particularly with the shift towards electric, electronic, and hybrid vehicles that are seen as more efficient, safe, and reliable. Over the next decade, this transition will open new verticals for auto component manufacturers, supported by strong government policy measures. The Indian government has already introduced production incentives and is investing heavily in electric vehicle (EV) infrastructure, including the exemption of customs duties on capital goods and machinery used for producing lithium-ion cells.

The EV ecosystem is expected to expand rapidly, with the number of charging stations projected to rise from 12,146 in February 2024 to 4 lakh by 2026. This will enable the auto component industry to strengthen its capabilities in EV components manufacturing, positioning India as a global hub for clean mobility solutions. As global supply chains realign, India's automotive component trade is expected to expand 4-5% annually to reach US\$ 80 billion by 2026.

At the same time, manufacturers are increasingly focusing on sustainable solutions, lightweight materials, and efficient production processes to meet the evolving needs of the automotive sector. The integration of digitalisation and data analytics is also becoming a priority to optimise operations and enhance product performance. Going forward, collaboration with automakers, continuous investment in research and development, and adaptation to changing regulations will be critical for the industry to stay competitive. With these shifts, the Indian auto component sector is set to play a pivotal role in shaping the future of mobility, reinforcing India's position as the world's third-largest automobile market by both value and volume.

COMPANY OVERVIEW

We are a precision engineering company engaged in the manufacturing of aluminium die casting and machining components for use in the automotive sector, including electric vehicle applications and the non-automotive sector, covering agriculture, defence, energy, healthcare, engineering goods industry. Our manufacturing facilities include melting units, casting lines that support gravity die casting (GDC), low-pressure die casting (LPDC), high-pressure die casting (HPDC) and machining capabilities for component finishing processes. For the year ended March 31, 2025, we produced over 500 SKUs, which also include certain safety-critical components used in automotive, electric vehicle and non-automotive applications. We endeavour to provide our customers with integrated solutions covering design, engineering, melting, casting, cleaning and value-added processes including machining, assembly and related engineering services.

We supply components such as bracket, compressor, intake manifold, cylinder head cover, assembly air intake manifold, camshaft carrier, clutch housing, cover front, oil filter holder (NA), elbow assembly etc. for the automotive sector. For the electric vehicle mobility sector, our supplies include transmission housings, brackets and housing bearing sleeve assembly. For the non-automotive sector, we supply drive box housing FA5, cast flange, elbow, turbo outlet, external conductor, contact carrier (fertigteil), upper bracket, conductor, carrier, drive box housing (FA1) etc. We have diversified our product portfolio from supplying components primarily to the automotive sector to also supplying components to the electric vehicle segment and components used in Non-automotive sector including agriculture, defence, energy, healthcare, engineering goods and certain other industries. For further information on our product offerings, see “**Our Product Offerings**” on page 124.

Our customer base has increased from 39 customers in Fiscal 2023 to 56 customers in Fiscal 2025, and we served approximately 46 customers during the half year ended September 30, 2025. We have generated repeated business from 22 customers during the above periods. In the automobile segment, our customers include original equipment manufacturers and tier-1 automotive suppliers operating in the domestic market. We also export automobile components to customers in international markets including countries like Germany, United States, Italy and Switzerland. The table below sets out our revenue from operations for the automotive sector, electric vehicle segment and non-automotive sector for the periods indicated, based on our Financial Information.

Our Company was incorporated on August 12, 1992 and was engaged in the business of aluminium castings. In 2007, we commenced operations at our manufacturing facility located at Gat No. 253/1A, Chakan - Talegaon Road, Kharabwadi, Chakan, Pune, Maharashtra, 410501. To address increasing demand, we established a second manufacturing facility at Gat No. 251/1, Plot No. 9, 10, 11, 13 (old GAT No. 2787/1), Talegaon Chakan Road, Kharabwadi, Chakan Industrial Area, Pune, Maharashtra, 410501, which started operations during the year 2021. We currently operate abovementioned two manufacturing facilities with a combined melting capacity of 13800 MT (annual) and casting and finishing capacity of approx. 6000MT (annual) as on September 30, 2025, supporting melting, casting, cleaning, engineering and machining operations. Our plant and machinery which included equipment from the melting stage to the finishing stage, covering melting furnaces, casting machines, trimming and cutting equipment, machining and associated material-handling and auxiliary systems, support the manufacturing of casting and precision components through gravity

die casting (GDC), low pressure die casting (LPDC) and high pressure die casting (HPDC) processes. We are in the process of establishing an additional manufacturing unit in Pune ("Unit III"), which will be used for the production of components similar to those manufactured at our existing facilities by utilizing the net proceeds from the IPO. We are also undertaking a diversification into the manufacturing of precision components using magnesium. For this purpose, we are setting up Unit IV, which will carry out sample development and submission activities for magnesium components until customer and OEM approvals are obtained.

Our in-house design and engineering functions support the development of a range of precision engineering components and solutions and have enabled us to expand our business across different sectors. We also undertake reverse engineering activities to support customer design requirements. Our reverse engineering process involves the examination and deconstruction of customer-provided sample components to generate design data, develop drawings and prepare prototypes/models. These activities are supported by X-ray machines used for internal structure assessment of components, enabling the identification of internal profiles, cavities and dimensional characteristics required for product development. Our design and engineering team comprises 16 employees and is equipped with tools and software such as Adstefan, casting simulation software, Solidcam Bundle standard software etc., which facilitate activities relating to design development, analysis, modelling and engineering support for customers.

We have established quality management systems that support compliance with customer requirements, industry standards and certification norms. Our facilities hold ISO 14001:2015 and ISO 45001:2018 certifications for the manufacturing of machined and assembled aluminium alloy castings at Gat No. 251/1, Plot Nos. 9, 10, 11 and 13, Chakan–Talegaon Road, Kharabwadi, Pune; ISO 9001:2015 certification for the facility at Gat No. 253/1A, Kharabwadi, Chakan, Pune; and IATF 16949:2016 certifications for both the above facilities. Also, our existing manufacturing facilities are subject to periodic audits by customers and certification authorities. Further, before being appointed as a supplier to OEMs or their vendors in the automotive and electric vehicle segments, we undergo a qualification and assessment process that includes facility evaluations, process audits and testing of sample components. Components supplied to automotive customers also undergo customer-specific inspection and validation procedures before purchase orders are issued. Over the years, we have received awards from customers for quality excellence, product development and supplier performance, including awards such as the Best Project Award-I Quality Improvement, Innovative Approach for Development, Quality Excellence Award, Best Casting Competition, Best Supplier Award, Gold Award etc. from our customers.

Our business operations are overseen by our management team, Key Managerial Personnel ("KMP") and Senior Managerial Personnel ("SMP"), who supervise functions relating to manufacturing, engineering, finance, supply chain, quality, marketing and operations. The Board is chaired by Anil Shivajirao Kulkarni, Chairman and Whole-Time Director, who has experience of around 32 years in the field of aluminium die casting, tooling and engineering manufacturing sectors. The day-to-day management of the Company is led by Sanket Anil Kulkarni, Managing Director, who has experience of over 16 years in the casting and engineering industry, and is responsible for overall strategic leadership, production, operations, quality, finance, business development, driving profitability through cost optimization, productivity improvement, and capacity utilization, oversight to tooling, die design, casting processed and continuous improvement initiatives. Further, Rahul Sohanlal Ranka, our Whole Time Director has an experience of over 25 years in the alloy manufacturing, casting, manufacturing, and engineering sectors. He is responsible for overall commercial operations, driving margin improvement through effective product costing, yield optimization, and price negotiations, leading commercial negotiations with OEMs, Tier-1 customers, and export clients, managing raw material procurement, vendor contracts, and business expansion initiatives. They are supported by senior personnel overseeing production, quality, design and engineering, programme management, supply chain, human resources and administration. The Board of Directors provides overall direction and monitors the performance of the Company's business units. For further details regarding the profiles, roles and responsibilities of our Directors, senior management and KMP, see **"Our Management"** on page 154.

The table below sets out some of our financial and other metrics as at and for the six months period ended September 30, 2025 and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023, based on our Restated Financial Information:

Notes:

- ⁽¹⁾ 'Revenue from Operations' means the Revenue from Operations as appearing in the Restated Financial Statements
- ⁽²⁾ 'EBITDA' is calculated as Profit before tax + Depreciation + Total Interest Expenses - Other Income
- ⁽³⁾ 'EBITDA Margin' is calculated as EBITDA divided by Revenue from Operations
- ⁽⁴⁾ 'PAT' is calculated as Profit before tax – Tax Expenses

- (5) 'PAT Margin' is calculated as PAT for the period/year divided by revenue from operations.
- (6) 'Net worth means Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss).
- (7) 'Return on Equity' is the ratio of Restated Profit after Tax and divided by average shareholders' Equity.
- (8) 'Return on Capital Employed' is calculated as EBIT divided by capital employed, which is defined as shareholders' equity plus total borrowings {current & non-current} and deferred tax.

OUR PRODUCT OFFERINGS

1. **Automotive segment:** We manufacture products which are used in different parts of the automobile. These components ensure the engine runs efficiently, safely, and reliably. Aluminium castings reduce overall vehicle weight and allow complex geometries for optimized airflow and fluid dynamics. Some of our major products and components under the automotive segment are listed below-

Intake manifold

Cylinder head cover

EGR Housing Component

Intake Mainfold Assembly

Camshaft carrier

Clutch Housing

Oil Filter Holder

Elbow Assembly

2. **Electronic vehicle segment** – Some of our major products and components under the electric vehicle segment are listed below-

Cover

Transmission casing application

Oil pump cover

Housing Bearing Sleeve Assembly

3. **Non-Automotive segment** - Apart from the automobile and electrical vehicle segment we are increasingly focusing on other sector including agriculture, defence, energy, healthcare, engineering goods to diversify our product offerings and enabling broader application of our products across multiple industries and enhancing growth opportunities. Some of our major products and components under this segment are listed below-

Base Lower Section

Casted Tube

Horizontal Slide

C-Arc Holder

Filter Head

Rocker Arm

Pipemeter body

FA1

Conductor

Contact Carrier

OUR COMPETITIVE STRENGTHS

1. Integrated manufacturing capabilities

We operate out of our two manufacturing facilities located in Pune, Maharashtra, which are equipped with (i) melting furnaces and ladle furnace used in melting activities, (ii) casting machines capable of undertaking different type of casting i.e. gravity die casting (“GDC”), Low pressure die casting (“LPDC”) and High pressure die casting (“HPDC”), (iii) high-precision machining equipment, (iv) heat treatment furnaces and induction hardening equipment & (v) testing equipment like spectro analysis instruments, hardness testing machines, density index units, vacuum analysers, leak-testing systems (dry-cum-wet, hydro-test and wet-type), universal testing machines, coordinate measuring machines (CMM) and 3D scanning and inspection systems. Our manufacturing facilities hold ISO 14001:2015 and ISO 45001:2018 certifications for the manufacturing of machined and assembled aluminium alloy castings at Gat No. 251/1, Plot Nos. 9, 10, 11 and 13, Chakan–Talegaon Road, Kharabwadi, Pune; ISO 9001:2015 certification for the facility at Gat No. 253/1A, Kharabwadi, Chakan, Pune; and IATF 16949:2016 certifications for both the manufacturing facilities. The table below sets details of our installed capacity and capacity utilization, for the periods indicated:

Particular		UOM	September 30, 2025	2024-25	2023-24	2022-23

We operate on a purchase order basis, where our customers provide us with estimated order quantities on periodic basis. The final orders received may fluctuate, based on the demand at that time. This helps us aim to keep our manufacturing lines operating at optimum levels. Further, our manufacturing facilities are located in close proximity to each other, which has benefitted us by

optimizing our production and delivery solutions. For further details in relation to our manufacturing facilities, see **“Our Location”**. Further, we intend to use the Net Proceeds amounting to Rs. 10,224.04 lakhs towards establishment of Unit III which shall be used for manufacturing of aluminum die casting and machining components. This expansion will include installation of machines capable of melting, casting and finishing the components with an installed capacity of approx. 15000 MTPA for melting and 6,600 MTPA for casting and finishing activities. For further details pertaining to the utilization, see **“Objects of the Issue”** on page 86.

2. Design capabilities with emphasis on customer specifications & quality standards

We have undertaken several initiatives, including engaging closely with our customers to design and develop products manufactured based on customer specific requirements. We develop components and processes through our precision engineering and our in-house design and manufacturing capability and in adherence to the specifications and requirements of our customers. Our precision engineering capabilities has enabled us to develop and deploy reverse engineered solutions, which help provide us with a competitive advantage in terms of quality, cost and delivery parameters. These capabilities enable us to offer quality products at an optimal cost. Our design team is equipped with software tools such as computer-aided design tools, which further enhance the design and development processes that we utilize. We maintain consistent quality standards and our products undergo several checks during the course of production. All of our products are built to specifications as provided by our customers, and any deviation more than the acceptable standard would result in the particular piece being scrapped. Further, as a customer on-boarding process with several of our customers, we may be subject to audits from them. These customers conduct a detailed audit of our operations which includes manufacturing capability, quality control capability, delivery performance, customer supplier management, design & development and management culture, among other things. For further details, please see **“Quality Control”** on page 132.

3. Diverse customer base with sustained, long-standing relationships

We have over the years, built a diverse customer base with different clients in the industry that we operate in. Our relationship with our customers has accelerated our growth. We focus on assisting customers meet their requirements, including in terms of cost, delivery, productivity, product reliability, quality and low time to market. We believe that this, together with our delivery standards and performance, has enabled us to acquire, service and deepen and strengthen our relationship with a diverse range of customers. The table below sets out the list of our top 5 key customers, and their contribution to our revenue from operations, for the last 3 financial years and period ending September 30, 2025:

**The customers may vary across the fiscal/relevant period.*

Furthermore, basis our designing and precision engineering capabilities, we have collaborated with the customer through the design process to customize the product to their needs. Our customers also benefit from a fast turnaround time on account of our in-house finishing capabilities. We serve customers in both, the Indian and overseas markets. The table below sets out the details of our total revenue from operations from customers with geographical locations outside India, for the last 3 financial years and period ending September 30, 2025:

(Amt in Rs. Lakhs)

4. Offering precision engineering solutions with a comprehensive product portfolio

We are a precision engineering company, with a primary focus on manufacturing aluminum die casting components for use in, among others, the automotive sector including electronic vehicle, agriculture, defence, energy, healthcare, engineering goods and certain other industries. Our manufacturing units is equipped with the melting capacity of 13800 MT and casting/machining capacity of 6000 MT capable of undertaking gravity die casting (“GDC”), Low pressure die casting (LPDC”) and High pressure die casting (“HPDC”). These manufacturing facilities are capable to produce a range of casting products. We manufacture critical parts including bracket, compressor, intake manifold, cylinder head cover, assembly air intake manifold, camshaft carrier, clutch housing, cover front, oil filter holder (NA), elbow assembly etc. for the automotive sector. For the electric vehicle mobility sector, our supplies include

transmission housings, brackets and housing bearing sleeve assembly. For the non-automotive sector, we supply drive box housing FA5, cast flange, elbow, turbo outlet, external conductor, contact carrier (fertigteil), upper bracket, conductor, carrier, drive box housing (FA1) etc. Further, we believe that we also add value to the business of our customers by offering engineering solutions to support their design requirements and possess the capability to offer other value-added services. Our business is driven by innovation and technology, and we believe in identifying, planning and addressing industry requirements by bringing new solutions to the market.

As a manufacturing company, we continuously strive to achieve higher operational efficiencies and cost optimization and develop long-standing relationships with our OEM customers and their vendors. Furthermore, our machining capabilities, automation of manufacturing processes, adherence to standards of quality and consistency, help in achieving operational efficiency and maintain our quality control and development parameters. We believe that the consolidation of our machining facilities will enhance our capacity utilization and optimizing and increase our business share in the supply of machined parts to our customer, adding value to the components manufactured by us, enhancing our margins.

5. Experienced promoters and management team

Our Promoters and Key Managerial Personnel include Anil Shivajirao Kulkarni, Chairman and Whole-Time Director, Sanket Anil Kulkarni, Managing Director and Rahul Sohanlal Ranka, Whole-Time Director. Anil Shivajirao Kulkarni is responsible for providing strategic direction, oversight of business strategy, capital investment, organizational growth, mentoring senior leadership and representing the company, and has 32 years of experience in the precision engineering and castings sector. Sanket Anil Kulkarni oversees strategic leadership, production, operations, quality, finance, business development, driving profitability through cost optimization, productivity improvement, and capacity utilization, oversight to tooling, die design, casting processed and continuous improvement initiatives, with 16 years of experience in the automotive, electric vehicle and non-automotive precision engineering sectors. Rahul Sohanlal Ranka supervises overall commercial operations, driving margin improvement through effective product costing, yield optimization, and price negotiations, leading commercial negotiations with OEMs, Tier-1 customers, and export clients, managing raw material procurement, vendor contracts, and business expansion initiatives, and has 25 years of experience in alloy manufacturing, casting, manufacturing, and engineering sectors. The senior management team comprises personnel responsible for production, engineering, design, programme management, supply chain, quality, human resources and administration. As of January, 2026, the Company has a workforce of 192 full-time employees, supported by contract workers engaged on an operational basis depending on the requirements of ongoing production and development activities. The design and development function is managed by a dedicated team of around 16 employees, responsible for product design, engineering, tooling design, process planning and customer-specific engineering support. The in-house quality assurance and control team comprises 46 employees, who oversee inspection, testing, process validation and compliance with customer and industry standards across all manufacturing operations. Our sales and marketing team comprises personnel with experience in the automotive, electric vehicle and manufacturing sectors, responsible for customer engagement, business development, order management, technical support and coordination with OEMs and other industry partners.

6. Track record of consistent revenue growth and profitability

We have established a track of consistent revenue growth and profitability. Our revenue from operations, calculated on the basis of our Restated Financial Information, increased from Rs. 16337.92 lakhs in Fiscal 2023 to Rs. 22199.93 lakhs in Fiscal 2025 at a CAGR of 16.6% while our profit for the year, calculated on the basis of our Restated Financial Information, increased from Rs. 1410.20 lakhs in Fiscal 2023 to Rs. 2393.08 lakhs in Fiscal 2025 at a CAGR of 30.3%. Further, our total income, calculated on the basis of our Restated Financial Information, increased from Rs. 16408.96 lakhs in Fiscal 2023 to Rs. 22280.04 lakhs in Fiscal 2025. Our return on net worth, calculated on the basis of our Restated Financial Information, has been 27.72% in Fiscal 2023 and increased to 27.76% in Fiscal 2025. We believe that our continued focus on efficiency, productivity improvements and cost rationalization have enabled us to keep our operating costs under control and improve our margins. For information in relation to our financial performance and a comparison with our listed peers, see **“Basis for Issue Price”** on page 100.

OUR BUSINESS STRATEGIES

1. Maintain focus on quality and increasing process design capabilities

We place emphasis on maintaining quality standards throughout our manufacturing operations. To achieve this, we have implemented quality management and standard operating procedures that align with customer-specific requirements and industry standards. Our manufacturing facilities hold ISO 14001:2015 and ISO 45001:2018 certifications for the manufacturing of machined and assembled aluminium alloy castings at Gat No. 251/1, Plot Nos. 9, 10, 11 and 13, Chakan–Talegaon Road, Kharabwadi, Pune; ISO 9001:2015 certification for the facility at Gat No. 253/1A, Kharabwadi, Chakan, Pune; and IATF 16949:2016 certifications for both the manufacturing facilities, and are also subject to periodic internal and external audits to monitor compliance, identify process improvements, and ensure consistency in production outcomes. In parallel, the Company focuses on expanding its process design and engineering capabilities to enhance product development and manufacturing efficiency. We leverage advanced design software, X-ray scanning and inspection equipment, precision measuring instruments, and simulation tools to optimize designs and processes

before implementation. Further, continuous investment is made in upgrading machinery, introducing automated and CNC-enabled processes, and enhancing workforce skills. These initiatives enable us to undertake complex component manufacturing, reduce production cycle times, minimize defects, and improve repeatability. Through these measures, we aim to strengthen our ability to meet evolving requirements from automotive, electric vehicle and non-automotive customers, improve product development timelines, and provide solutions from design to finished components, while maintaining regulatory compliance and operational efficiency. By improving our product development and quality control we aim to achieve higher operational efficiencies and cost optimization, developing long-standing relationships with our OEM customers.

2. Driving Growth through Customer Expansion and Diversification

The Indian auto component industry recorded a turnover of Rs. 6,73,000 crore (US\$ 78.74 billion) in FY25, registering a CAGR of 14% between FY20 and FY25. The sector is projected to achieve exports worth Rs. 8,54,700 crore (US\$ 100 billion) by 2030, underscoring its global competitiveness. In FY25, exports stood at Rs. 1,95,726 crore (US\$ 22.9 billion). North America remained the largest export destination with a 32% share, recording 8.4% growth, while Europe, with a 29.5% share, registered a 2.1% decline. Asia accounted for 26% of exports and witnessed robust growth of 15.1%. The key export items included drive transmission and steering, engine components, body and chassis parts, suspension systems, and braking components. Source-<https://www.ibef.org/industry/autocomponents-india>).

The Company intends to continue expanding its customer base by leveraging existing relationships in India and globally, while pursuing opportunities to develop new relationships. The Company aims to strengthen engagement with current customers to enhance existing products and increase the range of products manufactured for each customer. The Company also plans to diversify and expand its business operations in line with evolving customer requirements. Our longstanding relationships with key customers are expected to help leverage industry growth trends in the automotive and non-automotive sectors. To achieve these objectives, we plan to actively manage key customer accounts, increase interactions, collaborate in the early stages of product development and assist in optimizing supply chains. We intend to grow revenue from exports by focusing on sales in international markets and expanding offerings in existing geographies where current customers are present. While currently supplying components to countries like Germany, United States, Italy and Switzerland, we are also targeting new business from global customers who previously imported from different countries. Apart from catering to automotive demand, the Company plans to serve industries such as agriculture, defence, energy, healthcare, engineering goods and certain other industries to explore opportunities in non-automotive segments.

3. Product diversification along with expansion of manufacturing capacity

As of September 30, 2025, we operate from our two manufacturing facilities in Pune, Maharashtra: Manufacturing Unit I located at Gat No. 253/1A, Chakan – Talegaon Road, Kharabwadi, Chakan, Pune, and Manufacturing Unit II located at Gat No. 251/1, Plot No. 9, 10, 11 & 13, Talegaon Chakan Road, Kharabwadi, Chakan, Pune. These facilities undertake engineering, melting, casting, machining, assembly, and quality control operations. The combined installed capacity of these two facilities is 13800 MT for melting operations and 6000 MT for casting and finishing operations as of September 30, 2025. For further details, see **“Our Business – Our Location”** on page 125. To support our growth strategy and expand our product portfolio, the Company proposes to establish one additional manufacturing units in Pune: Proposed Manufacturing Unit III located at Gat No. 382,383, 386, 387, 312 Village, Tal. - Khed, Dist. - Pune - 410501 and Proposed Manufacturing Unit IV located at Gat No. 201/1, Village Mahalunge, Taluka – Khed, Dist. Pune. The Company intends to utilize a portion of the Net Proceeds towards the installation of plant and machinery at the Proposed Unit III. Proposed Manufacturing Unit III will be used to enhance the production capacity for existing products and facilitate the introduction of new products in the existing product segments along with services like painting, surface treatments and related process additions. Proposed Manufacturing Unit IV will support the production of precision components using magnesium, representing a diversification of the Company’s manufacturing capabilities. These units are expected to increase overall installed capacity, improve operational efficiency, expand product offerings, and strengthen the Company’s ability to serve its automotive, electric vehicle, and non-automotive customers.

4. Reduce our operating costs and our carbon footprint

The Company, engaged in melting, casting, and precision engineering of components for automotive, electric vehicle, and non-automotive sectors, aims to optimize operational efficiency by implementing cost-effective manufacturing processes and improving resource utilization across its facilities. The Company’s major raw material is aluminium, while power, fuel, and water are critical for its manufacturing operations. For the six months period September 30, 2025, power and fuel costs accounted for 8.51% of total expenses and 7.27%, 7.30% and 7.25% for the year ending March 31, 2025, March 31, 2024 and March 31, 2023 respectively. The Company currently rely on the state electricity board for its power requirements along with solar panel. For further details on operating expenses arising from power and fuel, see **“Our Business”** on page 122. To further reduce and actively manage power and fuel costs, the Company proposes to invest ₹ 1,605.22 lakhs to set up a captive solar power panel at Unit III. The Solar Panels are intended to reduce dependence on the state electricity grid, optimize resource utilization, lower power procurement costs, and reduce the Company’s carbon footprint. The initiative aligns with global sustainability trends, supports sourcing of green energy, and strengthens the Company’s position with environmentally conscious customers. In addition, the Company has implemented Sewage Treatment Plants (STP) and Effluent Treatment Plants (ETP) at its facilities to recycle and reuse water, thereby reducing water

consumption, minimizing waste, and lowering environmental impact. The Company also continues to implement measures and initiatives across its melting, casting, and precision engineering operations, aimed at lowering operating costs and enhancing overall sustainability.

Manufacturing Process Flow

The manufacturing process for casting and precision components involves several sequential stages, depending on the type of casting method adopted. The Company undertakes Gravity Die Casting (GDC), Low Pressure Die Casting (LPDC) and High Pressure Die Casting (HPDC) processes to produce aluminium and other alloy castings. The process is primarily divided into two major stages – i.e. Melting process and Finishing process –

Stage I - Melting process -

1. **Raw Material Receipt and Inspection of Raw Materials:** The process begins with the receiving of key raw materials, which primarily include - aluminum rods, ingots, anodes, and various other alloying elements. Each batch of raw material received undergoes thorough inspection to verify its quality, physical condition, chemical composition and compliance with specified standards. This initial quality check is crucial for ensuring the integrity of the final product, as even minor deviations in raw material composition can significantly influence the mechanical properties, structure, and overall performance of the final castings.
2. **Furnace Loading and Heating:** Once approved, the raw materials are systematically loaded into specialized melting furnaces. These furnaces are precisely calibrated to heat the aluminum to exact temperatures required for achieving a uniform molten state. The heating process must be carefully controlled to prevent oxidation and maintain the desired metallurgical properties of the aluminum alloy.
3. **Continuous Quality Monitoring:** Throughout the melting stage, the molten aluminum is subject to continuous monitoring and testing. Technicians regularly assess the chemical composition and metallurgical quality of the metal, making adjustments as necessary to maintain the required parameters. This vigilant oversight ensures consistency and helps prevent defects that could compromise the structural integrity or performance of the final components.
4. **Transfer & Casting:** When the molten aluminum reaches its specified parameters, it is carefully transferred to holding furnaces and subsequently directed into precision molds. The company employs different casting methods, i.e. HPDC (High Pressure Die Casting), LPDC (Low Pressure Die Casting), or GDC (Gravity Die Casting) selected based on the specific requirements of each product. These advanced techniques enable the creation of complex geometries with dimensional accuracy and surface finish.
5. **Cooling and Extraction:** Following the casting process, the components undergo controlled cooling and solidification within the molds. This critical phase determines the final microstructure of the castings. Once adequately solidified, the castings are extracted from the molds, ready to proceed to the finishing stage where they are finalized into precision-engineered components.

Stage II: The Finishing Process

The finishing stage involves further processing of the raw castings to meet customer-specific dimensional and functional requirements. This includes following processes:

1. **Trimming and Material Removal:** The excess material, flash, and gating systems are carefully removed from the castings using specialized trimming equipment. This initial finishing step establishes the basic geometry of the component and prepares it for subsequent operations.
2. **Deburring and Shot Blasting:** After trimming, the components undergo manual or automated deburring to remove sharp edges, burrs or any minor surface irregularities. This is followed by shot blasting to clean the casting surface, remove oxide layers, and deliver a uniform, matte surface finish. These processes enhance the appearance and functional performance of the parts whilst preparing surfaces for any subsequent coating or treatment.
3. **Precision Machining:** Fully equipped machine shops perform precision machining operations to achieve the tight tolerances and fine surface finishes demanded by customers. Depending on end-use requirements, additional surface treatments such as painting, powder coating, or anodizing may be applied to enhance corrosion resistance, durability, and aesthetics.

Apart from above, additional inspections and testing is also performed that ensure that the finished parts meet the specified standards before packaging. Through this integrated melting and finishing workflow, the company converts raw aluminum materials into precise cast components to cater to a wide range of industrial applications.

PRODUCTION AND INSTALLED CAPACITY

As of the date of this Draft Red Herring Prospectus, we operate from our manufacturing facilities located at Unit 1 - Gat No. 253/1A, Chakan - Talegaon Road, Kharabwadi, Chakan, Pune, Maharashtra, 410501 and Unit 2 - Gat No. 251/1, Plot No. 9, 10, 11, 13 (old GAT No. 2787/1), Talegaon Chakan Road, Kharabwadi, Chakan Industrial Area, Pune, Maharashtra, 410501. Below are the details of our installed capacity and capacity utilization for the Fiscal year 2022-23, 2023-24 and 2024-25 and Stub period September 30, 2025—

QUALITY CONTROL

We maintain quality management systems that support compliance with customer requirements, industry standards and certification norms. Our facilities hold ISO 14001:2015 and ISO 45001:2018 certifications for the manufacturing of machined and assembled aluminium alloy castings at Gat No. 251/1, Plot Nos. 9, 10, 11 and 13, Chakan–Talegaon Road, Kharabwadi, Pune; ISO 9001:2015 certification for the facility at Gat No. 253/1A, Kharabwadi, Chakan, Pune; and IATF 16949:2016 certifications for both the manufacturing facilities. These certifications are subject to periodic surveillance, audits by certification bodies and customer. Our quality processes cover supplier qualification, product and process development, production control and final inspection. Before being appointed as a supplier to OEMs or their vendors in the automotive and electric vehicle segments, we undergo a qualification process that includes facility assessments, process audits and testing of sample components. Components supplied to automotive customers undergo customer-specific inspection and validation steps prior to the issue of purchase orders. Further, as per the requirement by certain customers, we also implement QR-based review systems, where basic product details can be accessed by scanning the QR code marked on the product. We have received customer awards relating to quality performance, product development and supplier performance initiatives.

Our facilities include testing and inspection systems such as spectro analysis instruments, hardness testing machines, density index units, vacuum analysers, leak-testing systems (dry-cum-wet, hydro-test and wet-type), universal testing machines, coordinate measuring machines (CMM) and 3D scanning and inspection systems. These are used for incoming, in-process and final quality checks.

EXPORT OBLIGATION

As on date of Draft Red Herring Prospectus, our Company does not have any export obligations.

COLLABORATIONS/ TIE UPS/ JOINT VENTURES

Our Company has not entered into any joint ventures, tie-ups or collaborations as on the date of this Draft Red Herring Prospectus.

INFRASTRUCTURE FACILITIES:

1) Plant and Machinery

The Company's plant and machinery support the manufacturing of casting and precision components through gravity die casting (GDC), high pressure die casting (HPDC) and low pressure die casting (LPDC) processes. The facilities include equipment for the melting stage, casting stage and the finishing stage, associated material-handling and auxiliary systems. Below are the brief details of the plant and machineries owned and installed by the company at its manufacturing facilities -

Melting and Casting section - Melting & Holding Furnace, Tower Type Melting & Hardening Furnace, De-Coring Furnace Pit Type, Drop Bottom Heat Treatment Solution Annealing Furnace, Ladle Preheaters, Degassing Units, Cooling Towers, VMUF-Muffle Furnace 5KW 230V max temp-1000, Tilting Type Melting Furnace, Box Type Precipitation Furnace and Tilting GDC Machines, Horizontal GDC Machines, LPDC Machines, HPDC Machines, Die-Coat Mixer Machines, Core Shooters, Core Baking Ovens, De-Corers And Conveyor Systems With Vibrators.

Finishing and post-casting section - Industrial Ovens, Ice-Blasting Machines, Tray Washing Machines, Ultrasonic Washing Machines With Material-Handling Systems And Drying Stations, Buffing Machines, Belt Sanders, Vertical Bandsaw Machines (including CNC variants), Horizontal And Semi-Automatic Band Saw Machines (Including 24-Inch Models), Trimming And Marking Systems, Laser Marking Machines, Bush Press and DMC (QR code) systems, Nipple Press Machines, Vertical Machining Centres (VMCs), Horizontal Machining Centres (HMCs), CNC Turning Machines, CNC Rotary Tables (Including Tilting Rotary Tables), Tool Pre-Setters, Lathes, Milling Machines, Surface and Cylindrical Grinding Machines, Tapping and Drilling Machines, Magnetic Drills and Associated Tooling.

2) Availability of material and components

The primary raw materials used in the manufacture of our products include aluminium alloys, consumables and tooling & dies. For Fiscal 2025, 2024, and 2023, and for the period ending September 30, 2025, the cost of materials consumed was Rs. 5742.79 lakhs, Rs. 10078.26 lakhs, Rs. 7622.53 lakhs, and Rs. 7484.47 lakhs, respectively, representing 45.98%, 45.40%, 43.88% and 45.81% of our revenue from operations during the respective periods. Raw materials are procured from approved suppliers based on our production requirements and estimates. Any shortfall in supply is managed through revised shipment schedules agreed with suppliers. Incoming materials are inspected for composition and quality before use. The table below provides a summary of raw material sourcing (based on purchase of material) by origin for the last three fiscal years and the period ended September 30, 2025.

(Amt in Rs. Lakhs)

Particular	September 30, 2025		March 31, 2025		March 31, 2024		March 31, 2023

For further details on supply-related risks, see **“Risk Factors – Our business and profitability is substantially dependent on the availability and cost of our raw materials, including Aluminium, and any disruption to the timely and adequate supply of raw materials, or volatility in the prices of raw materials may adversely impact our business, results of operations and financial condition”** on page 21.

3) Power and water

Our manufacturing processes require a stable and uninterrupted power supply to maintain product quality and ensure efficient operation of machines and equipment. We procure power from Maharashtra State Electricity Distribution Co. Ltd. Additionally, we have installed solar power panels and backup DG sets to ensure continuous power supply.

For our water requirements in manufacturing processes, we primarily source water from local sources.

4) Freight and transportation

We engage third-party logistics service providers to facilitate our transportation needs and rely on different transportation modes based on the requirement of the consignment along with customer specific requirements. Further, the choice of transportation mode for each shipment depends on several factors, including the urgency, size, and value of the order. For further information, see **“Risk Factors – We are dependent on third parties for the transportation and timely delivery of our products to customers.”** on page 21.

5) Material handling and shop-floor utilities

These include overhead cranes, EOT cranes, Electric Wire-Rope Hoists, Electric Chain Hoists, Hydraulic Pallet Trucks, Hydraulic Power Packs, Semi-Electric Stackers (1.5-ton), Electric Forklifts, Scissor Lifts (1-ton) and Permanent Magnetic Lifters. Supporting infrastructure includes Air Compressors (including GA30+AFF models), Refrigerated Air Dryers, Transformers, Electrical

Distribution Panels, LT/HT panels, APFC panels, Solar Plant, IMP plant, TIG and ARC Welding Machines, RO/Softener Systems, STP and ETP plants, Water Coolers and DG sets.

Sales and Marketing

We sell majority of our products primarily in the Indian market and engages directly with original equipment manufacturers (OEMs), tier-1 suppliers, and private-sector customers across automotive, industrial, and infrastructure sectors. Our sales strategy focuses on building long-term relationships with customers by understanding their technical requirements and providing solutions that meet quality, cost, and delivery expectations. We have a dedicated sales and business development team responsible for customer engagement, technical support and marketing activities. The team participates in trade fairs, technical exhibitions and customer site visits to demonstrate product capabilities, support new product introductions and gather market information. We track customer requirements and feedback to continuously improve product design, quality, and service.

During recent fiscal years, a significant portion of our revenue has been generated from top customers in the automotive and related industries, reflecting our focus on sectors where precision die-cast components are critical. Revenue from other industrial and infrastructure customers is addressed through customized offerings and relationship-building initiatives.

Key marketing process includes –

1. **Key customer enquiries:** Our team is in continuous discussion with customers, who provide us with technical specifications, project plans, and business requirements for auto and non-auto components. Once these requirements are defined, we formalize the engagement and proceed with detailed product analysis and development.
2. **Product analysis and design:** Our design team conducts a comprehensive product analysis, covering technical and design requirements. Post this, the design undergoes validation, prototyping, and testing to ensure it meets the required standards.
3. **Costing and pricing:** Based on the finalized product design, our team prepares the product costing and pricing in line with internal guidelines and procedures. This process considers factors such as forecasted volumes, required investments and other cost drivers.
4. **Product review and approval:** We share the product design and budget with the customer for review, and make necessary revisions based on their feedback. This process continues until we receive the customer's final approval. After obtaining the customer's approval, the relevant raw materials are procured from our suppliers according to our customers' schedule and the product is put into production.

Competition

We face competition from manufacturers of automotive and non-automotive components in both domestic and international markets. Some of our competitors have a significant market share in certain geographies while at times we compete with some competitors who manufacture similar products for the same customer. We do not have a single competitor that operates across all our product ranges and geographies. We have been supplying to domestic OEMs for several years along with the opportunity of supplying components to overseas customer. Some of our major competitors include companies like Endurance Technologies Limited, Rico Auto Industries Limited, Alicon Castalloy Limited and many other unlisted players in the segment.

We believe key competitive factors in our industry include changing technologies, client requirements and the ability to deliver solutions to meet such evolving needs. Other competitive factors in our industry include reputation, track record and ability to tailor offerings to client needs and industry expertise. We expect the competition to intensify in the segments in which we operate as new entrants emerge in the industry due to available growth opportunities. In addition, as we expand into new market segments, we will face increased competition. Moreover, our competitors or we may take certain strategic actions, including acquisitions, partnerships and joint ventures, which may lead to greater competition. We continue to build our capabilities in these areas, which supports our ability to compete effectively and deliver projects as per client expectations.

Health Safety & Environment

We are committed to follow all applicable health, safety, and environmental regulations. We aim to maintain a safe workplace and provide standard healthcare coverage for our employees. To minimize work-related risks, we identify potential material hazards early, assess the associated risks, and apply appropriate control measures. Employees are instructed to follow all safety protocols and monitor the production processes accordingly. We believe we comply with all material regulations applicable to our operations and, as our business grows, we will continue working closely with government authorities to ensure compliance at all levels.

Information Technology

Our information technology (IT) systems play a crucial role in supporting component design, production planning, process optimization, and the overall monitoring of our operations. We use design software for developing designs and process improvements such as Adstefan casting simulation software, Solidcam Bundle standard software and other computer aided tools. Data security and

access control are ensured through centralized servers, regular backups, and adherence to standard IT policies. The integration of IT across our processes enhances operational efficiency, minimizes manual errors, and enables data-driven decision-making throughout the production cycle.

Human Resource

As of January, 2026, we had 192 permanent employees. Further, our 6 employees are represented by a labor union or covered by a collective bargaining agreement. We have not experienced any work stoppages, and we consider our relations with our employees to be good. We place emphasis on the training of our employees to enable them to develop their skills and to meet the challenges of a dynamic competitive environment. Below are the details of the department-wise employees of the company –

Department	Employees as on January 2026
Accounts & Finance	11
HR, Admin & IT	7
Business Development	18
Design	16
Foundry & Machine Shop	40
Quality Assurance	46
Maintenance & Project	23
Purchase & Stores	17
Tool room	14
Total Employees	192

In addition to the above, the Company has hired contract labour for undertaking activities such as loading, unloading, housekeeping, manufacturing activities like melting, foundry, machine shop, packaging, storage, etc. The total number of labour engaged on contractual basis as on January, 2026 were over 700 contract labour. For the month of September 30, 2025, we have deposited PF contribution for 183 employees amounting Rs. 11.38 Lakhs. Similarly, we have deposited ESIC contribution of Nil employees amounting to nil for the Month of September 2025

Insurance

We constantly evaluate the risks in an effort to be sufficiently covered for all known risks. We have undertaken Commercial Package Insurance Policy, Comprehensive General Liability Insurance Policy, Group Mediciam Tailormade Policy, Liberty Group Personal Accident Policy, Employee Insurance Compensation Policy, auto secure standalone own damage private car policy and motor vehicle insurance policy against the potential losses estimated by us. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with the industry standard in India. As of the date of this Draft Red Herring Prospectus, there have been no material claims made under the insurance policies. Although, many events could cause significant damages to our operations, or expose us to third-party liabilities, whether or not known to us, for which we may not be insured or adequately insured, which may expose us to certain risks and liabilities. Notwithstanding our insurance coverage, damages could nevertheless have a material adverse effect on our business, financial condition and results of operations to the extent such occurrences disrupt normal operations of our business resulting from such damage. For further information on risks relating to our insurance coverage, see “**Risk Factors – Our insurance coverage may not be adequate to protect us against all potential losses, which may have an adverse effect on our results of operations, cash flows and financial condition.**” on page 21. Below are the details of the insurance obtained by the company for its manufacturing facilities-

CSR initiatives

We have constituted a CSR committee of our Board of Directors and have adopted and implemented a CSR policy pursuant to which we carry out our CSR activities. Our CSR expenditure aggregated to Rs. 36.14 Lakhs for the Fiscal 2025 which was expended towards tree planation, water restoration activities and promoting healthcare activities.

KEY INDUSTRIAL REGULATIONS AND POLICIES

Except as otherwise specified in this Draft Red Herring Prospectus, we are subject to several central and state legislations which regulate substantive and procedural aspects of our business.

Additionally, our operations require sanctions from the concerned authorities, under the relevant Central and State legislations. The following is an overview of some of the important laws, policies and regulations which are pertinent to our business. Taxation statutes such as the I.T. Act, GST and applicable Labour laws, contractual laws, and intellectual property laws as the case may be, apply to us as they do to any other Indian company. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. The regulations set out below may not be exhaustive and are only intended to provide general information to Investors and are neither designed nor intended to be a substitute for professional legal advice.

APPROVALS

For the purpose of the business undertaken by our Company, it is required to comply with various laws, statutes, rules, regulations, executive orders, etc. that may be applicable from time to time. A. CORE BUSINESS LAWS

The Electricity Act, 2003; The Electricity Rules, 2005; Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2023

The Company is subject to various central and state-level regulations governing the generation, supply, usage, safety and tariff of electricity in India. The Electricity Act, 2003 is the principal legislation regulating the generation, transmission, distribution, trading, and consumption of electricity. It prohibits unauthorized transmission or distribution of electricity, mandates timely and reliable supply by distribution licensees, and empowers the Central Electricity Authority (CEA) to specify technical standards for construction and operation of electrical plants, electric lines, and connectivity to the grid, as well as safety requirements for electrical installations. The Act also authorizes Electrical Inspectors to examine and ensure compliance with prescribed safety norms and standards.

The Electricity Rules, 2005, framed under the Act, lay down detailed procedures relating to licensing, tariff determination, grid operations, and maintenance of electrical systems, including safety obligations of consumers and utilities. In addition, the Central Electricity Authority (Measures relating to Safety and Electric Supply) Regulations, 2023 prescribe mandatory safety standards for all electrical plants and installations. These regulations include provisions for design, construction, inspection, testing, and certification of electrical systems before energization, particularly for installations operating above 650 volts, to ensure safety of personnel, property, and equipment.

Legal Metrology Act, 2009

The L.M. Act governs the standards/units/denominations used for weights and measures as well as for goods which are sold or distributed by weight, measure or number. It also states that any transaction/contract relating to goods/class of goods shall be as per the weight/measurement/numbers prescribed by the L.M. Act. Moreover, the L.M. Act prohibits any person from quoting any price, issuing a price list, cash memo or other document, in relation to goods or things, otherwise than in accordance with the provisions of the L.M. Act. The specifications with respect to the exact denomination of the weight of goods to be considered in transactions are contained in the Rules made by each State.

Bureau of Indian Standards Act, 2016

The Bureau of Indian Standards Act, 2016, as amended, provides for the standardization, marking and quality certification of goods or articles of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. The Bureau of Indian Standards Act provides for the functions of the bureau which include, among others (a) recognize as an Indian standard, any standard established for any goods, article, process, system or service by any other 129 institution in India or elsewhere; (b) specify a standard mark to be called the Bureau of Indian Standards Certification Mark; and (c) make such inspection and take such samples of any material or substance as may be necessary.

Bureau of Indian Standards Rules, 2018

The Bureau of Indian Standards Rules have been notified, in supersession of the Bureau of Indian Standards Rules, 2018, in so far as they relate to Chapter IV A of the said rules relating to registration of the articles notified by the Central Government, and in supersession of the Bureau of Indian Standards Rules, 2017 except in relation to things done or omitted to be done before such supersession. Under the Bureau of Indian Standards Rules, the bureau is required to establish Indian standards in relation to any goods, article, process, system or service and shall reaffirm, amend, revise or withdraw Indian standards so established as may be necessary.

Aluminium And Aluminium Alloy Products (Quality Control) Order, 2025

The Aluminium and Aluminium Alloy Products (Quality Control) Order, 2025 is a government mandate that requires specific aluminium and alloy products to be certified by the Bureau of Indian Standards (BIS) before they can be sold in India. This order is designed to standardize quality, protect consumers, promote fair trade, and enhance the global competitiveness of Indian products by ensuring compliance with relevant Indian Standards and using the BIS Standard Mark. The mandate became effective on October 1, 2025, for most manufacturers, with some exceptions and later compliance dates for small and micro enterprises.

IATF 16949:2016 (Automotive Quality Management System Standard)

IATF 16949:2016 is an international standard developed by the International Automotive Task Force (IATF) that specifies quality management system requirements for the automotive sector. It ensures consistent manufacturing of automotive components with a focus on defect prevention, process control, and continual improvement.

Hazardous And Other Wastes (Management and Transboundary Movement) Rules, 2016

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, provide a framework for the safe management of hazardous and other wastes in India. They assign responsibility to the occupier for waste management and require authorization for handling it. The rules promote waste prevention, minimization, recycling, and safe disposal, and they govern the import and export of such waste, generally prohibiting imports for disposal but allowing them for recycling or reuse.

B. CORPORATE & COMMERCIAL LAWS

The Micro, Small and Medium Enterprises Development Act, 2006

The Micro, Small, and Medium Enterprises Development (MSMED) Act, 2006, in India categorizes MSMEs based on investment levels and promotes their growth through registration benefits such as easier credit access and government support schemes. It mandates banks to offer collateral-free credit to MSMEs, encourages technological advancement, and simplifies statutory compliance. The Act aims to enhance MSMEs' competitiveness, foster innovation, and provide efficient dispute resolution mechanisms to support their contribution to the national economy.

Companies Act, 1956/2013

Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law lays down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

Competition Act, 2002

The Competition Act, 2002 came into effect on June 1, 2011 and has been enacted to “prohibit anti- competitive agreements, abuse of dominant positions by enterprises” and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The Act prohibits Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India.

Indian Contract Act, 1872

Indian Contract Act codifies the way we enter into a contract, execute a contract, implementation of provisions of a contract and effects of breach of a contract. The Act consists of limiting factors subject to which contract may be entered into, executed and breach enforced as amended from time to time. It determines the circumstances in which promise made by the parties to a contract shall be legally binding on them.

The Sale of Goods Act, 1930

Initially, a Committee of the Legislature had enacted the *Indian Sale of Goods Act, 1930* (III of 1930), section 65 of which repealed Chapter VII of the Indian Contract Act, 1872 which provides for Sale of Goods. Later, with an amendment in 1963, the name of the Act was changed to *The Sale of Goods Act, 1930*. The Act governs contracts relating to the sale of goods. The contracts for sale of goods are subject to the general principles of the law relating to contracts, i.e., the Indian Contract Act, 1872. A contract for sale of goods has, however, certain peculiar features such as, transfer of ownership of the goods, delivery of goods, rights and duties of the buyer and seller, remedies for breach of contract, conditions and warranties implied under a contract for sale of goods, etc. which are the subject matter of the provisions of the Sale of Goods Act.

The Specific Relief Act, 1963

The Specific Relief Act is complimentary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Negotiable Instruments Act, 1881

In India, any negotiable instruments such as cheques are governed by this Act, Section 138 of the Act, makes dishonour of cheques a criminal offence if the cheque is dishonoured on the ground of insufficiency of funds in the account maintained by a person who draws the cheque which is punishable with imprisonment as well as fine.

The Registration Act, 1908

The Registration Act was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Registration Act was designed to ensure information about all deals concerning land so that correct land records could be maintained. The Registration Act is used for proper recording of transactions relating to other immovable property also. The Registration Act provides for registration of other documents also, which can give these documents more authenticity. Registering authorities have been provided in all the districts for this purpose.

Maharashtra Land Revenue Code (MLRC), 1966

The Maharashtra Land Revenue Code, 1966 is a state law that unifies and amends land and land revenue laws in Maharashtra. It establishes a structured revenue administration hierarchy, from the state to the village-level Talathi, and governs procedures for land revenue collection, classification, and record maintenance. Key aspects include land assessment and settlement, handling of leasehold rights, and defining official roles and land-related terms.

The Arbitration and Conciliation Act, 1996

This act was enacted by Parliament in the Forty-seventh Year of the Republic of India to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation.

The Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code, 2016 (the “code”) cover Insolvency of individuals, unlimited liability partnerships, Limited Liability partnerships (LLPs) and companies. The Insolvency Regulator (The Insolvency and Bankruptcy Board of India) has been established to exercise regulatory oversight over (a) Insolvency Professionals, (b) Insolvency Professional Agencies and (c) Information Utilities.

The Consumer Protection Act, 2019

The Consumer Protection Act provides better protection to the interests of consumers. This is enabled with the establishment of consumer councils and other authorities for the settlement of consumers’ disputes and matters connected therewith. The Consumer Protection Act protects the consumers against any unfair/restrictive trade practice that has been adopted by any trader or service provider or if the goods purchased by him suffer from any defect or deficiency. In case of consumer disputes, the same can be referred to the redressal forums set up under the Act.

Maharashtra Rent Control Act, 1999

The Maharashtra Rent Control Act, 1999, aims to regulate rent and repairs of certain premises in the state of Maharashtra. It defines the rights and responsibilities of landlords and tenants, including provisions related to rent increases, eviction procedures, and maintenance of rented properties. The Act also covers aspects such as the determination of standard rent and the procedure for disputes between landlords and tenants. Its primary objective is to balance the interests of both parties while ensuring fair and transparent practices in the rental housing sector.

The Maharashtra Shops and Establishment (Regulation of Employment and Condition of Service) Act, 2017

The provisions of the Shops and Establishments (Regulation of Employment and Conditions of Service) Act regulate the conditions of work and employment in shops and commercial establishments and generally prescribe obligations in respect of inter alia registration, opening and closing hours, daily and weekly working hours, holidays, leave, health and safety measures, and wages for overtime work, work conditions, rules for employment of children, records maintenance, etc. Whoever contravenes the provisions Act or the rules made there under shall be punished with fine.

Maharashtra Fire Prevention and Life Safety Measures Act, 2006

The Maharashtra Fire Prevention and Life Safety Measures Act, 2006 aims to enhance fire safety in buildings across Maharashtra by mandating fire prevention and life safety measures, outlining owner and occupier responsibilities, and establishing a system for fire services fees and enforcement. The Act covers various building types and provides for the appointment of fire officers, licensing of fire safety agencies, and the collection of fees for fire services. It also includes penalties for non-compliance and procedures for appeals.

Maharashtra Municipal Corporations Act, 1949

The Maharashtra Municipal Corporations Act, 1949 is the principal legislation governing the constitution, powers, and functioning of Municipal Corporations in the State of Maharashtra. It provides the statutory framework for urban local self-governance, including regulation of public health, sanitation, town planning, building control, fire safety, licensing, and civic infrastructure, and empowers Municipal Corporations to levy taxes and enforce municipal laws. The Act is relevant for ensuring statutory and municipal compliances applicable to properties, operations, and activities of entities within municipal limits in Maharashtra.

C. LABOUR & INDUSTRIAL LAWS

Industrial (Development and Regulation) Act, 1951 Along with The Registration and Licensing of Industrial Undertakings Rules, 1952

This Act has been liberalized under the New Industrial Policy dated July 24th, 1991, and all industrial undertakings have been made exempt from licensing except for certain industries such as distillation and brewing of alcoholic drinks, cigars and cigarettes of tobacco and manufactured tobacco substitutes, all types of electronic aerospace and defence equipment, industrial explosives

including detonating fuses, safety fuses, gun powder, nitrocellulose and matches and hazardous chemicals and those reserved for the small scale sector. An industrial undertaking, which is exempt from licensing, is required to file an Industrial Entrepreneurs Memorandum ("IEM") with the Secretariat for Industrial Assistance, Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India, and no further approvals are required.

The Registration and Licensing of Industrial Undertakings Rules, 1952, provides the rules for granting registration certificates and licenses to industrial undertakings. These rules are related to the industries (Development and Regulation) Act, 1951 (IDRA), which regulates the development and control of certain industries in India. The IDRA was enacted to ensure fair competition and equitable distribution of economic opportunities.

Child Labour (Prohibition and Regulation) Act, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. The main objective of the Child Labour (Prohibition and Regulation) Act is to regulate, prevent and protect underage children from being employed in hazardous occupations and to regulate the working conditions in other occupations.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 provides for the protection of women at work place and prevention of sexual harassment at work place. The Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000/- (Rupees Fifty Thousand Only).

The Employees Provident Fund and Miscellaneous Provisions Act, 1952

The Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPF Act") was introduced with the object to institute compulsory provident fund for the benefit of employees in factories and other establishments. The EPF Act provides for the institution of provident funds and pension funds for employees in establishments where more than 20 (twenty) persons are employed and factories specified in Schedule I of the EPF Act. Under the EPF Act, the Central Government has framed the "Employees Provident Fund Scheme", "Employees Deposit-linked Insurance Scheme" and the "Employees Family Pension Scheme". Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Government of India has consolidated 29 central Labour laws into four Codes namely Code of Wages 2019, The Code on Social Security, 2020, The Industrial Relations Code, 2020 and Occupational Safety, Health and Working Conditions Code, 2020. All these codes have received the assent of President of India with effect from November 21, 2025. While the Central Government has notified the implementation as of November 2025, various States and Union Territories are still in the final stages of notifying their specific rules. Therefore, a "dual compliance" period may exist in some regions where legacy state rules still apply alongside the new Central Codes.

Code Of Wages, 2019

The Code aims to consolidate the laws relating to wages and bonus and matters connected therewith or incidental thereto. It received the assent of President of India on August 08, 2019 and through notification dated November 21, 2025, the GoI brought into force the said code. The Code contains procedure for fixing minimum wage, limit for fines and deductions in wages, minimum and maximum bonus, calculation of allocable and available surplus, as well as gender neutral consideration in fixing wages. The Code has given the power to Central Government to fix a "floor wage" and the State governments cannot fix any minimum wage less than the "floor wage". The Code will apply to all employees. The central government will make wage-related decisions for employments such as railways, mines, and oil fields, among others. State governments will make decisions for all other employments. Wages include salary, allowance, or any other component expressed in monetary terms. This does not include bonus payable to employees or any travelling allowance, among others. The central or state government may fix the number of hours that constitute a normal working day. In case employees work in excess of a normal working day, they will be entitled to overtime wage, which must be at least twice the normal rate of wages. The Code prohibits gender discrimination in matters related to wages and recruitment of

employees for the same work or work of similar nature. Work of similar nature is defined as work for which the skill, effort, experience, and responsibility required are the same. It subsumed four separate legislations, namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976.

The Code on Social Security, 2020

The Code on Social Security, 2020, is a comprehensive legislation in India designed to consolidate and amend existing laws relating to social security with the aim of extending social security benefits to all employees and workers, including those in the unorganized sector. Through its notification dated November 21, 2025, the GoI brought into force the provision of the said code. It subsumed several separate legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganised Workers' Social Security Act, 2008.

The Code on Social Security, 2020, aims to create a universal social security system for all workers, including those in the gig and platform economy. It mandates the establishment of a Social Security Fund to provide benefits such as provident fund, employment injury benefits, housing, educational schemes for children, skill upgradation, funeral assistance, and old-age homes. The Code also outlines the roles and responsibilities of various bodies such as the Central Board of Trustees of the Employees' Provident Fund and the Employees' State Insurance Corporation in administering social security schemes. Additionally, the Code includes provisions for the registration of all employees and workers to ensure they receive their entitled benefits. It emphasizes the use of technology for the implementation and monitoring of social security schemes to improve transparency and efficiency. Employers are required to contribute to various social security funds, and the government may provide financial support to ensure the sustainability of these schemes.

The Industrial Relations Code, 2020

This Code received the assent of President of India on September 28, 2020 and through its notification dated November 21, 2025, the GoI brought into force the provisions of this code. The Code aims to streamline the laws regulating industrial disputes and trade unions in India. For the benefit of the employers, the Code has introduced various aspects such as increasing the threshold of workers to three hundred (300) for obtaining the consent of the concerned government in case of lay off, retrenchment or closure of the establishment, notice of change not required to be given subject to the conditions stipulated in the Code, increasing the wage threshold to INR 18,000 (Indian Rupees Eighteen Thousand) for exclusion from the definition of worker, etc. the Industrial Relations Code also introduces the concept of deemed certification of standing orders. The Code subsumes three labour laws relating to industrial relations, namely, the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947

The Industrial Employment (Standing Orders) Act, 1946 (IESOA): This act is required to employers in industrial establishment to define conditions of employment under them and submit draft standing order to certifying authority for its certification. The act is established and under the control of central government or railway administration or in a major port, mines and oil fields.

Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 (OSH Code) is one of three new labor codes that will consolidate the bulk of labor legislation in India and streamline labor compliance besides expanding the social security net for workers. This Code received the assent of President of India on September 28, 2020 and through its notification dated November 21, 2025, the GoI brought into force the provisions of this code. Rules to implement the Code are expected to be finalized in the next few weeks.

New establishments covered by the OSH Code must register themselves (within 60 days of commencement of the Code) with registering officers appointed by the appropriate government. Establishments already registered under any other federal law will not be required to register again.

Every employer is directed to undertake the following obligations by the OSH Code:

- Ensure that the workplace is free from hazards can cause injury or occupational disease to the employees and comply with the OSH Code and the government's directions on the same;
- Provide free annual health examination or testing, free of cost, to certain classes of employees;
- Provide and maintain, as reasonably practical, a working environment that is safe and without risk to the health of the employees;
- Issue letters of appointments to employees; and
- Ensure that no charge is levied on any employee for maintenance of safety and health at workplace, including the conduct of medical examination and investigation for the purpose of detecting occupational diseases.

This Code replaced 13 Acts relating to workplace safety and health including The Factories Act, 1948, The Mines Act, 1952, Plantations Labour Act, 1951, Working Journalists and other Newspaper Employees (Conditions of Service) Act, 1955, Working Journalists (Fixation of Rates of Wages) Act, 1958, Motor Transport Workers Act, 1961, Beedi and Cigar Workers (Conditions of Employment) Act, 1966, Contract Labour (Regulation and Abolition) Act, 1970, Sales Promotion Employees (Conditions of Service) Act, 1976, Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, Cine-Workers and Cinema Theatre Workers (Regulation of Employment) Act, 1981, Dock Workers (Safety, Health and Welfare) Act, 1986 and Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996.

D. ENVIRONMENTAL LAWS

Environment Protection Act, 1986 And Environment (Protection) Rules, 1986

The Environmental Protection Act, 1986 is an "umbrella" legislation designed to provide a framework for coordination of the activities of various central and state authorities established under various laws. The potential scope of the Act is broad, with "environment" defined to include water, air and land and the interrelationships which exist among water, air and land, and human beings and other living creatures, plants, micro-organisms and property.

The Environment Rules were notified by the Central Government, in exercise of its powers under the Environment Act. Pursuant to the Environment Rules, every person who carries on an industry, operation or process requiring consent under Water (Prevention and Control of Pollution) Act, 1974 or Air (Prevention and Control of Pollution) Act, 1981, shall submit to the concerned Pollution Control Board ("PCB") an environmental statement for that financial year in the prescribed form.

Manufacture, Storage and Import of Hazardous Chemicals Rules, 1989:

The Manufacture, Storage and Import of Hazardous Chemicals Rules, 1989, framed under the Environment (Protection) Act, 1986, regulate the manufacture, storage, handling and import of hazardous chemicals in India. The Rules prescribe threshold quantities, safety obligations, and approval requirements for occupiers handling hazardous substances. They mandate preparation of safety reports, on-site emergency plans and disclosure of information to authorities in case specified quantities are stored or used. The Rules also require compliance with accident prevention measures and emergency preparedness. Given the Issuer Company's manufacturing operations involving metal casting processes, chemicals, alloys and proposed magnesium casting activities, the MSIHC Rules are applicable to the extent hazardous chemicals are handled or stored. Compliance with the said Rules is material from an environmental, safety and operational risk perspective.

EIA Notification, 2006

The Environmental Impact Assessment (EIA) Notification, 2006, issued under the Environment (Protection) Act, 1986, lays down a legal framework for assessing the environmental impact of development projects in India before their commencement. It classifies projects into Category A (requiring clearance from the central government) and Category B (requiring clearance from state authorities), based on their potential environmental impact. The notification mandates screening, scoping, public consultation, and appraisal processes to evaluate possible effects on the environment, including air, water, land, biodiversity, and communities. It aims to ensure sustainable development by balancing economic growth with environmental protection through prior approvals and strict compliance measures.

Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act, 1974 prohibits the discharge of pollutants into water bodies beyond a given standard, and lays down penalties for non-compliance. The Water Act also provides that the consent of the State Pollution Control Board must be obtained prior to opening of any new outlets or discharges, which is likely to discharge sewage or effluent.

The Water (Prevention and Control of Pollution) Cess Act, 1977

Provides for the levy and collection of a cess on water consumed by persons carrying on certain industries and by local authorities, with a view to augment the resources of the Central Board and the State Boards for the prevention and control of water pollution constituted under the Water (Prevention and Control of Pollution) Act, 1974.

Air (Prevention and Control of Pollution) Act, 1981

The Air Act aims to prevent, control and abate air pollution, and stipulates that no person shall, without prior consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area. Such person also cannot discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the State Boards. The central pollution control board and the state pollution control boards constituted under the Water Act

perform similar functions under the Air Act as well. Pursuant to the provisions of the Air Act, any person establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant state pollution control board prior to establishing or operating such industrial plant.

The Noise Pollution (Regulation & Control) Rules 2000

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

Public Liability Insurance Act, 1991 ("Public Liability Act")

The Public Liability Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substance. A list of hazardous substances covered by the Public Liability Act has been enumerated by the Government of India by way of a notification. The owner or handler is also required to take out an insurance policy insuring against liability under the legislation. The rules made under the Public Liability Act mandate that the employer has to contribute a sum equal to the premium paid on the insurance policies towards the environment relief fund.

E. TAXATION LAWS

Income Tax Act, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act.

The Central Goods and Services Tax Act, 2017

The Central Goods and Services Tax Act, 2017 received assent of the President on 12th April 2017 and came into force from 1st July 2017. Goods and Service Tax (GST) is an indirect tax levied on the supply of goods and services. This law has replaced many indirect tax laws that previously existed in India such as Service tax, Central Excise Act, Entry Tax, Octroi, Additional customs duty and other draconian indirect taxes. There are 3 taxes applicable under this system- CGST, SGST, IGST.

CGST: is collected by the Central Government on an intra-state sale;

SGST: Collected by the State Government on an intra-state sale;

IGST: Collected by the Central Government for inter-state sale.

Maharashtra Goods and Services Tax (MGST) Act, 2017

The **Maharashtra Goods and Services Tax (MGST) Act, 2017** is the state legislation that governs the levy and collection of the State GST (SGST) on the **intra-state supply of goods and services** within Maharashtra. It mirrors the central CGST Act, 2017, and works in tandem with the Central GST (CGST) Act and the Integrated GST (IGST) Act to create a unified indirect tax system in India.

Maharashtra State Tax on Professions, Trades, Callings and Employments Act, 1975

The Professional Tax Act in Maharashtra mandates a state-level tax on professions, trades, callings, and employment for all individuals and entities earning an income in the state. It is imposed on salaried employees, self-employed individuals (e.g., doctors, lawyers), companies, Hindu Undivided Families (HUFs), firms, societies, and clubs. The tax is deducted by employers from employee salaries, while self-employed individuals pay it directly.

F. FOREIGN REGULATIONS

The Foreign Trade (Development & Regulation) Act, 1992

The Foreign Trade (Development & Regulation) Act, 1992 [herein after FTA], provides for the development and regulation of foreign trade by facilitating imports into and augmenting exports from India and for matters connected therewith or incidental thereto. As per the provisions of the FTA, the Government: (i) may make provisions for facilitating and controlling foreign trade; (ii) may prohibit, restrict and regulate exports and imports, in all or specified cases as well as subject them to exemptions; (iii) is authorized to formulate and announce an export and import policy and also amend the same from time to time, by notification in the Official

Gazette; (iv) is also authorized to appoint a 'Director General of Foreign Trade' for the purpose of the Act, including formulation and implementation of the Export-Import Policy. FTA read with the Indian Foreign Trade Policy inter-alia provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

Customs Tariff Act, 1975

The Customs Tariff Act, 1975 is the foundational Indian law for levying and collecting customs duties on imports and exports, establishing a system for classifying goods based on the Harmonized System of Nomenclature (HSN) to determine duty rates. The Act is divided into two schedules: the First Schedule for import duties and the Second Schedule for export duties, which are levied on a limited number of goods. It also provides a framework for assessing and collecting duties, with the Central Board of Indirect Taxes and Customs (CBIC) enforcing the law, and allows for amendments to keep pace with economic changes.

Customs Act, 1962

The Customs Act, 1962 is an Indian law that provides the legal framework for regulating the import and export of goods, including the levy and collection of customs duties. Key provisions cover the assessment and clearance of goods, the prevention of smuggling, and the establishment of customs ports, airports, and other stations. The Act grants powers to customs officials to enforce these regulations and outlines penalties for violations.

Importer-Exporter Code (IEC)

The Foreign Trade (Development and Regulation) Act, 1992, defines importer-exporter code in Section 2 clause (f). IEC is a key business identification number which is mandatory for Exports or Imports. No person shall make any import or export except under an IEC Number granted by the DGFT. In case of import or export of services or technology, the IEC shall be required only when the service or technology provider is taking benefits under the Foreign Trade Policy or is dealing with specified services or technologies.

Foreign Exchange Management Act, 1999 ("The FEMA") And Rules and Regulations Thereunder

Export of goods and services outside India is governed by the provisions of the Foreign Exchange Management Act, 1999 ("FEMA"), read with the applicable regulations. The Foreign Exchange Management (Export of goods and services) Regulations, 2000 have been superseded by the Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 ("Export of Goods and Services Regulations 2015") issued by the RBI on January 12, 2016 [last amended on June 23, 2017]. The RBI has also issued a Master Circular on Export of Goods and Services. The export is governed by these Regulations which make provisions such as declaration of exports, procedure of exports as well as exemptions.

Foreign Trade Policy 2023

Foreign Trade Policy 2023 The Central Government of India in exercise of powers conferred under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992 (No. 22 of 1992) [FT (D&R) Act], as amended, has notified Foreign Trade Policy (FTP) 2023 which is effective from April 01, 2023, and shall continue to be in operation unless otherwise specified or amended. It provides for a framework relating to export and import of goods and services. All exports and imports made up to 31.03.2023 shall, accordingly, be governed by the relevant FTP, unless otherwise specified.

G. INTELLECTUAL PROPERTY RIGHTS

The Trademarks Act, 1999 ("Trademarks Act")

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trade mark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal fee.

ANNEXURE-IV TO RESTATED FINANCIAL STATEMENTS

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO THE RESTATED FINANCIAL STATEMENTS

A. BACKGROUND

The Company was originally incorporated as a Private Limited Company under the provisions of the Companies Act, 1956, in the name and style of **“Pooja Castings Pvt. Ltd.”**, pursuant to a Certificate of Incorporation dated August 12, 1992, issued by the Asstt. Registrar of Companies, Pune, bearing CIN U27310MH1992PTC068151. Subsequently, the name of the Company was changed to **“Poojaa Precision Engg. Private Limited”** and a fresh certificate of incorporation pursuant to change of name dated December 06, 2025 was issued to the Company by the Registrar of Companies, Central Processing Centre. Further, the Company was converted from a private limited company to public limited company and consequently the name of the Company was changed to **“Poojaa Precision Engg. Limited”**, and a fresh certificate of incorporation dated December 12, 2025 was issued to the Company by the Registrar of Companies, Central Processing Centre. The CIN of the Company is **U27310MH1992PLC068151**.

The company is a precision engineering company engaged in the manufacturing of aluminium die casting and machining components for use in the automotive sector, including electric vehicle applications and the non-automotive sector. The manufacturing facilities include melting units, casting lines that support gravity casting, low-pressure die casting (LPDC), high-pressure die casting (HPDC) and machining capabilities for component finishing processes. The company produces various products which also include certain safety-critical components used in automotive, electric vehicle and non-automotive applications. The Company endeavour to provide its customers with integrated solutions covering design, engineering, melting, casting, cleaning and value-added processes including machining, assembly and related engineering services.

B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Restated Statement of Assets and Liabilities of the Company as on September 30, 2025, March 31, 2025, March 31, 2024, and March 31, 2023 and the Restated Statement of Profit and Loss and Restated Statements of Cash Flows for the period/year ended on September 30, 2025, March 31, 2025, March 31, 2024, and March 31, 2023 and the annexure thereto (collectively, the **“Restated Financial Statements”**) have been extracted by the management from the Audited Financial Statements of the Company.

The financial statements of the company have been prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP). GAAP comprises the Accounting Standards notified u/s 133 read with Section 469 of the Companies Act, 2013 (‘the Act’) read with Rule 7 of the Companies (Accounts) Rules, 2014 and provisions of Companies (Accounting Standards) Rules, 2021. The accounting policies have been framed, keeping in view the fundamental accounting assumptions of Going Concern, Consistency and Accrual, as also basic considerations of Prudence, Substance over form, and Materiality. These have been applied consistently, except where a newly issued accounting standard is initially adopted or a revision in the existing accounting standards require a revision in the accounting policy so far in use. The need for such a revision is evaluated on an ongoing basis.

The Financial Statements have been prepared on a going concern basis, in as much as the management neither intends to liquidate the company nor to cease operations. Accordingly, assets, liabilities, income and expenses are recorded on a Going Concern basis. Based on the nature of products and services, and the time between the acquisition of assets and realization in cash or cash equivalents, the company has ascertained its operating cycle as 12 months for the purposes of current and non-current classification of assets and liabilities

2. USE OF ESTIMATES

The preparation of financial statements required the management to make estimates and assumptions that affect the reported balance of assets and liabilities, revenues and expenses including of warranty claims and disclosures relating to contingent liabilities. The Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revision of accounting estimates is recognized prospectively in the current and future periods. Significant estimates used by the management in the preparation of these financial statements include provision for employee benefits, estimates of the economic useful life of plant and equipment, provision for expenses, etc.

3. SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies are adopted in the preparation and presentation of these financial statements:

(A) PROPERTY, PLANT AND EQUIPMENTS

Property, plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of a property, plant and equipment comprises its purchase price, any costs directly attributable to bringing the property, plant and equipment into the location and condition necessary for it to be capable of operating in the manner intended by management.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in statement of profit and loss.

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation /depletion and impairment loss, if any. The cost comprises purchase price, borrowing costs and any cost directly attributable to bringing the asset to its working condition for the intended use.

Depreciation & Amortization

Assets in the course of development or construction and freehold land are not depreciated.

Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to the statements of profit and loss in the period in which the costs are incurred. Major inspection and overhaul expenditure is capitalized if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a written down value basis over its expected useful life of the assets as prescribed under Part C of Schedule II to the Companies Act, 2013 except the following:

Plant & Machinery	12
Patterns & Dies	10
Vehicles	10

The Company believes that the useful lives as given above best represent the useful life of these assets based on internal assessment where necessary, which is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

Depreciation on PPE sold, discarded or demolished during the year, if any, is being provided pro-rata up to the date on which such PPE are sold, discarded or demolished.

Leasehold land & building and improvements are amortized on the basis of duration and other terms of lease.

When parts of an item of Property, Plant and Equipment have different useful life, they are accounted for as separate items (Major components) and are depreciated over the useful life respectively.

The residual values, useful lives and methods of depreciation of PPE are reviewed at the end of each financial year considering the physical condition of the PPE and benchmarking analysis or whenever there are indicators for review of residual value and useful life.

Amortisation of intangible assets is carried out in accordance with AS-26, *Intangible Assets*, over the useful life of the asset on a straight-line basis. The estimated useful life of the intangible being customized computer software is considered as 5 (five) Years.

(B) BORROWING COSTS

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(C) IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of amount.

(D) INVESTMENTS

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(E) INVENTORIES

Inventories of Raw materials, components, stores and spares are valued at lower of cost or net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on First in First Out (FIFO) basis.

Inventories of Work-In-Progress are valued at lower of cost or net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

Inventories of Scrap are valued at net realizable value.

Cost of inventories comprises of cost of purchase and other costs including cost incurred in bringing them to their respective present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less estimated cost of completion and other related costs.

(F) REVENUE RECOGNITION

- a) Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.
- b) Revenue from sale of goods is recognized when the significant risk and rewards are transferred as per the terms of sale which generally coincides with the dispatch of goods to the customer.
- c) Revenue from sale of services, if any contracts are recognised on time proportion basis on accrual.
- d) Pending revenue due to rate differences being billed on work order rate instead of benchmark rate are recognised as “Unbilled Revenue”, if there is positive amount recoverable from customers and “Unbilled Revenue Reversals”, if there is negative amount adjustable / payable to customers.
- e) Income in respect of interest, insurance claims, etc. is recognized to the extent the company is reasonably certain of its ultimate realization.
- f) The revenue is recognized at invoice value excluding Goods and service tax.

(G) FOREIGN CURRENCY TRANSACTIONS

- a) Foreign currency transactions are recorded at the exchange rates prevailing on the date of the transaction.
- b) Short term monetary items denominated in foreign currencies (such as cash, receivable, payable etc.) outstanding at the year end, are translated /re-converted at the year-end exchange rate unless covered by a forward contract.
- c) Any gain or loss arising on settlement and / or translation of short-term monetary transaction in foreign currency is accounted for in the statement of Profit and Loss.

(H) EMPLOYEE BENEFITS

Short term Employee Benefits:

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Defined-contribution plans:

Retirement benefit in the form of Provident Fund and Employee State Insurance Corporation Fund (ESIC) are defined contribution schemes. The Company is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund and ESIC as a part of retirement benefits to its employees. The contributions during the period are charged to statement of profit and loss. The Company recognizes contribution payable to the Provident Fund and ESIC scheme as an expenditure when an employee renders related service.

Defined Benefit Plans

The Company provides for **Gratuity**, a defined benefit retirement plan (“the Gratuity Plan”) covering eligible employees. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee’s salary and tenure of employment with the Company.

The Gratuity Plan is a **funded plan**, which is managed through a **separate gratuity trust with Life Insurance Corporation of India (LIC)**.

Liabilities in respect of the Gratuity Plan are determined by an **actuarial valuation**, performed by an independent actuary at each Balance Sheet date using the **Projected Unit Credit Method**, in accordance with Accounting Standard (AS-15) *Employee Benefits*. The Company recognises the **net defined benefit obligation or asset**, being the present value of the defined benefit obligation as reduced by the fair value of plan assets, in the Balance Sheet in accordance with AS-15.

Where the **fair value of plan assets exceeds the present value of the defined benefit obligation**, the resulting **net surplus is recognised as a Gratuity Asset, read with paragraph 59(b) of AS-15**, to the extent that the Company expects to realise such surplus through reduction in future contributions or refunds from the plan.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss in the period in which they arise. **Interest cost on the defined benefit obligation and expected return on plan assets are recognised in the Statement of Profit and Loss on a net basis.**

Leave benefits provided by the Company are in the nature of non-accumulating compensated absences. Such leave is required to be availed within the specified period and lapses if not utilised. The Company does not permit carry forward of such leave beyond the prescribed period.

In view of the above, liability towards leave encashment does not accumulate over future periods. Accordingly, the cost of non-accumulating compensated absences is recognised as an expense in the Statement of Profit and Loss in the period in which the absence occurs or when payment is made, as applicable.

Since the benefit is non-accumulating in nature, no provision is created at the reporting date and no actuarial valuation is carried out.

(I) SEGMENT ACCOUNTING

Business Segment

- (a) The business segment has been considered as the primary segment.
- (b) The Company’s primary business segments are reflected based on principal business activities, the nature of service, the differing risks and returns, the organization structure and the internal financial reporting system.
- (c) The Company’s primary business includes the manufacturing of aluminium die casting and machining components for use in the automotive sector, including electric vehicle applications and the non-automotive sector and accordingly this is the only segment as envisaged in Accounting Standard 17 ‘Segment Reporting’ therefore disclosure for Segment reporting is not applicable.

Geographical Segment:

As the company operates in India only, hence, geographical segment reporting is not applicable.

(J) ACCOUNTING FOR TAXES ON INCOME

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

- (i) Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.
- (ii) Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

(K) CONTINGENT LIABILITIES AND PROVISIONS

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for

- a) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or
- b) Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

RESTATED SUMMARY STATEMENT OF OTHER NON-CURRENT ASSETS

(All amounts in ₹ Lakhs, except as otherwise stated)

PARTICULARS	As At			
	30-09-2025	31-03-2025	31-03-2024	31-03-2023
Unsecured, Considered Good

Total	436.18	267.37	272.55	231.82

Note:

1. The Company operates a funded defined benefit gratuity plan, which is managed through a separate irrevocable gratuity trust with Life Insurance Corporation of India (LIC). The gratuity liability is determined annually based on an actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, as required under Accounting Standard (AS) 15 – Employee Benefits.

As per the actuarial valuation report as at the reporting date, the fair value of plan assets exceeds the present value of the defined benefit obligation, resulting in a net gratuity asset. Based on the actuarial assessment, the conditions prescribed under paragraph 59(b) of AS-15 relating to restriction on recognition of an asset are not applicable in the present case, and the Company expects to realise the surplus through reduction in future contributions.

Accordingly, the net surplus has been recognised as a “Gratuity Asset” and disclosed under Other Non-Current Assets in the Balance Sheet.

2. The disclosure of Employee Benefits as defined in the Accounting Standard 15 - "Employee Benefits", is given below:

Method of Valuation:

Projected Unit Credit (PUC) Method: is used to assess the plan liabilities, including those related to death-in service and incapacity benefits. Under this method a projected accrued benefit is calculated at the beginning of the year and again at the end of the year for each benefit that will accrue for all active members of the plan. The projected accrued benefit is based on the plans accrual formula and service as of the beginning or end of the year, but using final compensation, projected to the age at which the employee is assumed to exit. The plan liability is actuarial present value of the projected accrued benefits as on date of valuation.

Basis of Valuation:

Mortality is used as per Published rates under Indian Assured Lives Mortality (2012-2014) table. Rates at specimen ages are tabulated below:

Age (Years)	Rates
21	0.000934
22	0.000937
23	0.000936
24	0.000933
25	0.000931

Notes: -

1) The ratios have been computed as below:

a) Basic and Diluted earnings per share (Rs.): Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS.

b) Return on net worth (%): Net profit after tax (as restated) / Net worth at the end of the period or year.

c) Net assets value per share -: Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year.

2) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

3) Subsequent to the latest reporting date, the Company has issued bonus shares in the ratio of 3:5. In accordance with the requirements of Accounting Standard (AS) 20 – Earnings Per Share, the number of equity shares outstanding for all periods presented has been adjusted retrospectively, as if the bonus issue had occurred at the beginning of the earliest period reported.

Consequently, the basic and diluted earnings per share for all comparative periods have been restated to reflect the impact of the bonus issue, ensuring consistency and comparability across reporting periods.

4) Subsequent to the latest reporting date, the Company has sub-divided its equity shares having a face value of ₹100 each into 10 equity shares of ₹10 each, therefore, in accordance with Accounting Standard (AS) 20 – Earnings Per Share, the number of equity shares outstanding for all periods presented in the restated financial statements has been retrospectively adjusted to reflect the sub-division.

5) Net worth for ratios mentioned in note 1(c) and 1(d) is = Equity share capital + Reserves and surplus (including Securities Premium, if any, General Reserve, if any and surplus in statement of profit and loss).

6) EBITDA has been calculated as Profit before tax + Depreciation + Interest Expenses - Other Income

7) The figures disclosed above are based on the standalone restated summary statements of financial information of the Company.

8) The above statement should be read with the significant accounting policies and notes to restated summary statements of assets and liabilities, profits and losses and cash flows appearing in Annexures IV, I, II and III.

Notes:

Capital employed refers to Tangible Net worth + Total Debts + Deferred Tax

Earning for Debt Service = Net Profit after taxes + Non-cash operating expenses like depreciation and other amortizations and Interest
“Net Profit after tax” means reported amount of “Profit / (loss) for the period”

Working Capital implies Current Assets less Current Liabilities.

Return on investment is calculated on the basis of cost of investments held during the respective year.

Figures of stub-period have not been annualised.

All figures related to profit and loss have been extrapolated for the purpose of calculation of ratios.

Explanation for changes in ratios more than 25%-

September 30, 2025

Stub-period figures are not annualised, therefore, certain ratios do not provide actual comparison.

March 31, 2025

(a) Trade payable turnover ratio has been increased as there was substantial increase in purchases during the year.

March 31, 2024

(a) Debt-Equity Ratio has been decreased due to decrease of comparable debts at the end of the year and increase in equity during the year on account of substantial profits.

**ANNEXURE – AJ
RESTATED SUMMARY STATEMENT OF EVENTS OCCURRING AFTER THE BALANCE SHEET DATE**

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements.

Events Required Adjustment in Financial Statements: Nil

Non-Adjusting Events:

a) Issue of Bonus: Subsequent to the balance sheet date, the Company has issued bonus equity shares in the ratio of 3:5 in terms of ordinary resolution passed by shareholders of the company in their Extra Ordinary General Meeting dated 7th November, 2025.

In accordance with AS 4, this constitutes a non-adjusting event, and accordingly, no adjustments have been made in the financial statements for the period ended 30th September, 2025.

However, as per the requirements of AS 20 – Earnings Per Share, the EPS for all periods presented has been restated to reflect the bonus issue, as if it had occurred at the beginning of the earliest period reported.

b) Sub-Division of Equity Shares: Subsequent to the balance sheet date, the Company has sub-divided its equity shares having a face value of ₹100 each into 10 equity shares of ₹10 each, pursuant to the resolution passed by the shareholders at the Extraordinary General Meeting held on 7th November, 2025.

The sub-division has been carried out with a view to improve liquidity, enhance affordability, and encourage wider participation from retail investors in the Company's equity.

In accordance with Accounting Standard (AS) 20 – Earnings Per Share, the number of equity shares outstanding for all periods presented in the restated financial statements has been retrospectively adjusted to reflect the sub-division. Consequently, ratios such as Earnings Per Share (EPS), Net Asset Value per Share, and Face Value per Share have been restated to ensure comparability.

c) Issue and Allotment of Equity Shares to the Public (Initial Public Offer): Subsequent to the balance sheet date, the Board of Directors of the Company, at its meeting held on January 2, 2026, and the Shareholders at their Extra-Ordinary General Meeting held on January 05, 2026 approved a proposal to undertake an Initial Public Offering (IPO) of up to 53,10,000 equity shares and to list the equity shares of the Company on the SME platform of a recognized Stock Exchange.

The IPO will be carried out in accordance with the applicable laws and regulations, including the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended.

This event does not affect the financial position as at the balance sheet date and has accordingly been disclosed as a non-adjusting event.

d) Issue of Equity Shares: Subsequent to the balance sheet date, the Company has allotted 59,025 equity shares on private placement basis in terms of special resolution passed by shareholders of the company in their Extra Ordinary General Meeting dated 14th October, 2025 for an aggregating value of Rs. 1862.83 Lakhs.

In accordance with AS 4, this constitutes a non-adjusting event, and accordingly, no adjustments have been made in the financial statements for the period ended 30th September, 2025.

Explanation to Adjustments:

a) Adjustment of Gratuity Expenses

The Company had previously accounted for gratuity expenses on an accrual basis. During the restatement exercise, certain errors were identified, including those relating to compliance with paragraph 59(b) of AS-15 (Revised). Consequently, gratuity expenses have been restated based on an independent actuarial valuation, and the impact thereof has been appropriately adjusted in the restated financial statements.

b) Adjustment on account of Provision of Deferred Tax Assets:

Due to adjustment to Provision for Gratuity (Employee benefits), adjustment of certain disallowances u/s 43B, 40(a)(ia) and others sections of the Income Tax Act 1961 along with difference in Property, plant and equipment tax base and written down value as per books of accounts which are temporary timing differences, during the period of restatement, the Company has recalculated the deferred tax liability and deferred tax assets at the end of respective year ended at the rate of normal tax rate applicable at the end of relevant year. For more details refer table of Reconciliation of Statement of Profit and loss as above.

c) Provision of Income Tax (Current/Prior Period) including interest thereon

During the restatement, the Income tax provision was recalculated on restated Profit/(Loss) of respective year as per the prevailing tax rates, accordingly the effect of revised income tax provision has been made in the Restated Statement of Profit and Loss. Short/(Excess) provision has adjusted in respective year/period. Further, interest on income tax are charged to respective year to which it relates. For more details, refer Annexure - AI enclosed with the Restated Financial Statement

d) Accounting of PPE, Capitalisation, Decapitalisation of Certain Expenses & Profit/Loss Calculation on Sale of PPE.

During the restatement, certain expenditures are capitalised / Decapitalised due to their specific nature and accordingly, impact has been given in restated profits. Further, some error has been identified in date of capitalisation, rate of depreciation and profit / loss calculation of sale of fixed assets and thereby, depreciation has been recalculated in Restated Statement of Profit and Loss. For more details refer table of Reconciliation of Statement of Profit and loss as above.

e) Accounting of Interest Income.

During the restatement, Interest Income on Fixed Deposits and other deposits recalculated on the basis of 26AS and Interest Statements received from bank and accounted for on accrual basis. Accordingly, adjustment has been made in Restated Statement of Profit & Loss. For more details refer table of Reconciliation of Statement of Profit and loss as above.

f) Accounting of Prior Period Expenses:

During the restatement, expenses booking has been reconsidered based on the year to which such expenses pertain and accordingly all prior period expenses has been charged to Restated Statement of Profit and Loss of respective years. For more details refer table of Reconciliation of Statement of Profit and loss as above.

g) Accounting of Investments

During the restatement, company has corrected value of current investments wherever value of such investments has gone below market value in terms of Accounting Standard - 13 and accordingly, necessary adjustment is made in Restated Statement of Profit & Loss. For more details refer table of Reconciliation of Statement of Profit and loss as above.

h) Accounting of CSR Expense

During the restatement, company has corrected the accounting of CSR expenses and excess or short CSR paid amounts accounted for accordingly. Therefore, necessary adjustment is made in Restated Statement of Profit & Loss. For more details refer table of Reconciliation of Statement of Profit and loss as above.

i) Accounting of Forex Gain / Loss

During the restatement, company has restated value of trade payables and trade receivables which are payable or receivable in foreign currency at the closing exchange rates as per Accounting Standard - 11 and therefore, necessary adjustment is made in Restated Statement of Profit & Loss. For more details refer table of Reconciliation of Statement of Profit and loss as above.

j) Accounting of Interest and other Borrowing Costs

During the restatement, company has restated certain interest expenses and other borrowing costs on accrual basis and accordingly, necessary adjustment is made in Restated Statement of Profit & Loss. For more details refer table of Reconciliation of Statement of Profit and loss as above.

k) Accounting of Certain Expenses on Accrual Basis

During the restatement, certain expenses such as insurance charges, tax demands, etc have been identified which had been accounted for on cash basis instead of accrual basis and therefore, necessary adjustments have been made in Restated Statement of Profit & Loss and Prepaid Expenses in Statement of Assets & Liabilities. For more details refer table of Reconciliation of Statement of Profit and loss as above.

l) Inventory Valuation

During the restatement, Company has identified certain obsolete inventories of casting dies and has written off the same during the restatement period and therefore, necessary adjustments have been made in Restated Statement of Profit & Loss and in Statement of Assets & Liabilities. For more details refer table of Reconciliation of Statement of Profit and loss as above.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our restated financial statements attached in the chapter titled **"Financial Information of the Company"** beginning on page 179. You should also read the section titled **"Risk Factors"** on page 21 and the section titled **"Forward Looking Statements"** on page 19 of this Draft Red Herring Prospectus, which discusses a number of factors and contingencies that could affect our financial condition and results of operations. The following discussion relates to us, and, unless otherwise stated or the context requires otherwise, is based on our Restated Financial Statements.

Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated August 20, 2025 which is included in this Draft Red Herring Prospectus under "Financial Statements". The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

COMPANY OVERVIEW

We are a precision engineering company engaged in the manufacturing of aluminium die casting and machining components for use in the automotive sector, including electric vehicle applications and the non-automotive sector, covering agriculture, defence, energy, healthcare, engineering goods industry. Our manufacturing facilities include melting units, casting lines that support gravity die casting (GDC), low-pressure die casting (LPDC), high-pressure die casting (HPDC) and machining capabilities for component finishing processes. For the year ended March 31, 2025, we produced over 500 SKUs, which also include certain safety-critical components used in automotive, electric vehicle and non-automotive applications. We endeavour to provide our customers with integrated solutions covering design, engineering, melting, casting, cleaning and value-added processes including machining, assembly and related engineering services.

We supply components such as bracket, compressor, intake manifold, cylinder head cover, assembly air intake manifold, camshaft carrier, clutch housing, cover front, oil filter holder (NA), elbow assembly etc. for the automotive sector. For the electric vehicle mobility sector, our supplies include transmission housings, brackets and housing bearing sleeve assembly. For the non-automotive sector, we supply drive box housing FA5, cast flange, elbow, turbo outlet, external conductor, contact carrier (fertigteil), upper bracket, conductor, carrier, drive box housing (FA1) etc. We have diversified our product portfolio from supplying components primarily to the automotive sector to also supplying components to the electric vehicle segment and components used in Non-automotive sector including agriculture, defence, energy, healthcare, engineering goods and certain other industries. For further information on our product offerings, see **"Our Product Offerings"** on page 124.

Our customer base has increased from 39 customers in Fiscal 2023 to 56 customers in Fiscal 2025, and we served approximately 46 customers during the half year ended September 30, 2025. We have generated repeated business from 22 customers during the above periods. In the automobile segment, our customers include original equipment manufacturers and tier-1 automotive suppliers operating in the domestic market. We also export automobile components to customers in international markets including countries like Germany, United States, Italy and Switzerland. The table below sets out our revenue from operations for the automotive sector, electric vehicle segment and non-automotive sector for the periods indicated, based on our Financial Information.

* Non-automotive sector includes components delivered to agriculture, defence, energy, healthcare, engineering goods and certain other industries.

Our Company was incorporated on August 12, 1992 and was engaged in the business of aluminium castings. In 2007, we commenced operations at our manufacturing facility located at Gat No. 253/1A, Chakan - Talegaon Road, Kharabwadi, Chakan, Pune, Maharashtra, 410501. To address increasing demand, we established a second manufacturing facility at Gat No. 251/1, Plot No. 9, 10, 11, 13 (old GAT No. 2787/1), Talegaon Chakan Road, Kharabwadi, Chakan Industrial Area, Pune, Maharashtra, 410501, which started operations during the year 2021. We currently operate abovementioned two manufacturing facilities with a combined melting capacity of 13800 MT (annual) and casting and finishing capacity of approx. 6000MT (annual) as on September 30, 2025, supporting melting, casting, cleaning, engineering and machining operations. Our plant and machinery which included equipment from the melting stage to the finishing stage, covering melting furnaces, casting machines, trimming and cutting equipment, machining and

associated material-handling and auxiliary systems, support the manufacturing of casting and precision components through gravity die casting (GDC), low pressure die casting (LPDC) and high pressure die casting (HPDC) processes. We are in the process of establishing an additional manufacturing unit in Pune ("Unit III"), which will be used for the production of components similar to those manufactured at our existing facilities by utilizing the net proceeds from the IPO. We are also undertaking a diversification into the manufacturing of precision components using magnesium. For this purpose, we are setting up Unit IV, which will carry out sample development and submission activities for magnesium components until customer and OEM approvals are obtained.

Our in-house design and engineering functions support the development of a range of precision engineering components and solutions and have enabled us to expand our business across different sectors. We also undertake reverse engineering activities to support customer design requirements. Our reverse engineering process involves the examination and deconstruction of customer-provided sample components to generate design data, develop drawings and prepare prototypes/models. These activities are supported by X-ray machines used for internal structure assessment of components, enabling the identification of internal profiles, cavities and dimensional characteristics required for product development. Our design and engineering team comprises 16 employees and is equipped with tools and software such as Adstefan casting simulation software, Solidcam Bundle standard software etc., which facilitate activities relating to design development, analysis, modelling and engineering support for customers.

We have established quality management systems that support compliance with customer requirements, industry standards and certification norms. Our facilities hold ISO 14001:2015 and ISO 45001:2018 certifications for the manufacturing of machined and assembled aluminium alloy castings at Gat No. 251/1, Plot Nos. 9, 10, 11 and 13, Chakan-Talegaon Road, Kharabwadi, Pune; ISO 9001:2015 certification for the facility at Gat No. 253/1A, Kharabwadi, Chakan, Pune; and IATF 16949:2016 certifications for both the above facilities. Also, our existing manufacturing facilities are subject to periodic audits by customers and certification authorities. Further, before being appointed as a supplier to OEMs or their vendors in the automotive and electric vehicle segments, we undergo a qualification and assessment process that includes facility evaluations, process audits and testing of sample components. Components supplied to automotive customers also undergo customer-specific inspection and validation procedures before purchase orders are issued. Over the years, we have received awards from customers for quality excellence, product development and supplier performance, including awards such as the Best Project Award-I Quality Improvement, Innovative Approach for Development, Quality Excellence Award, Best Casting Competition, Best Supplier Award, Gold Award etc. from our customers.

Our business operations are overseen by our management team, Key Managerial Personnel ("KMP") and Senior Managerial Personnel ("SMP"), who supervise functions relating to manufacturing, engineering, finance, supply chain, quality, marketing and operations. The Board is chaired by Anil Shivajirao Kulkarni, Chairman and Whole-Time Director, who has experience of around 32 years in the field of aluminium die casting, tooling and engineering manufacturing sectors. The day-to-day management of the Company is led by Sanket Anil Kulkarni, Managing Director, who has experience of over 16 years in the casting and engineering industry, and is responsible for overall strategic leadership, production, operations, quality, finance, business development, driving profitability through cost optimization, productivity improvement, and capacity utilization, oversight to tooling, die design, casting processed and continuous improvement initiatives. Further, Rahul Sohanlal Ranka, our Whole Time Director has an experience of over 25 years in the alloy manufacturing, casting, manufacturing, and engineering sectors. He is responsible for overall commercial operations, driving margin improvement through effective product costing, yield optimization, and price negotiations, leading commercial negotiations with OEMs, Tier-1 customers, and export clients, managing raw material procurement, vendor contracts, and business expansion initiatives. They are supported by senior personnel overseeing production, quality, design and engineering, programme management, supply chain, human resources and administration. The Board of Directors provides overall direction and monitors the performance of the Company's business units. For further details regarding the profiles, roles and responsibilities of our Directors, senior management and KMP, see "**Our Management**" on page 154.

The table below sets out some of our financial and other metrics as at and for the six months period ended September 30, 2025 and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023, based on our Restated Financial Information:

F. OUTSTANDING DUES TO SMALL SCALE UNDERTAKINGS OR ANY OTHER CREDITORS

In accordance with the Materiality Policy, the Board of Directors of our Company considers dues exceeding 5% of our Company's trade payables as per the last Restated financial statements, to small scale undertakings and other creditors, as material dues for our Company.

As per Restated Financial Statements, the trade payables of our Company as on September 30, 2025 were Rs. 1899.77 lakhs. Accordingly, a creditor has been considered 'material' if the amount due to such creditor exceeds Rs. 94.99 lakhs as on September 30, 2025. This materiality threshold has been approved by our Board of Directors pursuant to the resolution passed on December 17, 2025. As on September 30, 2025, there are no creditors to whom our Company owes amounts exceeding 5.00% of our Company's total trade payables.

Based on this criterion, details of outstanding dues (trade payables) owed to micro, small and medium enterprises (as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006), material creditors and other creditors, as at September 30, 2025, by our Company, are set out below:

<i>(Amount in Rs. Lakhs)</i>						
Type of Creditors	No. of Creditors	Total Amount Outstanding	No of Material Creditors	Amount of Material Creditors	No of other Creditors	Amount of other Creditors
Dues to micro, small and medium enterprises	148	1,016.55	-	-	148	1,016.55
Dues to other Creditors	140	883.22	-	-	140	883.22
Total	288	1899.77	-	-	288	1899.77

* As defined under the Micro, Small and Medium Enterprises Development Act, 2006.

Details of outstanding dues to creditors (including micro and small enterprises as defined under the Micro, Small and Medium Enterprises Development Act, 2006) as required under the SEBI (ICDR) Regulations have been disclosed on our website at <https://www.poojacastings.in/> It is clarified that such details available on our website do not form a part of this Draft Red Herring Prospectus.

Minimum Application Value, Market Lot and Trading Lot

As per regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e., not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. Hence, the Equity Shares being Issued can be applied for in the dematerialized form only. In this context, two agreements have been signed among our Company, the respective Depositories and Registrar to the Issue.

- Tripartite Agreement dated July 04, 2025 between NSDL, Our Company and Registrar to the Issue; and
- Tripartite Agreement dated September 17, 2025 between CDSL, Our Company and Registrar to the Issue;

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by BSE Limited (SME platform of BSE) from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares of face value of ₹10/- each and is subject to a minimum allotment of [●] Equity Shares of face value of ₹10/- each to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Number of Allottees

In accordance with Regulation 268 of SEBI (ICDR) Regulations, 2018 the minimum number of allottees in the Issue shall be 200 shareholders. In case the minimum number of prospective allottees is less than 200, no allotment will be made pursuant to this Issue and the monies collected shall be unblocked forthwith.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Pune, Maharashtra only.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States, and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Note ¹Our Company, in consultation with the Book Running Lead Manager, may consider participation by Anchor Investors in accordance with the SEBI (ICDR) Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI (ICDR) Regulations.

²Our Company, in consultation with the Book Running Lead Manager, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI (ICDR) Regulations.

³UPI mandate end time and date shall be at 5.00 p.m. on Bid/Issue Closing Date

*In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism)

exceeding four Working Days from the Bid/ Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding four Working Days from the Bid/ Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.

The above time table is indicative and does not constitute any obligation on our Company. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on BSE Limited is taken within Three Working Days from the Issue Closing Date, the timetable may change due to various factors, such as extension of the Issue Period by our Company or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Any circulars or notifications from the SEBI after the date of this Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with listing timelines and activities prescribed by the SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (Other than Bids from Anchor Investors) The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within three Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Bid-Cum-Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid-Cum- Application Forms are received on the Bid/ Issue Closing Date, as is typically experienced in public Issue, some Bid-Cum- Application Forms may not get uploaded due to the lack of sufficient time. Such Bid-Cum- Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bid-Cum- Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI (ICDR) Regulations, Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid-Cum- Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid-Cum- Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Our Company in consultation with the Book Running Lead Manager, reserves the right to revise the Price Band during the Bid/ Issue Period. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/ Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/ Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the Book Running Lead Manager, for reasons to be recorded in writing, extend the Bid/ Issue Period for a minimum of one Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the Book Running Lead Manager and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Minimum Subscription and Underwriting

Minimum subscription in the Issue is 90% and the Issue is 100% underwritten. As per Section 39 of the Companies Act, 2013, if the stated minimum amount is not subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, or such other period as may be specified by the SEBI, the application money has to be returned within such period as may be prescribed. If the stated minimum amount has not been subscribed and the sum payable on application is not received within the period specified therein, then the application money shall be repaid within a period of fifteen days from the closure of the Issue and if any such money is not so repaid within such period, the directors of the company who are officers in default shall jointly and severally be liable to repay that money with interest at the rate of fifteen percent per annum.

In terms of Regulation 272(2) of SEBI (ICDR) Regulations, in case the Company fails to obtain listing or trading permission from the stock exchanges where the specified securities are proposed to be listed, it shall refund through verifiable means the entire monies received within four days of receipt of intimation from stock exchange(s) rejecting the application for listing of specified securities, and if any such money is not repaid within four days after the Issuer becomes liable to repay it, the Issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent per annum.

Further, in accordance with Regulation 268(1) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 200 (Two Hundred). In terms of Regulation 260 of the SEBI (ICDR) Regulations, 2018, the Issue is 100% underwritten. For details of underwriting arrangement, kindly refer the chapter titled “**General Information - Underwriting**” on page 57 of this Draft Red Herring Prospectus. Further, in accordance with Regulation 267 of the SEBI (ICDR) Regulations, 2018, the minimum application size in terms of number of specified securities shall not be less than two lots. Provided that minimum application size shall be above ₹2 lakhs.

Migration to Main Board

As per the provisions of the Chapter IX of the SEBI (ICDR) Regulation, 2018 read with SEBI ICDR (Amendment) Regulations, 2025 to the extent applicable, our Company may migrate to the main board of BSE from the SME Exchange on a later date subject to the following:

As per Regulation 280(2) of the SEBI ICDR Regulation, 2018 read along with SEBI ICDR (Amendment) Regulations, 2025, Where the post-issue paid up capital of the Company listed on a BSE SME is likely to increase beyond twenty-five crore rupees by virtue of any further issue of capital by the Company by way of rights issue, preferential issue, bonus issue, etc. the Company shall migrate its equity shares listed on a BSE SME to the Main Board and seek listing of the equity shares proposed to be issued on the Main Board subject to the fulfilment of the eligibility criteria for listing of equity shares laid down by the Main Board:

Provided that no further issue of capital shall be made unless –

- the shareholders have approved the migration by passing a special resolution through postal ballot wherein the votes cast by shareholders other than promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal;
- the Company has obtained an in-principal approval from the Main Board for listing of its entire specified securities on it.

Provided further that where the post-Issue paid-up capital pursuant to further issue of capital including by way of rights issue, preferential issue, bonus issue, is likely to increase beyond ₹25 crores, the Company may undertake further issuance of capital without migration from SME exchange to the main board, subject to the undertaking to comply with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable to companies listed on the main board of the stock exchange(s).”

If the Paid-up Capital of the company is more than ₹10 crores but below ₹25 crores, we may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

In continuation to Exchange Notice No. 20250820-10 dated August 20, 2025, and Media release dated February 23, 2026; BSE has amended its criteria for SME companies seeking migration to Main Board which is effective from March 1, 2026. - ⁽²⁾ In terms of Rule 19(2) of the SCRR read with Regulation 252 of the SEBI (ICDR) Regulations, 2018 this is an Issue for at least 25% of the post Issue paid-up Equity share capital of the Company. This Issue is being made through Book Building Process, wherein allocation to the public shall be as per Regulation 252 of the SEBI (ICDR) Regulations.
- ⁽³⁾ Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with the Book Running Lead Manager and the Designated Stock Exchange, subject to applicable laws.
- ⁽⁴⁾ Full Bid Amount shall be payable by the Anchor Investors at the time of submission of the Anchor Investor Bid-cum- Application Forms provided that any difference between the Anchor Investor Allocation Price and the Anchor Investor Issue Price shall be payable by the Anchor Investor Pay-In Date as indicated in the CAN.

The Bids by FPIs with certain structures as described under **“Issue Procedure - Bids by FPIs”** on pages 303 and having same PAN may be collated and identified as a single Bid in the Bidding process. The Equity Shares Allocated and Allotted to such successful Bidders (with same PAN) may be proportionately distributed.

If the Bid is submitted in joint names, the Bid cum Application Form should contain only the name of the first Bidder whose name should also appear as the first holder of the depository account held in joint names. The signature of only the first Bidder would be required in the Bid cum Application Form and such first Bidder would be deemed to have signed on behalf of the joint holders. Bidders will be required to confirm and will be deemed to have represented to our Company, the Underwriters, their respective directors, officers, agents, affiliates and representatives that they are eligible under applicable law, rules, regulations, guidelines and approvals to acquire the Equity Shares.

Withdrawal of the Issue

In accordance with SEBI (ICDR) Regulations, the Company, in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue at any time before the Bid/ Issue Opening Date, without assigning any reason thereof.

In case, the Company wishes to withdraw the Issue after Bid/ Issue Opening but before allotment, the Company will give public notice giving reasons for withdrawal of Issue. The public notice will appear in two widely circulated national newspapers (*one each in English and Hindi*) and one in regional newspaper.

The Book Running Lead Manager, through the Registrar to the Issue, will instruct the SCSBs, to unblock the ASBA Accounts within one Working Day from the day of receipt of such instruction. The notice of withdrawal will be issued in the same newspapers where the pre-Issue and price band advertisements have appeared and the Stock Exchange will also be informed promptly.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to undertake a public Issue of Equity Shares, our Company will file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company will apply for only after Allotment; and (ii) filing of the Red Herring Prospectus/ Prospectus with ROC.

SEBI through its UPI Circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (**UPI**) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for Individual Investors applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days ("**UPI Phase I**"). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later ("**UPI Phase II**"). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIIs ("**UPI Phase III**"), as may be prescribed by SEBI. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on or after May 1, 2021, except as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021. The provisions of these circulars are deemed to form part of this Draft Red Herring Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings whose application sizes are up to ₹500,000 shall use the UPI Mechanism. Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022; applications made using the ASBA facility in initial public offerings shall be processed only after application monies are blocked in the bank accounts of investors (all categories). These circulars are effective for initial public offers opening on/or after May 1, 2021, and the provisions of these circulars, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public Issue from existing 6 working days to 3 working days from the date of the closure of the Issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public Issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has, vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, reduced the time taken for listing of specified securities after the closure of a public Issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. Further, the Company and the LM are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for application in this Issue.

Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus.

Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Red Herring Prospectus and the Prospectus.

The BRLM shall be the nodal entity for any issue arising out of public issuance process.

Further, our Company and the Syndicate are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of, inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by UPI Bidders through Designated Intermediaries with the objective to reduce the time duration from public Issue closure to listing from six Working Days to up to three Working Days. The SEBI in its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, has reduced the time period for listing of equity shares pursuant to a public Issue from six Working Days to three Working Days. The timeline was applicable on a voluntary basis for public Issues opening on or after September 1, 2023 and has been made applicable on a mandatory basis for public Issues opening on or after December 1, 2023. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public Issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIIs had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public Issue closure to listing continued to be six Working Days.

Phase II: This phase became applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public Issues, whichever was later. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Subsequently, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II until further notice. Under this phase, submission of the ASBA Form by RIIs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds was discontinued and replaced by the UPI Mechanism. However, the time duration from public Issue closure to listing continued to be six Working Days during this phase.

SEBI through its circular SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 5, 2022, prescribed that all individual bidders applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹500,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹200,000 and up to ₹500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Phase III: This phase has become applicable on a voluntary basis for all Issues opening on or after September 1, 2023 and on a mandatory basis for all Issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("**T+3 Notification**"). In this phase, the time duration from public Issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and

procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI. The Issue is being made under Phase III of the UPI (on a mandatory basis). The processing fees for applications made by UPI Bidders may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law.

All SCSBs offering facility of making application in public Issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as the Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the BRLM. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the BRLM will be required to compensate the concerned investor.

PART A

Book Building Procedure

In terms of Rule 19(2)(b) of the Securities Contracts (Regulation) Rules, 1957, as amended (the "SCRR") read with Regulation 252 of SEBI (ICDR) Regulations, 2018, the Issue is being made for at least 25% of the post-Issue Paid-up Equity Share capital of our Company. The Issue is being made under Regulation 229(2) of Chapter IX of SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 via book building process wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company and may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations. Pursuant to the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) (Third Amendment) Regulations, 2025, out of the Anchor Investor Portion, 40% shall be reserved, of which (i) 33.33% shall be available for allocation to domestic Mutual Funds and (ii) 6.67% shall be available for allocation to life insurance companies and pension funds, subject to valid Bids being received from domestic Mutual Funds, life insurance companies, and pension funds at or above the Anchor Investor Allocation Price. In the event of under-subscription under (ii) above, the allocation may be made to domestic Mutual Funds. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors, out of which (a) one-third of such portion shall be reserved for applicants with application size of more than 2 lots and up to ₹ 10.00 lakhs; and (b) two-third of such portion shall be reserved for applicants with application size of more than ₹ 10.00 lakhs, provided that the unsubscribed portion in either of such sub-categories may be allocated to applicants in the other sub- category of Non-Institutional Bidders and not less than 35% of the Issue shall be available for allocation to Individual Investors who applies for minimum application size in accordance with the SEBI (ICDR) Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, undersubscription, if any, in any category, except the QIB Portion, would be allowed to be met with spill-over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, and the Designated Stock Exchange. However, under-subscription, if any, in the QIB Portion will not be allowed to be met with spillover from other categories or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchanges. All potential Bidders (except Anchor Investors) are required to mandatorily utilize the ASBA process providing details of their respective ASBA accounts, and UPI ID (in case of UPI Bidders) if applicable, in which the corresponding Bid Amounts will be blocked by the SCSBs or under the UPI Mechanism, as applicable.

Bidder must ensure that their PAN is linked with Aadhaar and are in compliance with the notification by the Central Board of Direct Taxes dated February 13, 2020, read with press releases dated June 25, 2021, and September 17, 2021 and March 30, 2022, read with press release dated March 28, 2023. Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialized form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN, and UPI ID, for UPI Bidders Bidding using the UPI Mechanism, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get the Equity Shares rematerialized subsequent to Allotment of the Equity Shares in the Issue, subject to compliance with Applicable Law.

(DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Individual Bidders

The Application must be for a minimum of two lots provided that the minimum application size shall be above Rs 2 lakhs. In case of revision of Applications, the Individual Bidders have to ensure that the Application lots size is two lots and amount exceeds Rs 2,00,000 as applicable. The Application must be for a minimum application size of two lots and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder exceeds ₹ 2,00,000. In case of revision of Applications, the Individual Bidders have to ensure only upward revision and they shall not withdraw or lower their bids.

2. For Other than Individual Bidders (Non-Institutional Applicants and QIBs):

The Application must be for more than two lots and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application is for more than two lots for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the Book Running Lead Manager will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper [●] and all editions of Hindi national newspaper [●] and Marathi Edition of Regional newspaper [●] where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid/ Issue Opening Date. The Book Running Lead Manager and the SCSBs shall accept Bids from the Bidders during the Bid/ Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional one Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be published in all editions of the English national newspaper [●] and all editions of Hindi national newspaper [●], each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.
- b) During the Bid/ Issue Period, Individual Bidders, should approach the Book Running Lead Manager or their authorized agents to register their Bids. The Book Running Lead Manager shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the Book Running Lead Manager (for the Bids to be submitted in the Specified Cities) to register their Bids.
- c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- d) The Bidder/ Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a Book Running Lead Manager or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another Book Running Lead Manager or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- e) Except in relation to the Bids received from the Anchor Investors, the Book Running Lead Manager /the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”),

for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form

- f) The Book Running Lead Manager shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Issue Period i.e. one working day prior to the Bid/ Issue Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.
- g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “*Escrow Mechanism - Terms of payment and payment into the Escrow Accounts*” in the section “**Issue Procedure**” beginning on page 303 of this Draft Red Herring Prospectus
- h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.
- i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the Book Running Lead Manager, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b. Our Company in consultation with the Book Running Lead Manager, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price.
- d. The price of the specified securities Issued to an anchor investor shall not be lower than the price Issued to other applicants.

Participation by Associates /Affiliates of Book Running Lead Manager and the Syndicate Members

The Book Running Lead Manager and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Book Running Lead Manager and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the BRLM and Syndicate Members, shall be treated equally for the purpose of allocation.

Neither the Book Running Lead Manager nor any persons related to the Book Running Lead Manager (other than Mutual Funds sponsored by entities related to the Book Running Lead Manager), Promoters and Promoter Group can apply in the Issue under the Anchor Investor Portion. Further, the member of the Promoter Group shall not participate by applying for Equity Shares. Further, persons related to the Promoter and Promoter Group shall not apply in the Issue under the Anchor Investor Portion.

Further, an Anchor Investor shall be deemed to be an associate of the BRLM, if: (a) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or (b) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or (c) there is a common director, excluding a nominee director, among the Anchor Investor and the BRLM.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders

BIDS BY ANCHOR INVESTORS:

Our Company in consultation with the Book Running Lead Manager, may consider participation by Anchor Investors in the Issue for up to 60% of the QIB Portion in accordance with the SEBI Regulations. Only QIBs as defined in Regulation 2(1) (ss) of the SEBI Regulations and not otherwise excluded pursuant to Schedule XIII of the SEBI Regulations are eligible to invest. The QIB Portion will be reduced in proportion to allocation under the Anchor Investor Portion. In the event of undersubscription in the Anchor Investor Portion, the balance Equity Shares will be added to the QIB Portion. In accordance with the SEBI Regulations, the key terms for participation in the Anchor Investor Portion are provided below.

- 1) Anchor Investor Bid cum Application Forms will be made available for the Anchor Investors at the offices of the Book Running Lead Manager.
- 2) The Bid must be for a minimum of such number of Equity Shares so that the Bid Amount is at least ₹200.00 lakhs. A Bid cannot be submitted for over 60% of the QIB Portion. In case of a Mutual Fund, separate Bids by individual schemes of a Mutual Fund will be aggregated to determine the minimum application size of ₹200.00 lakhs
- 3) Pursuant to the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) (Third Amendment) Regulations, 2025, out of the Anchor Investor Portion, 40% shall be reserved, of which (i) 33.33% shall be available for allocation to domestic Mutual Funds and (ii) 6.67% shall be available for allocation to life insurance companies and pension funds, subject to valid Bids being received from domestic Mutual Funds, life insurance companies, and pension funds at or above the Anchor Investor Allocation Price. In the event of under-subscription under (ii) above, the allocation may be made to domestic Mutual Funds. In the event of under-subscription or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the remaining QIB Portion (other than the Anchor Investor Portion) ("Net QIB Portion").
- 4) Bidding for Anchor Investors will open one Working Day before the Bid/ Issue Opening Date and be completed on the same day.
- 5) Our Company in consultation with the Book Running Lead Manager, will finalize allocation to the Anchor Investors on a discretionary basis, provided that the minimum and maximum number of Allottees in the Anchor Investor Portion will be, as mentioned below:
 - where allocation in the Anchor Investor Portion is up to ₹ 200.00 Lakhs, maximum of 2 (two) Anchor Investors.
 - where the allocation under the Anchor Investor Portion is more than ₹ 200.00 Lakhs but upto ₹ 2500.00 Lakhs, minimum of 2 (two) and maximum of 15 (fifteen) Anchor Investors, subject to a minimum Allotment of ₹ 100.00 Lakhs per Anchor Investor; and
 - where the allocation under the Anchor Investor portion is more than ₹ 2500.00 Lakhs: (i) minimum of 5 (five) and maximum of 15 (fifteen) Anchor Investors for allocation upto ₹ 2500.00 Lakhs; and (ii) an additional 10 Anchor Investors for every additional allocation of ₹ 2500.00 Lakhs or part thereof in the Anchor Investor Portion; subject to a minimum Allotment of ₹ 100.00 Lakhs per Anchor Investor.
- 6) Allocation to Anchor Investors will be completed on the Anchor Investor Bid/ Issue Period. The number of Equity Shares allocated to Anchor Investors and the price at which the allocation is made will be made available in the public domain by the Book Running Lead Manager before the Bid/Issue Opening Date, through intimation to the Stock Exchange.
- 7) Anchor Investors cannot withdraw or lower the size of their Bids at any stage after submission of the Bid.
- 8) If the Issue Price is greater than the Anchor Investor Allocation Price, the additional amount being the difference between the Issue Price and the Anchor Investor Allocation Price will be payable by the Anchor Investors within 2 (two) Working Days from the Bid/ Issue Closing Date. If the Issue Price is lower than the Anchor Investor Allocation Price, Allotment to successful Anchor Investors will be at the higher price, i.e., the Anchor Investor Issue Price.
- 9) At the end of each day of the bidding period, the demand including allocation made to anchor investors, shall be shown graphically on the bidding terminals of syndicate members and website of stock exchange offering electronically linked transparent bidding facility, for information of public.
- 10) 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 90 days from the date of Allotment, while the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.
- 11) The Book Running Lead Manager, our Promoters, Promoter Group or any person related to them (except for Mutual Funds

sponsored by entities related to the Book Running Lead Manager) will not participate in the Anchor Investor Portion. The parameters for selection of Anchor Investors will be clearly identified by the Book Running Lead Manager and made available as part of the records of the Book Running Lead Manager for inspection by SEBI.

12) Bids made by QIBs under both the Anchor Investor Portion and the QIB Portion will not be considered multiple Bids.

13) Anchor Investors are not permitted to Bid in the Issue through the ASBA process.

BIDS BY FPI INCLUDING FII'S:

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Issue, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In case of Bids made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Issue, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Bids made by SEBI-registered FIIs or sub-accounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason.

In terms of the SEBI FPI Regulations, the Issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10% and 24% of the total paid-up Equity Share capital of our Company, respectively.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may Issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for Non- Residents (blue in colour).

BIDS BY SEBI REGISTERED VCF'S, AIF'S AND FVCI'S:

The SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Failing this, the Company reserves the right to accept or reject any bid in whole or in part, in either case, without assigning any reason thereof.

BIDS BY BANKING COMPANY:

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid by a banking company without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "Banking Regulation Act"), and the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non- financial services or 10% of the banks' own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt / corporate debt restructuring / strategic debt restructuring, or to protect the banks' interest on loans / investments made to a company. The bank is required to submit a time bound action plan for disposal of such shares within a specified period to RBI. A banking company must obtain prior RBI approval to make: (i) investment in a subsidiary or in a financial services company that is not a subsidiary (subject to exemptions, including profitability, minimum capital, and prescribed holding limits under 10% individually and 20% cumulatively); and (ii) investment in a non-financial services company exceeding 10% of such investee's paid-up share capital, as specified under Clause 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016

BIDS BY SCSB'S:

SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making Bid cum Applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making Bid cum application in public Issues and clear demarcated funds should be available in such account for such Bid cum applications.

In accordance with existing regulations issued by the RBI, OCBs cannot participate in the Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or any state securities laws in the United States, and unless so registered may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, such Equity Shares are being offered and sold outside of the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The above information is given for the benefit of the Bidders. Our Company, the Promoter and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that any single Bid from them does not exceed the applicable investment limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus, or as will be specified in the Red Herring Prospectus/Prospectus

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the Book Running Lead Manager or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs. The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders shall specify the bank account number in their Bid Cum Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Bidders shall not be allowed to either withdraw nor lower the size of their applications at any stage. In the event of rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Payment into Escrow Account for Anchor Investors

All the investors other than Anchor Investors are required to bid through ASBA Mode. Anchor Investors are requested to note the following:

Our Company in consultation with the Book Running Lead Manager, in its absolute discretion, will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. For Anchor Investors, the payment instruments for payment into the Escrow Account should be drawn in favour of:

- In case of resident Anchor Investors: “[●]”
- In case of Non-Resident Anchor Investors: “[●]”

Bidders should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Escrow Collection Bank and the Registrar to the Issue to facilitate collections from the Anchor Investors.

For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and the in consultation with the Book Running Lead Manager and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the

Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the Red Herring Prospectus.

- e) In case if the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.
- f) Allocation to Anchor Investors shall be at the discretion of our Company and in consultation with the Book Running Lead Manager, subject to compliance with the SEBI Regulations.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹22.00 in the above example. The Issuer, in consultation with the Book Running Lead Manager, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹22.00. All Bids at or above this Issue Price are valid Bids and are considered for allocation in the respective categories.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the Draft Red Herring Prospectus. For details in relation to allocation, the Bidder may refer to the Red Herring Prospectus.
- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the Book Running Lead Manager and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the Issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Red Herring Prospectus.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Individual Investors, who applies for minimum application size, non-institutional investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to Draft Red Herring Prospectus. No Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue.

If the issuer does not receive the minimum subscription of ninety per cent. of the issue through offer document (except in case of an offer for sale of specified securities) on the date of closure of the Issue, or if the subscription level falls below ninety per cent. after the closure of Issue after technical rejections, or if the listing or trading permission is not obtained from the stock exchanges for the securities so issued under the offer document, the issuer shall forthwith refund the entire subscription amount received. If there is a delay beyond fifteen days after the issuer becomes liable to pay the amount, the issuer and every director of the issuer who are officers in default, shall pay interest at the rate of fifteen per cent. per annum.

BASIS OF ALLOTMENT

a. For Individual Bidders

Bids received from the Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Issue Price, full Allotment shall be made to the Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares of face value of ₹10/- each at or above the Issue Price, the Allotment shall be made by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares allocated. In the event of the Issue being over-subscribed, the Issuer may finalise the Basis of Allotment in consultation with the SME Platform of BSE Limited ("BSE SME") (The Designated Stock Exchange).

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price. The allotment of specified securities to each non-institutional investor shall not be less than the minimum application size in the non-institutional investor category, and the remaining shares, if any, shall be allotted on proportionate basis.

The Issue size less Allotment to QIBs and Individual Investors shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares of face value of ₹10/- each at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares of face value of ₹10/- each at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares of face value of ₹10/- each and in multiples of [●] Equity Shares of face value of ₹10/- each thereafter. The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a. The number of Equity Shares to be allocated to the successful Bidders in a particular category shall be determined.
- b. The successful Bidders, from amongst all valid Bidders in that category, shall be determined by a draw of lots, such that the total number of Equity Shares allotted in that category equals the number of Equity Shares allocated.
- c. If the proportionate allotment to any Bidder results in a number that is not a multiple of [●] Equity Shares of face value ₹10/- each, the number of Equity Shares allotted shall be rounded off to the nearest multiple of [●] Equity Shares of face value ₹10/- each, subject to a minimum allotment of [●] Equity Shares of face value ₹10/- each.

If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares of face value of ₹10/- each, results in the actual allotment being higher than the shares Issued, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Draft Red Herring Prospectus.

c. For QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI (ICDR) Regulations or Red Herring Prospectus / Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for [●] % of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●] % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●] % of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●] % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b) In the second instance Allotment to all QIBs shall be determined as follows:
 - In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares of face value of ₹10/- each and in multiples of [●] Equity Shares of face value of ₹10/- each thereafter for [●] % of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares of face value of ₹10/- each Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares of face value of ₹10/- each and in multiples of [●] Equity Shares of face value of ₹10/- each thereafter, along with other QIB Bidders.
 - Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares of face value of ₹10/- each.

d. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the Book Running Lead Manager, subject to compliance with the following requirements:
- i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
- ii) Out of the Anchor Investor Portion, 40% shall be reserved, of which (i) 33.33% shall be available for allocation to domestic Mutual Funds; and (ii) 6.67% shall be available for allocation to life insurance companies and pension funds, subject to valid Bids being received from domestic Mutual Funds, life insurance companies, and pension funds at or above the Anchor Investor Allocation Price.
- iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:
- a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
 - in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.
- b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the Book Running Lead Manager, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- c) In the event that the Issue Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Issue Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

- d) In the event the Issue Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

Individual Investor' means an investor who applies for minimum two lots -Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with BSE.

The Executive Director/ Managing Director of BSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Flow of Events from the closure of Bidding period (T DAY) Till Allotment:

- On T Day, RTA To validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulates the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The DSE, post verification approves the basis and generates drawl of lots wherever applicable, through a random number

generation software.

- The RTA uploads the drawl numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawl of lots provided by DSE is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these application s will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (“**DPIIT**”) makes policy announcements on FDI through press notes and press releases which are notified by the RBI as amendments to the FEMA. The DPIIT also issues the Consolidated Foreign Direct Investment Policy (“**FDI Policy**”) from time to time. The regulatory framework pertaining to foreign investment, over a period of time, thus, consists of acts, regulations, master circulars, press notes, press releases, and clarifications among other amendments.

India’s current FDI Policy issued by the DPIIT with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT till October 15, 2020. All the press notes, press releases, clarifications on FDI issued by DPIIT till October 15, 2020 stand rescinded as on October 15, 2020. In terms of the FDI Policy, Foreign investment is permitted (except in the prohibited sectors) in Indian companies either through the automatic route or the Government route, depending upon the sector in which foreign investment is sought to be made. In terms of the FDI Policy, the work of granting government approval for foreign investment under the FDI Policy and FEMA Regulations has now been entrusted to the concerned Administrative Ministries/Departments.

In accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the FDI Policy and the Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India.

Further, the existing individual and aggregate investment limits for an FPI in our Company are not exceeding 10% of the total paid-up Equity Share capital of our Company for each FPI and the total holdings of all FPIs in the Company shall not exceed 24% of the total paid-up Equity Share capital of our Company. The RBI, in exercise of its power under the FEMA, has also notified Foreign Exchange Management (Non-debt Instruments) Rules, 2019 (“**Rules**”) and Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. SEBI registered FPIs have been permitted to purchase shares of an Indian company through the Issue, subject to total FPI investment being within the individual FPI/sub account investment limit of less than 10% of the total paid-up equity capital on a fully diluted basis of the Company subject to the total holdings of all FPIs/sub accounts including any other direct and indirect foreign investments in the Company shall not exceed 24% of the paid-up equity capital of the Company on a fully diluted basis. The aggregate limit of 24% in case of FPIs may be increased up to the sectoral cap/statutory ceiling, as applicable, by the Company concerned by passing of resolution by the Board of the Company to that effect and by passing of a special resolution to that effect by its Shareholders. With effect from April 1, 2020, the aggregate limit of 24% has increased to the sectoral cap applicable to the Indian Company which in case of the Company is 100% provided that the Company complies with conditions provided under the FDI Policy. As per the Rules, the aggregate limit as provided above was permitted to be decreased by the Company to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors through a resolution and also of its shareholders by means of a special resolution, before March 31, 2020. The Company has passed no such Board Resolution and hence, has not revised its sectoral caps. Further, eligible NRIs and OCIs investing on repatriation basis are subject to individual investment limit of 5% of the total paid-up equity capital on a fully diluted basis subject to the aggregate paid-value of the shares purchased by all NRIs and OCIs put together on repatriation basis not exceeding 10% of the total paid-up equity capital on a fully diluted basis of the Company. The aggregate limit of 10% in case of NRIs and OCIs together may be raised to 24 % if a special resolution to that effect is passed by the shareholders of the Company.

The transfer of shares between an Indian resident and a Non-resident does not require prior approval of RBI, subject to fulfillment of certain conditions as specified by DPIIT / RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI. Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

As per the FDI Policy, FDI in companies engaged in manufacturing sector is permitted up to 100% of the paid-up share capital of such company under the automatic route.

For further details, see “***Issue Procedure***” on page 303. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Bid/Issue Period.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the Bids are not in violation of laws or regulations applicable to them.

SECTION VIII - MAIN PROVISIONS OF THE ARTICLES OF ASSOCIATION OF OUR COMPANY

Pursuant to Schedule I of the Companies Act, and the SEBI (ICDR) Regulations, the Main provisions of the Articles of Association relating to voting rights, dividend, lien, forfeiture, restrictions on transfer and Transmission of equity shares or debentures, their consolidation or splitting are as provided below. Each provision below is numbered as per the corresponding article number in the articles of association and defined terms herein have the meaning given to them in the Articles of Association.

The following regulations comprised in the Articles of Association were adopted pursuant to the member's special resolution passed at the Extra Ordinary General Meeting held on December 08, 2025. In substitution for, and to the entire exclusion of, the earlier regulation comprised in the extant Articles of Association of the Company.

INTERPRETATION

- I 1. In these regulations-
- "the Act" means the Companies Act, 2013,
 - "the seal" means the common seal of the company,
 - The Company means POOJAA PRECISION ENGG. LIMITED
2. Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

SHARE CAPITAL AND VARIATION OF RIGHTS

- II. 1 i. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
- ii. Subject to the provisions of the Act and the Rules, the Company may, from time to time, implement an Employee Stock Option Plan (ESOP) directors, officers or employees of a company or of its holding company or subsidiary company or companies, if any, which gives such directors, officers or employees, the benefit or right to purchase, or to subscribe for, the shares of the company at a future date at a pre-determined prices, as permitted by Companies Act, 2013 and other provisions of any law for time being in force.
2. i. Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, -
- one certificate for all his shares without payment of any charges; or
 - several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.
- ii. Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid - up thereon
- iii. In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
3. i. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.
- ii. The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.
4. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these

regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

5.
 - i. The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
 - ii. The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
 - iii. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
6.
 - i. If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
 - ii. To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari-passu therewith.
8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

LIEN

9.
 - i. The company shall have a first and paramount lien
 - a. on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
 - b. on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:
Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.
 - ii. The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
 - iii. That fully paid shares shall be free from all lien and that in the case of partly paid shares the Issuer's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.
10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien: Provided that no sale shall be made-
 - a. unless a sum in respect of which the lien exists is presently payable; or
 - b. until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
11.
 - i. To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof
 - ii. The purchaser shall be registered as the holder of the shares comprised in any such transfer.
 - iii. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12.
 - i. The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
 - ii. The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13.
 - i. The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

- ii. Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
 - iii. A call may be revoked or postponed at the discretion of the Board.
 - iv. That any amount paid up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits
14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.
15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
16.
 - i. If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine.
 - ii. The Board shall be at liberty to waive payment of any such interest wholly or in part.
17.
 - i. Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
 - ii. In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
18. The Board -
 - a. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him and
 - b. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19.
 - i. The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
 - ii. The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
 - iii. That a common form of transfer shall be used
20. The Board may, subject to the right of appeal conferred by section 58 decline to register—
 - a. the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

b. any transfer of shares on which the company has a lien.

21. The Board may decline to recognise any instrument of transfer unless—
- a. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
 - b. the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - c. the instrument of transfer is in respect of only one class of shares.

That registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Issuer on any account whatsoever

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine: Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. i. On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares
- ii. Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
- iii. That a common form of transmission shall be used
24. i. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-
- a. to be registered himself as holder of the share; or
 - b. to make such transfer of the share as the deceased or insolvent member could have made.
- ii. The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
25. i. If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- ii. If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- iii. All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

FORFEITURE OF SHARES

27. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
28. The notice aforesaid shall-
- a. name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - b. state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
30. i. A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- ii. At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
31. i. A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
- ii. The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
32. i. A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
- ii. The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- iii. The transferee shall thereupon be registered as the holder of the share; and
- iv. The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
33. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
35. Subject to the provisions of section 61, the company may, by ordinary resolution-
- a. consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - b. convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
 - c. sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum; and
 - d. cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
 - e. Permission for sub-division/ consolidation of share certificates
36. Where shares are converted into stock, —

a. the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

b. the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

c. such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.

37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law-
- a. it share capital;
 - b. any capital redemption reserve account; or
 - c. any share premium account.

CAPITALISATION OF PROFITS

38. i. The company in general meeting may, upon the recommendation of the Board, resolve-
- a. that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and
 - b. that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- ii. The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards-
- a. paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - b. paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - c. partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - d. A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - e. The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
39. i. Whenever such a resolution as aforesaid shall have been passed, the Board shall-
- a. make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and
 - b. generally do all acts and things required to give effect thereto.
- ii. The Board shall have power-
- a. to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - b. to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;
- iii. Any agreement made under such authority shall be effective and binding on such members

BUY-BACK OF SHARES

40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS

41. All general meetings other than annual general meeting shall be called extraordinary general meeting.
42. i. The Board may, whenever it thinks fit, call an extraordinary general meeting.
- ii. If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.
- iii. A general meeting of the company may be called by giving not less than clear twenty-one days' notice either in writing or through electronic mode in such manner as may be prescribed in the Act, provided that a general meeting may be called after giving shorter notice than that specified in the Act, if consent, in writing or by electronic mode, is accorded thereto as provided in the Act.

PROCEEDINGS AT GENERAL MEETINGS

43. i. No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
- ii. Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
44. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

ADJOURNMENT OF MEETING

47. i. The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
- ii. No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
- iii. When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
- iv. Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

48. Subject to any rights or restrictions for the time being attached to any class or classes of shares,
- a. on a show of hands, every member present in person shall have one vote;
- b. and on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
- c. That option or right to call of shares shall not be given to any person except with the sanction of the Issuer in general meetings
49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

50. i. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- ii. For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
52. Any business other than that upon which a poll has been demanded maybe proceeded with, pending the taking of the poll.
53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid
54. i. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- ii. Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105
57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

BOARD OF DIRECTORS

58. The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them. The following are the first Directors of the Company:
1. Jayshree Anil Kulkarni
 2. Shivajirao Apparao Kulkarni
59. i. The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
- ii. In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them-
- a. in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
 - b. in connection with the business of the company.
60. The Board may pay all expenses incurred in getting up and registering the company.
61. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.

62. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
63. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
64. i. Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
- ii. Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

PROCEEDINGS OF THE BOARD

65. i. The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- ii. A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
66. i. Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- ii. In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
67. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
68. i. The Board may elect a chairperson of its meetings and determine the period for which he is to hold office.
- ii. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
69. i. The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
- ii. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
70. i. A committee may elect a chairperson of its meetings.
- ii. If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
71. i. A committee may meet and adjourn as it thinks fit.
- ii. Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
72. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

73. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF FINANCIAL OFFICER

74. Subject to the provisions of the Act,
- i. A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
 - ii. A director may be appointed as chief executive officer, manager, company secretary or chief financial officer
75. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

THE SEAL

76. i. The Board shall provide for the safe custody of the seal.
ii. The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two Directors and of the secretary or such other person as the Board may appoint for the purpose; and those two Directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVE

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
79. i. The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.
ii. The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
80. i. Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
ii. No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
iii. All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly. That there shall be no forfeiture of unclaimed dividends before the claim becomes barred by law.
81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

82. i. Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- ii. Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
85. No dividend shall bear interest against the company.

ACCOUNTS

86. i. The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.
- ii. No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

WINDING UP

87. Subject to the provisions of Chapter XX of the Act and rules made thereunder-
- i. If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
- ii. For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
- iii. The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

INDEMNITY

88. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
